Social Cohesion And Conflict Prevention In Asia Managing Diversity Through Development:

Social Cohesion and Conflict Prevention in Asia Nat J. Colletta, Teck Ghee Lim, Anita Kelles-Viitanen, 2001-01-01 This book is based on discussions from the Asian Regional Consultation on Social Cohesion and Conflict Management that was sponsored by the World Bank and the Asian Development Bank Participants speaking in their personal capacity included representatives from government civil society and donor organisations The papers included in this volume cite a multiplicity of traditional obstacles to social cohesion and integration in the region ranging from xenophobic nationalism to poverty socioeconomic disparities gender inequality and ethnic religious and cultural discrimination *Social Cohesion and Conflict Prevention in Asia* Nat J. Colletta, 1999 **Long-Term Conflict Prevention and Industrial Development** Ralf

Bredel, 2003 After decades of striving to prevent international conflict major armed conflicts in the 1990s have taken place within national boundaries After the series of national independence wars in the 1950s and 1960s and frequent geopolitical wars in the 1970s and 1980s a category of wars of the third kind prevailed The aim of this book is to consider the root causes of recent internal conflicts and to develop long term conflict prevention strategies from here New insights suggest the central role of politico economic inequalities in ethnic religious and cultural conflict The United Nations system has just started to adjust to this new reality of conflict and make long term conflict prevention a priority issue on international agendas Whereas development practitioners should principally conceive their work through a conflict prevention lens there is a shift in focus to United Nations agencies that deal with the economic characteristics of conflict The unbroken significance of a sustainable industrial development process in developing countries may allow the United Nations Industrial Development Organization UNIDO a particular vantage point and role in the long term prevention of conflict

Transforming the Developmental Welfare State in East Asia H. Kwon, 2016-04-19 Since the economic crisis of 1997 there have been significant social policy reforms in East Asia Using the concept of the developmental welfare state this book seeks to answer whether the welfare reforms in East Asia have extended social rights while maintaining its developmental credentials Transforming the Developmental Welfare State in East Asia explains the way in which the shift in economic strategy has influenced social policy reform in East Asia It also analyzes the political dynamics of social policy in which economic imperatives for social reform were transformed into social policy reform *Social Cohesion in Asia* Aurel Croissant, Peter Walkenhorst, 2019-11-25 This book explores the historical origins contemporary dynamics and future challenges of social cohesion in South Southeast and East Asia one of the most dynamic and at the same time heterogeneous regions in the world in terms of economic political and human development The comparative case studies in this volume develop a better understanding of social cohesion in Asia by exploring how social cohesion is understood analyzed and sometimes politically instrumentalised Examining different dimensions and qualities of social cohesion and how they are linked together it also discusses the challenges of social cohesion in individual societies The case studies include examples

from Bangladesh India Sri Lanka Indonesia Myanmar Singapore South Korea and Mainland China and building on the conceptual work and empirical findings of the Asian Social Cohesion Radar this book provides detailed cross country analyses over the past 15 years Combining rigorous conceptual and theoretical reasoning with a systematic empirical analysis of trends across the region Social Cohesion in Asia will be of great interest to students and scholars of Asian politics international relations political sociology comparative politics and Democratization Studies

The Role of Public Administration in Building a Harmonious Society Network of Asia-Pacific Schools and Institutes of Public Administration and Governance. Annual Conference, Asian Development Bank, 2006 This volume brings together a collection of papers presented at the annual conference of the Network of Asia Pacific Schools and Institutes of Public Administration and Governance NAPSIPAG The publication reflects the diversity of grounded voices to be found in the region While the approaches are different a distinguishing feature is the depth of local knowledge they exhibit and the manner in which innovation from within the Asia and Pacific region is highlighted

Social Cohesion in Greater China Ka-Ho Mok, Yeun-wen Ku, 2010 This book critically examines the issues and challenges of social development faced by societies in Mainland China Taiwan and Hong Kong with particular reference to the major strategies these societies adopt to promote social cohesion and civil harmony in the context of globalization It focuses on people who have been socially marginalized by the Asian financial crisis in 1997 and examines the measures Greater China has adopted to balance economic growth with social development The book will be of interest to readers who wish to know more about societies in Mainland China and the effects of globalization

International Approaches to Governing Ethnic Diversity Jane Boulden, Will Kymlicka, 2015-02-12 One of the most remarkable features of the post Cold War period has been the upsurge of international involvement in questions of ethnic diversity From the United Nations and the European Court of Human Rights to diverse international philanthropic and advocacy organizations a wide range of international actors have adopted policies and principles for addressing questions of ethnic rights identity and conflict International Approaches to Governing Ethnic Diversity explores whether and how these international actors contribute to the peaceful and democratic governance of ethnic diversity It focuses on two broad areas of international work the evolution

of international legal norms regarding the rights of minorities and indigenous peoples and international approaches to conflict and post conflict development The book charts new territory by mapping the range of international actors who affect the governance of ethnic diversity and exploring their often contradictory roles and impacts Most international actors come to questions of ethnic diversity indirectly and reluctantly on the basis of widely varying mandates many of which were established to fulfill other objectives They naturally therefore have different priorities and perspectives And yet the book identifies a striking convergence amongst international actors around discourses of diversity and equality demonstrating the existence of an epistemic community where actors work within common vocabularies discourses and principles that attempt to link human rights pluralism development and peace

