Stirred Not Shaken Themes For An Emerging Generation:

The Hyphenateds Phil Snider, 2011-12-12 Though the emergent church was once viewed as a fringe movement with little to offer established congregations it is now seen as one of the central driving forces shaping the future of postmodern Christianity in North America As an increasing number of mainline communities wonder how the emergent church influences their own structures and practices this book brings together the perspectives of several of the most prominent Hyphenated Christians i e those with one foot in the emergent conversation and the other foot in the mainline church Presbymergents Anglimergents Luthermergents Methomergents etc With a passion for both mainline traditions and the emergent conversation Hyphenateds offer a vibrant and contagious vision of the ways in which the church might undergo the transformation necessary to faithfully embody the love of Christ in the midst of an ever changing postmodern world The contributors of this book offer wisdom from a variety of contexts and The Hypenateds reflects the changing dynamics currently taking place in the emergent conversation Stirred, Not Shaken Mark R. Feldmeir, 2005 Mark Feldmeir himself a GenXer argues for four hermeneutical themes that preachers would do well to explore with clarity and intention as they prepare sermons for congregants who are younger than forty ambiguity suffering transformation and reconciliation Feldmeir explores each theme both culturally and biblically offering glimpses of how these themes are expressed through music art film literature and pop culture He exegetes the cultures of GenXers and Millennials to discover the points of intersection betweeen their stories and stories of Jesus BOOK JACKET Title Summary field provided by Blackwell North America Inc All New York Magazine, 1995-12-18 New York magazine Rights Reserved American Book Publishing Record ,2003 was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea John Barry: A Sixties Theme Eddi Fiegel, 2012-11-29 Arguably the most important popular British composer of the 20th century John Barry 1933 2011 enjoyed a career that spanned over fifty years in which time he won five Academy Awards for pictures including Born Free Out of Africa and Dances with Wolves His reputation was further gilded by his soundtracks for a dozen James Bond films between 1962 and 1987 Barry's career reflects the evolution of post war British music from big band to rock and roll and the birth of pop In the cultural foment of Swinging Sixties London he became an iconic figure and an inspiration to countless musicians Written with Barry's cooperation and including insights from close friends Eddi Fiegel's John Barry A Sixties Theme celebrates a life of stunning creativity recreates an unforgettable era in British culture and reveals how John Barry came to write his music and why New York Magazine, 1994-08-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country

With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating Modern Irish Poetry: A New Alhambra Frank Sewell, 2001-01-25 Recently chapters New York as both a place and an idea on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Se n Riord in to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet M irt n Dire in In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Dire in This switch back in time geography social mores or outlook fits and illustrates Sewell's concept of the zig zag movement of a country's culture as it proceeds from generation to generation. The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala N Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language Zionism and the Creation of a New Society the late Ben Halpern, Jehuda Reinharz, 1998-06-11 Israel is a modern state whose institutions were clearly shaped by an ideological movement The declaration of independence in 1948 was an immediate expression of the fundamental Zionist idea it gave effect to a plan advocated by organized Zionists since the 1880s for solving the Jewish Problem Thus major Israeli political institutions such as the party structure embody principles and practices that were followed in the World Zionist Organization In this respect Israel is similar to other new states whose political institutions directly derive from the nationalist movements that won their independence History and social structure are inseparably joined the contemporary social problems of the new state are clearly rooted in its history while the shape of its future is being decided by the very policies through which it is trying to solve these problems At the same time there are many unique aspects to the birth of Israel The problem to be solved by acquiring sovereignty in Israel and establishing a free Jewish society there was the problem of a people living in exile The first stage therefore was to return to the people a homeland to which they were intimately attached not only in their dreams but in the minute details of their ways of life This important book studies the birth of the State of Israel and analyzes the elaborately articulated and variegated ideological principles of the Zionist movement that led to that birth It examines conflicting pre state ideals and the social structure that emerged in Palestine's Jewish community during the Mandate period

In particular Zionism and the Creation of a New Society reflects upon Israel s existence as both a state and a social structure a place conceived before its birth as a means of solving a particular social malady the modern Jewish Problem Jehuda Reinharz and the late Ben Halpern carefully trace the development of the Zionist idea from its earliest expressions up to the eve of World War II setting their study against a broad background of political and social development throughout Europe and the Middle East An Exposition of the Old and New Testament. <u>From Modernist Entombment to Postmodernist Exhumation</u> Lisa K. Perdigao, 2016-04-22 How fictional representations of dead bodies develop over the twentieth century is the central concern of Lisa K Perdigao s study of American writers Arguing that the crisis of bodily representation can be traced in the move from modernist entombment to postmodernist exhumation Perdigao considers how works by writers from F Scott Fitzgerald William Faulkner Willa Cather and Richard Wright to Jody Shields Toni Morrison Octavia Butler and Jeffrey Eugenides reflect changing attitudes about dying death and mourning For example while modernist writers direct their plots toward a transformation of the dead body by way of metaphor postmodernist writers exhume the transformed body reasserting its materiality Rather than viewing these tropes in

oppositional terms Perdigao examines the implications for narrative of the authors apparently contradictory attempts to recover meaning at the site of loss She argues that entombment and exhumation are complementary drives that speak to the tension between the desire to bury the dead and the need to remember indicating shifts in critical discussions about the body and about the function of aesthetics in relation to materialized violence and loss Panguru and the City: Kainga Tahi, Kāinga Rua Melissa Matutina Williams, 2016-03-09 Travelling from Hokianga to Auckland in the middle decades of the twentieth century the people of Panguru established themselves in the workplaces suburbs churches and schools of the city Melissa Matutina Williams writes from the heart of these communities The daughter of a Panguru family growing up in Auckland she writes a perceptive account of urban migration through the stories of the Panguru migrants Through these vibrant oral narratives the history of M ori migration is relocated to the tribal and wh nau context in which it occurred For the people of Panguru migration was seldom viewed as a one way journey of new beginnings it was experienced as a lifelong process of developing a coexistent home place for themselves and future generations Dreams of a brighter future drew on the cultural foundations of a tribal homeland and past Panguru and the City K inga Tahi K inga Rua traces their negotiations with people and places from Auckland's inner city boarding houses places of worship and dance halls to workplaces and Maori Affairs homes in the suburbs It is a history that will resonate with M ori from all tribal areas who shared in the quiet task of working against state policies of assimilation the economic challenges of the 1970s and neoliberal policies of the 1980s in order to develop dynamic M ori community sites and networks which often remained invisible in the cities of **The Tao of Motivation** Max Landsberg, 2011-05-26 From the bestselling author of The Tao of Aotearoa New Zealand Coaching comes a book on how to motivate and inspire others and yourself Motivation is much more than just a few words of praise It is an essential skill which anyone can learn and with which you can have an indelible positive impact on yourself and others Yet most of us are never taught this crucial life skill In this book bestselling author Max Landsberg fills that gap providing simple tools tips and techniques that really work One of the key points of the book is you cannot motivate someone else if you are not motivated yourself Landsberg examines what it takes to motivate yourself at work and at home as the basis for inspiring and motivating those around you An Exposition of the Old and New Testament Matthew Henry, 1856
