The Retail Revolution

Nelson Lichtenstein, 2009-07-21 The definitive account of how a small Ozarks company upended the world of business and what that change means Wal Mart the worlds largest company roared out of the rural South to change the way business is done Deploying computer age technology Reagan era politics and Protestant evangelism Sam Walton s firm became a byword for cheap goods and low paid workers famed for the ruthless efficiency of its global network of stores and factories But the revolution has gone further Sam s protégés have created a new economic order which puts thousands of manufacturers indeed whole regions in thrall to a retail royalty Like the Pennsylvania Railroad and General Motors in their heyday Wal Mart sets the commercial model for a huge swath of the global economy In this lively probing investigation historian Nelson Lichtenstein deepens and expands our knowledge of the merchandising giant He shows that Wal Mart s rise was closely linked to the cultural and religious values of Bible Belt America as well as to the imperial politics deregulatory economics and laissez faire globalization of Ronald Reagan and his heirs He explains how the company s success has transformed American politics and he anticipates a day of reckoning when challenges to the Wal Mart way at home and abroad are likely to change the far flung empire Insightful original and steeped in the culture of retail life The Retail Revolution draws on first hand reporting from coastal China to rural Arkansas to give a fresh and necessary understanding of the phenomenon that has transformed international commerce

TOTALLY PISSED OFF

Robert "Bobeye" Inabinette, 2012-02-14 Our government has been pissing me off for years and finally it boiled over Both parties have been creeping towards Socialism for years Obama and the Democrats have socialism on steroids The Republicans have been more subtle about it I thought we had some hope when the Republicans gained the House Speaker John Boehner is not much better than Pelosi He caved on the debt ceiling and gives too much ground to Obama Obama his Czars and 98% of the Democrats are the most corrupt gang of thieves in history The reason the government hates the Mafia and drug cartels is because they are competing with our government With subsidies and the printing of money by the Feds billions or trillions have disappeared into a black hole There are millionaires being made within our government There is no accountability at all A Republican House is allowing this to happen Bernie Madoff will spend the rest of his life for doing the same thing in the private sector

Douglas MacGregor, 2016-06-15 In Margin of Victory Douglas Macgregor tells the riveting stories of five military battles of

the twentieth century each one a turning point in history Beginning with the British Expeditionary force holding the line at the Battle of Mons in 1914 and concluding with the Battle of Easting in 1991 during Desert Storm Margin of Victory teases out a connection between these battles and teaches its readers an important lesson about how future battles can be won Emphasizing military strategy force design and modernization Macgregor links each of these seemingly isolated battles thematically At the core of his analysis the author reminds the reader that to be successful military action must always be congruent with national culture geography and scientific industrial capacity He theorizes that strategy and geopolitics are ultimately more influential than ideology Macgregor stresses that if nation states want to be successful they must accept the need for and the inevitability of change The five warfighting dramas in this book rendered in vivid detail by lively prose offer many lessons on the tactical operational and strategic levels of war

The Audacity of Survival Dhushiyantha Kuladeva,2015-07-09 What do people who have been diagnosed with terminal cancer do differently to live a meaningful life What do people do when they have been told that they are living on borrowed time What does it mean to break down all self imposed barriers to achieve a sense of personal freedom while making sense of everything that does not seem to fit the puzzle of life Dhushiyantha Kuladeva Dhush as he is known within his inner circle answers these questions in his first book titled The Audacity of Survival and describes the experience as an opulent one He synthesizes his personal experience in dealing with full blown cancer and transfers an initially perturbed mindset into a positive one He creates a personal blue print of learning to discover endless possibilities from the vast labyrinth of experience rolling up his sleeves fighting tenaciously and cherishing the golden empirical lessons from actually getting things done The journey transcends over two decades and states very clearly that living life against all odds was never tantamount to a death sentence and sets out to live his life with extraordinary audacity while recognizing that the journey could very well be the final chapter of his life In an unusual marriage of ideals Dhush talks about his opulent experience while living with cancer and took to the sheer brilliance of palette and fleece in the magnificent area of Persian and Oriental Rugs and merges the relationship as a means of healing This remarkable journey unfolds as he begins to make sense of the existential infrastructure of life The audacity of survival an opulent experience is a personal account that obscures an extraordinary journey and a relentless story of life worth living