What Holds Asian Societies Together? Bertelsmann

Stiftung,2017-12-11 Social cohesion has become an important public goal in many countries across the globe not only in the Western hemisphere but also in Asia Despite the growing political and academic interest in the concept there is no generally accepted definition of social cohesion As a result empirical insights are lacking Against this backdrop the Bertelsmann Stiftung has initiated the Social Cohesion Radar which now for the first time presents empirical findings on South Southeast and East Asia The study provides an analysis and review of social cohesion in 22 Asian countries in a comparative perspective It presents a valid and reliable measurement of current and past levels of social cohesion and explores its most important determinants and outcomes As an extension of the Social Cohesion Radar series the study will be of interest and value to policy makers academics think tanks and civil society organizations

Local Conflict in Indonesia Patrick Barron,Kai

Kaiser,Menno Pradhan,2004 local conflict and unemployment inequality natural disasters changes in sources of incomes and clustering of ethnic groups within villages The institutional variables indicate that the presence of places of worship is associated with less conflict while the presence of religious groups and traditional culture adat institutions are associated with conflict The authors conclude by suggesting future areas of research notably on the role of group inequality and inference and suggest ways to improve the measurement of conflict in the village census This paper a product of the Public Sector Governance Division Poverty Reduction and Economic Management Network is part of a larger effort in the network to evaluate decentralized local governance and service delivery World Bank web site

Kyrgyzstan beyond "Democracy

Island" and "Failing State" Johan Engvall,Marlene Laruelle,2015-12-03 Kyrgyzstan is probably the best known of any central Asian country the one that has elicited the most academic publications reports by NGOs or advocacy groups and op eds in the media The country opened up massively to Western influence through development aid for civil society and for economic reforms faced two revolutions in 2005 and 2010 and experienced bloody interethnic conflict in 2010 Kyrgyzstan is therefore commonly studied as a twin case that of having been for more than two decades both an island of democracy in Central Asia and the only country of the region to have made the transition to a parliamentary regime and the archetypical example of a failing state one marked by endemic corruption criminalization of the state apparatus and collapse of public services This

volume goes beyond these two clichés and provides a research based and unideological narrative on the country. It identifies political dynamics, their powerbrokers and the role of international organizations, investigates the profound social transformations of both the rural and the urban worlds and examines the broad feeling by local actors that Kyrgyzstan's fragile state identity should be consolidated. This book gives the floor to the new generation of scholars whose long term vernacular language field research made it possible to provide new interpretative prisms for the complex evolution of Kyrgyzstan.

Building Sustainability in East Asia Vincent S. Cheng, Jimmy C. Tong, 2017-05-30. Building Sustainability in East Asia Policy Design and People illustrates the holistic approaches and individual strategies to building sustainability that have been implemented in construction projects in Asia. Top down and bottom up approaches from formulating policy to constructing individual buildings are effective in terms of the sustainable development of cities and this book covers both illustrated with a range of case study developments.

Comparative Politics of Southeast Asia Aurel Croissant, 2022-09-01. This textbook provides a comprehensive introduction to the political systems of all ASEAN countries and Timor Leste from a comparative perspective. It investigates the political institutions, actors and processes in eleven states covering democracies as well as autocratic regimes. Each country study includes an analysis of the current system of governance, the party and electoral system and an assessment of the state, its legal system and administrative bodies. Students of political science and area studies also learn about processes of democratic transition and autocratic resilience as well as how civil society and the media influence the political culture in each country. This second edition features revised and updated versions of all country studies and a new chapter that discusses the trends of democratization and autocratization in Southeast Asia in the late 20th and early 21st centuries.

A Guide to the World Bank World Bank, 2007-06-27. The World Bank Group is a vital source of financial and technical assistance to developing countries around the world. Its focus is on helping the poorest people in the poorest countries by using its financial resources, staff and extensive experience to aid countries in reducing poverty, increasing economic growth and improving quality of life. In partnership with more than 100 developing countries, the Bank Group is striving to improve health and education, fight corruption, boost agricultural support, build roads and ports and protect the environment. Other projects are aimed at rebuilding war torn countries or regions, providing basic services such as access to clean water and encouraging investments that create jobs. In addition to this critical groundwork around the world, various parts of the World Bank Group are involved in activities ranging from conducting economic research and analysis to providing financial and advisory services to governments and private enterprises. This completely revised and updated second edition provides an accessible and straightforward overview of the World Bank Group's history, organization, mission and purpose. Additionally, for those wishing to delve further into subjects of particular interest, the book guides readers to sources containing more detailed information, including annual reports, Web sites, publications and e-mail addresses for various departments.
