Sweet Clover (Esprios Classics) Clara Louise Burnham,2023-12-12 Clara Louise Burnham ne Root May 25 1854 June 20 1927 was an American novelist After the success of *No Gentlemen* 1881 other books followed including *A Sane Lunatic* 1882 *Dearly Bought* 1884 *Next Door* 1886 *Young Maids and Old* 1888 *The Mistress of Beech Knoll* 1890 and *Miss Bagg s Secretary* 1892 The daughter of George Frederick Root she wrote the text for several his most successful cantatas The 1923 film *A Chapter in Her Life* is based on Burnham s 1903 novel *Jewel A Chapter in Her Life* Born in Massachusetts she died at the family home in Maine in 1927 [Chicago's White City of 1893](#) David F. Burg,2021-10-21 In 1893 the year that marked the four hundredth anniversary of the landing of Columbus in the New World Chicago was host to an exposition to mark the occasion Although the World s Columbian Exposition was the fifteenth world s fair it was of vastly greater scope than any of its predecessors Chicago created a veritable new city It was not only larger than any previous exposition but also more elaborately designed more precisely laid out more fully realized and more prophetic It was the first exposition truly to solicit the participation of the entire world In this study of the White City David F Burg shows America at a crossroads in its development It was in the process of moving from a largely agricultural society to a predominately urban and industrial one The exposition was an index of American values achievements and expectation in this era of profound and complex change The exposition was an achievement of cooperative endeavor and expertise It demonstrated that both artistic capacity and technology were available to transform in agreeable combination burgeoning industrial cities into well designed centers of business culture and community Burg places his discussion in the context of the United States and Chicago during the early 1890s Besides dealing with the multifaceted fair itself its architecture artworks music technological achievements he discusses the congresses that were held on a variety of subjects two of the most significant being the Congresses of Women

and the World's Parliament of Religions In the exposition's theme was the potential of fashioning the Kingdom of God on earth in contrast to the chaotic dirty industrial cities of the time Burg finds in the exposition a significant legacy to architecture city planning and civic organization Its most promising aftereffect occurred in the City Beautiful movement its influence extended also to such ordinary concerns as well lighted streets efficient waste disposal and honest government

The Atlantic Monthly ,1895 **Chicago** Frederik Byrn Køhlert,2021-09-23 Chicago occupies a central position in both the geography and literary history of the United States From its founding in 1833 through to its modern incarnation the city has served as both a thoroughfare for the nation's goods and a crossroads for its cultural energies The idea of Chicago as a crossroads of modern America is what guides this literary history which traces how writers have responded to a rapidly changing urban environment and labored to make sense of its place in and implications for the larger whole In writing that engages with the world's first skyscrapers and elevated railroads extreme economic and racial inequality a growing middle class ethnic and multiethnic neighborhoods the Great Migration of African Americans and the city's contemporary incarnation as a cosmopolitan urban center Chicago has been home to a diverse literature that has both captured and guided the themes of modern America **Literary Chicago** Greg Holden,2001 A collection of anecdotes and excerpts collected from Chicago's rich literary legacy with profiles of the neighborhoods featured in key works and those that inspired some of the city's authors

If Beale Street Could Talk Robert Cantwell,2010-10-01 Demonstrating the intimate connections among our public political and personal lives these essays by Robert Cantwell explore the vernacular culture of everyday life A keen and innovative observer of American culture Cantwell casts a broad and penetrating intelligence over the cultural functioning of popular texts artifacts and performers examining how cultural practices become performances and how performances become artifacts endowed with new meaning through the transformative acts of imagination Cantwell's points of departure range from the visual and the literary a photograph of Woody Guthrie or a poem by John Keats to major cultural exhibitions such as the World's Columbian Exposition In all these domains he unravels the implications for community and cultural life of a continual migration transformation and reformulation of cultural content Toys in the Age of Wonder

Mark Rich,2020-09-23 By the middle 1800s toys were appearing in forms that drew upon and that inspired advances in areas such as optics biology geography transportation and automation In these decades too a new type of wonder tale was being brought to maturity by a Poe inspired Jules Verne The modern wonder tale's highly charged vision expressed the hopes and the fears and the delights and the traumas engendered by new worlds idealism that Western pursuit of both mechanical and geographical conquest Exploring realms belonging to childhood literature science and history this innovative study weaves together the histories of wonder tales and children's toys focusing specifically on their modern aspects and how they reflect and express the social attitudes of that time period beginning around 1859 and ending around 1957 **Finding the Plot** Loïc Artiago,Diana Holmes,David Platten,2014-08-11 Plot writes Peter Brooks is so basic to our very experience of reading

and indeed to our articulation of experience in general that criticism has often passed it over in silence

Reading for the Plot xi Finding the Plot both explores and helps to redress this critical neglect The book brings together an international group of scholars to address the nature effects and specific pleasures of consuming stories If the central focus is on France and popular literary fiction the book's scope like contemporary fiction itself observes no national frontiers and extends across a variety of media The book addresses both the empirical question of which genres and types of text have been and are most popular and the theoretical questions of how plots work what pleasures they offer to readers and why it matters that the plot should not be lost

The Buddha in the Machine R. John Williams, 2014-06-24 The writers and artists described in this book are joined by a desire to embrace Eastern aesthetics as a means of redeeming Western technoculture The assumption they all share is that at the core of modern Western culture there lies an originary and all encompassing philosophical error and that Asian art offers a way out of that awful matrix That desire this book attempts to demonstrate has informed Anglo and even Asian American debates about technology and art since the late nineteenth century and continues to skew our responses to our own technocultural environment

New-Church Messenger ,1894 *Bulletin of the Public Library of the City of Boston* Boston Public Library, 1895 **Bulletin of the Public Library of the City of Boston** Boston Public Library, 2021-10-28 Reprint of the original first published in 1895
