Teetgen,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1907 edition Excerpt The Empress Pulcheria INTRODUCTION THE AUGUSTA PULCHERIA It has been the fashion of late years to rescue the minor characters of history from the natural perspective of their times and to write of them with disproportionate emphasis Lest it should be thought that the present book is another effort of this kind it is desirable to introduce the subject of it as befits her imperial rank The fact that oblivion has fallen upon one character rather than upon another in any given epoch does not necessarily settle the question of importance St Pulcheria is forgotten in comparison with many personalities of her day but as virtual Empress of the East Roman world from A D 414 to A D 453 she can scarcely be called a minor character She was the eldest sister of the Emperor Theodosius II Regent during his minority first among his counsellors during his entire reign and Empress in her own right on his death she should occupy some niche in the temple of history She was unanimously proclaimed Empress of the East in the year 450 and the Romans for the first time submitted to a female reign A record of the life of the Augusta should be doubly interesting since in virtue of her supreme position it brings us into contact with all the great men and events of a day singularly rich in historical import It would be impossible to appreciate her either as saint or sovereign without a knowledge of the times in which she lived and her biography necessarily becomes a chapter in the history of the East Roman Empire It touches life in the fifth century at every point Queen as well as nun St Pulcheria not only had the world to conquer but to rule As final arbitress of the destinies of half the Empire and of the fortunes of the **The Life and Times of the Empress Pulcheria, A. which may be held to detract from their worth The writer dares not claim for her book any value save that arising from the freshness of her subject In the whole range of literature dealing with the later Roman Empire there is no history of the Augusta Pulcheria apart from such incidental attention as she receives at the hands of modern historians and apart from brief notices in the old Chronicles and in fragments of lost works The period in which she lived has however been much studied and in attempting to arrange an historical background whereby to throw into relief this shadowy Empress the writer has been content to draw upon the common obvious and well accredited sources of information It is because the pretensions of the book are modest that its pages are not strewn with references and other evidences of original research It has in these respects been built upon the labours of historians like Tillemont Finlay Hefele and others The object of the work has been not to contribute anything fresh to history but to rescue the personality of Saint Pulcheria About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
