Sweeney Astray A Version From The Irish:

Sweeney Astray Seamus Heaney, 1984 Seamus Heaney's version of the medieval Irish work *Buile Suibne* Mad Sweeney undergoes a series of purgatorial adventures after he is cursed by a saint and turned into a bird at the Battle of Moira

Sweeney Astray, 1983 **Seamus Heaney and the Poetic(s) of Violence** Thomas George McGuire, 2004 This dissertation reconsiders the key importance of violence as an aesthetic political and cultural category in Seamus Heaney's poetry and translations The dissertation begins by asking how the relation between violence literature and nationalism might be understood in the Irish postcolonial context The author details how specific explosions of postcolonial violence as well as broader cultural manifestations and perceptions of violence have motivated and informed some of the key aesthetic developments and major projects in this poet's career By examining a wide range of representations from his oeuvre he details Heaney's deft negotiation of the related problems of violence and decolonization through a complex and compelling poetic of violence Specifically he examines Heaney's conception and development of the lyric as a field of force his employment of the pastoral as an anticolonial mode of resistance and his translations of canonical texts as acts of counterviolence carried out at the level of the vernacular and form Through close readings of Heaney's verse translations prose and journalism the author demonstrates how many of his writings can be profitably read as part of an ongoing attempt to intervene textually in a Northern Irish culture of violence He also argues that Heaney's often conflicted occasionally uneven and frequently brilliant attempts to outface violence through writing have necessitated a remarkable degree of experimentation and adaptation at the level of form language and genre By bringing into interactive and critical focus a study of poetics and postcolonial criticism the author attempts to demonstrate that a particular set of violent conditions and perceptions which are endemic to postcolonial situations have to a remarkable degree informed Heaney's highly innovative transformations of inherited cultural materials 3 figures 185 refs **A Book of Migrations** Rebecca Solnit, 1998 A brilliant meditation on travel *The New York Times* *Seamus Heaney's Mythmaking* Ian Hickey, Ellen Howley, 2023-04-28 Seamus Heaney's *Mythmaking* examines Seamus Heaney's poetic engagement with myth from his earliest work to the posthumous publication of *Aeneid* Book VI The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses They reveal how Heaney adopts a demiurgic role throughout his career creating a poetic universe that draws on diverse mythic cycles from Greco-Roman to Irish and Norse to Native American In doing so this collection is in dialogue with recent work on Heaney's engagement with myth However it is unique in its wide-ranging perspective extending beyond Ancient and Classical influences In its focus on Heaney's personal metamorphosis of several mythic cycles this collection reveals more fully the poet's unique approach to mythmaking from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry's boundary-crossing transitions Combining the work of established Heaney scholars with the perspectives of early career researchers this collection contains

a wealth of original scholarship that reveals Heaney's expansive mythic mind Mythmaking an act for which Heaney has faced severe criticism is reconsidered by all contributors prompting multifaceted and nuanced readings of the poet's work

Poetry, Publishing, and Visual Culture from Late

Modernism to the Twenty-first Century Natalie Pollard, 2020-05-27 This is a book about contemporary literary and artistic entanglements word and image media and materiality inscription and illustration It proposes a vulnerable fugitive mode of reading poetry which defies disciplinary categorisations embracing the open endedness and provisionality of forms This manifests itself interactively in the six case studies which have been chosen for their distinctness and diversity across the long twentieth century the book begins with the early twentieth century work of writer and artist Djuna Barnes exploring her re animation of sculptural and dramatic sources It then turns to the late modernist artist and poet David Jones considering his use of the graphic and plastic arts in *The Anathemata* and next to the underappreciated mid century poet F T Prince whose work uncannily re activates Michelangelo's poetry and sculpture The second half of the book explores the collaborations of the canonical poet Ted Hughes with the publisher and artist Leonard Baskin during the 1970s the innovative late twentieth century poetry of Denise Riley who uses page space and embodied sound as a form of address and finally the contemporary poet Paul Muldoon who has collaborated with photographers and artists as well as ventriloquising nonhuman phenomena The resulting unique study offers contemporary writers and readers a new understanding of literary artistic and nonhuman practices and shows the cultural importance of engaging with their messy co dependencies The book challenges critical methodologies that make a sharp division between the textual work and the extra literary and raises urgent questions about the status and autonomy of art and its social role

