12 Gates to the City Cedric C. Adams, 2011-09-28 **Planning the Twentieth-century American City** Mary Corbin Sies, Christopher Silver, 1996 Arguing that planning in practice is far more complicated than historians usually depict the authors examine closely the everyday social political economic ideological bureaucratic and environmental contexts in which planning has occurred In so doing they redefine the nature of planning practice expanding the range of actors and actions that we understand to have shaped urban development **The City at Its Limits** Daniella Gandolfo, 2009-08-01 In 1996 against the backdrop of Alberto Fujimori's increasingly corrupt national politics an older woman in Lima Peru part of a group of women street sweepers protesting the privatization of the city's cleaning services stripped to the waist in full view of the crowd that surrounded her Lima had just launched a campaign to revitalize its historic districts and this shockingly transgressive act was just one of a series of events that challenged the norms of order cleanliness and beauty that the renewal effort promoted The City at Its Limits employs a novel and fluid interweaving of essays and field diary entries as Daniella Gandolfo analyzes the ramifications of this act within the city's conflicted history and across its class divisions She builds on the work of Georges Bataille to explore the relation between taboo and transgression while Peruvian novelist and anthropologist Jos Mar a Arguedas's writings inspire her to reflect on her return to her native city in movingly intimate detail With its multiple perspectives personal sociological historical and theoretical The City at Its Limits is a pioneering work on the cutting edge of ethnography **The City of Rocks** Don Travis, 2017-07-18 A BJ Vinson Mystery Confidential investigator BJ Vinson thinks it's a bad joke when Del Dahlman asks him to look into the theft of a duck a duck named Quacky Quack the Second and insured for 250 000 It ceases to be funny when the young thief dies in a suspicious truck wreck The search leads BJ and his lover Paul Barton to the sprawling Lazy M Ranch in the Bootheel country of southwestern New Mexico bordering the Mexican state of Chihuahua A deadly game unfolds when BJ and Paul are trapped in a weird rock formation known as the City of Rocks an eerie array of frozen magma that is somehow at the center of the entire scheme But does the theft of Quacky involve a quarter million dollar duck racing bet between the ranch's owner and a Miami real estate developer or someone attempting to force the sale of the Lazy M because of its proximity to an unfenced portion of the Mexican border BJ and Paul go from the City of Rocks to the neon lights of Miami and back again in pursuit of the answer death and danger tracking their every step Handbook on Cities and Crime Dietrich Oberwittler, Rebecca Wickes, 2025-04-09 With insightful contributions from eminent scholars in the field this multidisciplinary Handbook provides an authoritative overview of scholarship on cities and crime It discusses contemporary theoretical and methodological approaches to urban crime research as well as its practical implications and psychological impacts Hell in the Streets of Husaybah David E. Kelly, 2022-02-01 First person

accounts chronicling the 37 Marines engaging in intense street by street fighting to put down an uprising in Iraq in April 2004. During the April 2004 fights throughout Iraq, most media attention was focused on the city of Fallujah. However, at the same time, out on the border with Syria, in and around the city of Husaybah, fighting was equally intense. This book tells the story of that period through many first person accounts of intense fighting in the town of Husaybah, Iraq, during it. It is based on interviews with Marines at all levels of the fight, from battalion commander Lieutenant Colonel Matt Lopez, USMC, to infantrymen and squad leaders. When the Lima Company commander, Captain Richard Gannon, Call sign Lima 6, was killed on entry to an enemy held building, the company's executive officer, Lieutenant Dominique Neal, Lima 5, informed his Marines that he had assumed command with the radio message, "Lima 5 is now Lima 6." It also details the heroic actions of Corporal Jason Dunham, who saved the Marines around him by covering an enemy grenade with his body. Praise for Hell in the Streets of Husaybah: The young riflemen do not sound like college professors, and the officers occasionally seem to be weighing their words. The overall effect is mesmerizing, as the reader is transported onto the battlefield, firefight by firefight, and even granted a glimpse or two into how individual Marines felt about what was happening. *The Journal of America's Military Past*.

The Heroic City Rosemary Wakeman, 2009-12-15. *The Heroic City* is a sparkling account of the fate of Paris's public spaces in the years following Nazi occupation and joyful liberation. Countering the traditional narrative that Paris's public landscape became sterile and dehumanized in the 1940s and 50s, Rosemary Wakeman instead finds that the city's streets overflowed with ritual drama and spectacle. With frequent strikes and protests, young people and students on parade, North Africans arriving in the capital of the French empire, and radio and television shows broadcast live from the streets, Paris continued to be vital terrain. Wakeman analyzes the public life of the city from a variety of perspectives. A reemergence of traditional customs led to the return of festivals, street dances, and fun fairs, while violent protests and political marches, the housing crisis, and the struggle over decolonization signaled the political realities of postwar France. The work of urban planners and architects, the output of filmmakers and intellectuals, and the day-to-day experiences of residents from all walks of life come together in this vibrant portrait of a flamboyant and transformative moment in the life of the City of Light.

City on the Verge Mark Pendergrast, 2017-05-16. What we can learn from Atlanta's struggle to reinvent itself in the 21st Century. Atlanta is on the verge of tremendous rebirth or inexorable decline. A kind of Petri dish for cities struggling to reinvent themselves, Atlanta has the highest income inequality in the country, gridlocked highways, suburban sprawl, and a history of racial injustice. Yet it is also an energetic, brash young city that prides itself on pragmatic solutions. Today, the most promising catalyst for the city's rebirth is the BeltLine, which the *New York Times* described as a staggeringly ambitious engine of urban revitalization. A long-term project that is cutting through forty-five neighborhoods, ranging from affluent to impoverished, the BeltLine will complete a twenty-two mile loop encircling downtown, transforming a massive ring of mostly defunct railways into a series of stunning parks connected by trails and streetcars. Acclaimed author Mark Pendergrast

presents a deeply researched multi faceted up to the minute history of the biggest city in America s Southeast using the BeltLine saga to explore issues of race education public health transportation business philanthropy urban planning religion politics and community An inspiring narrative of ordinary Americans taking charge of their local communities City of the Verge provides a model for how cities across the country can reinvent themselves *Gilboa* Alexander R.