Inventing Ireland Declan Kiberd, 1996 The

result is a major literary history of modern Ireland combining detailed and daring interpretations of literary masterpieces with assessments of the wider role of language sport clothing politics and philosophy in the Irish revival

Ireland and the Americas Philip Coleman, James Byrne, Jason King, 2008-02-01 This work is a distinctive multidisciplinary encyclopedia covering the cultural political economic musical and literary impact that Ireland and the nations of the Americas have had on one another since the time of Brendan the Navigator Ireland and the Americas Culture Politics and History aims to broaden the traditional notion of Irish American beyond Boston New York and Chicago In addition to full coverage of Irish culture in

those settings it reveals the pervasive Irish influence in everything from the settling of the American West to the spread of Christianity throughout the hemisphere to Irish involvement in revolutionary movements from the American colonies to Mexico to South America In addition the encyclopedia shows the profound impact of Irish Americans on their homeland in everything from art and literature informed by the emigrant experience to efforts by Irish Americans to influence Irish politics Ranging from colonial times to the present and informed by the surge of academic interest in the past 30 years Ireland and the Americas is the definitive resource on the profound ties that bind the cultures of Ireland the United States Canada and Latin America **Seamus Heaney and Medieval Poetry** Conor McCarthy, 2008 Seamus Heaney's engagement with medieval literature constitutes a significant body of work by a major poet including a landmark translation of Beowulf This title examines both Heaney's direct translations and his adaptation of medieval material in his original poems

Evaluation and Translation Carol Maier, 2014-04-23 The definition of value or quality with respect to work in translation has historically been a particularly vexed issue Today however the growing demand for translations in such fields as technology and business and the increased scrutiny of translators work by scholars in many disciplines is giving rise to a need for more nuanced more specialized and more explicit methods of determining value Some refer to this determination as evaluation others use the term assessment Either way the question is one of measurement and judgement which are always unavoidably subjective and frequently rest on criteria that are not overtly expressed This means that devising more complex evaluative practices involves not only quantitative techniques but also an exploration of the attitudes preferences or individual values on which criteria are established Intended as an interrogation and a critique that can serve to prompt a more thorough and open consideration of evaluative criteria this special issue of The Translator offers examinations of diverse evaluative practices and contains both empirical and hermeneutic work Topics addressed include the evaluation of student translations using more up to date and positive methods such as those employed in corpus studies the translation of non standard language translation into the second language terminology the application of theoretical criteria to practice a social textual perspective and the reviewing of literary translations in the press In addition reviews by a number of literary translators discuss specific translations both into and out of English **Seamus Heaney and the End of Catholic Ireland**

Kieran Quinlan, 2020-04-24 Seamus Heaney the End of Catholic Ireland takes off from the poet's growing awareness in the new millennium of something far more important in my mental formation than cultural nationalism or the British presence or any of that stuff namely my early religious education It then pursues an examination of the full trajectory of Heaney's religious beliefs as represented in his poetry prose and interviews with a briefer account of the interactive religious histories of the Irish and international contexts in which he lived Thus in the 1940s and 50s Heaney was inducted into the narrow punitive but also enabling Catholicism of the era In the early 1960s he was witness to the lively religious debates from the Anglican Bishop of Woolwich's Honest to God to the seismic disruptions of Vatican II When the conflict in Northern Ireland

between Catholics and Protestants broke out Heaney was forced to dig deep for an imaginative understanding of its religious roots From the 1980s on Heaney more and more proclaimed his own religious loss while also recognizing the institution's residual value in an Irish society of rising prosperity weariness with the atrocities of a partly religion inspired IRA and beset by the scandals of sex abuse among the clergy Kieran Quinlan sees Heaney as an exemplar of this period of major change in Ireland as he engaged the religious issue not only in major writers such as James Joyce W B Yeats T S Eliot Wallace Stevens Philip Larkin and Czeslaw Mi osz but also in a diverse array of less familiar commentators lay and clerical creative and academic believers and unbelievers Irish and international Breaking new ground by expanding the scope of Heaney's religious preoccupations and writing in an accessible reflective and sometimes provocative manner Quinlan's study places Heaney in his universe and that universe in turn in its wider intellectual setting Critical Survey of Poetry Philip K. Jason,2003 Presents alphabetized profiles of nearly seven hundred significant poets from around the world providing biographies primary and secondary bibliographies and analysis of their works **Selected Poems 1988-2013** Seamus Heaney,2014-11-18 A new edition of the later selected work of a Nobel Prize winning poet Often considered to be the greatest poet of our age The Guardian Seamus Heaney was awarded the Nobel Prize in Literature in 1995 for works of lyrical beauty and ethical depth which exalt everyday miracles and the living past He saw poetry as a vocation and credited it with the power to persuade the vulnerable part of our consciousness of its rightness in spite of the evidence of wrongness all around it the power to remind us that we are hunters and gatherers of values Paul Muldoon wrote that Heaney was the only poet I can think of who was recognized worldwide as having moral as well as literary authority Shortly before his death in 2013 Seamus Heaney began to compile **Selected Poems 1988-2013** and although he was unable to complete the project his choices have been followed here This volume encapsulates the finest work from *Seeing Things* 1991 with its lines of loss and revelation *The Spirit Level* 1996 where we experience the poem as ploughshare that turns time Up and over the landmark translation of *Beowulf* 1999 *Electric Light* 2001 a book of origins and oracles and his final collections *District and Circle* 2006 and *Human Chain* 2010 which limn the interconnectedness of being our lifelines to our inherited past Contemporary Irish Writing and Environmentalism Donna L. Potts,2018-09-19 This book examines how the Irish environmental movement which began gaining momentum in the 1970s has influenced and been addressed by contemporary Irish writers artists and musicians It examines Irish environmental writing music and art within their cultural contexts considers how postcolonial ecocriticism might usefully be applied to Ireland and analyzes the rhetoric of Irish environmental protests It places the Irish environmental movement within the broader contexts of Irish national and postcolonial discourses focusing on the following protests the M3 Motorway the Burren campaign the Carnsore Point anti nuclear protest Shell to Sea the turf debate and the animal rights movement **Engines of Eloquence** Sandy Cunningham,2019-03-29 Are we not here now continued the corporal and are we not dropping his hat plumb upon the ground and pausing before he pronounced the word gone in a

moment The descent of the hat was as if a heavy lump of clay had been kneaded into the crown of it Nothing could have expressed the sentiment of mortality of which it was the type and forerunner like it his hand seemed to vanish from under it it fell dead Ye who govern this mighty world and its mighty concerns with the engines of eloquence meditate I beseech you upon Trim s hat The subject of this book grew naturally over many years from Sandy s academic work especially that on Pope Swift and Johnson and some versions of it have appeared in essay form or as chapters in earlier publications The Cure of Poetry in an Age of Prose Mary Kinzie,1993-07-15 The role of the poet Mary Kinzie writes is to engage the most profound subjects with the utmost in expressive clarity The role of the critic is to follow the poet word for word into the arena where the creative struggle occurs How this mutual purpose is served ideally and practically is the subject of this bracingly polemical collection of essays A distinguished poet and critic Kinzie assesses poetry s situation during the past twenty five years Ours she contends is literally a prosaic age not only in the popularity of prose genres but in the resultant compromises with truth and elegance in literature In essays on the rhapsodic fallacy confessionalism and the romance of perceptual response Kinzie diagnoses some of the trends that diminish the poet s flexibility Conversely she also considers individual poets Randall Jarrell Elizabeth Bishop Howard Nemerov Seamus Heaney and John Ashbery who have found ingenious ways of averting the risks of prosaism and preserving the special character of poetry Focusing on poet Louise Bogan and novelist J M Coetzee Kinzie identifies a crucial and curative overlap between the practices of great prose writing and great poetry In conclusion she suggests a new approach for teaching writers of poetry and fiction Forcefully argued these essays will be widely read and debated among critics and poets alike **Modern Poetry and Ethnography** S. Heuston,2011-12-05 This study maps a new approach to the works of W B Yeats Robert Frost Robert Penn Warren and Seamus Heaney Sean Heuston combines interdisciplinary analysis specifically ethnography with close reading and in so doing argues provocatively for the intersection of modern poetry studies and contemporary ethnographic theory **An Gael** ,1983 *The Oxford Companion to Twentieth-century Literature in English* Jenny Stringer,1996 Survey of twentieth century English language writers and writing from around the world celebrating all major genres with entries on literary movements periodicals more than 400 individual works and articles on approximately 2 400 authors
