Goldblatt, 2024-12-06 Thirteen selected papers from an international conference on contemporary Chinese literature held near Gunzburg Bavaria in June July 1986 constitute both a record of literary writings from the PRC Hong Kong and Taiwan as well as an overview of the broader international role of Chinese writing in translation Bei Bei Goes Home: A Panda Story

Carver, Sung-Sheng Yvonne Chang, 1993-01-01 A short story collection hailed as a welcome and valuable addition to our growing knowledge about the inner lives and literary talents of Chinese women Amy Ling author of *Between Worlds* *Women Writers of Chinese Ancestry* This remarkable anthology introduces the short fiction of fourteen writers major figures in the literary movements of three generations who represent a range of class ethnic and political perspectives It is filled with unexpected gems such as Lin Hai yin s story of a woman suffering under the feudal system of Old China and Chiang Hsiao yun s optimistic solutions to problems of the elderly in rapidly changing 1980s Taiwan And in between a dozen rich stories of aristocrats comrades wives concubines children mothers sexuality female initiation rape and the tensions between traditional and modern life This is not western feminism with an Asian accent says *Bloomsbury Review* but a description of one culture s reality The woman protagonists survive both despite and because of their existence in a changing Taiwan *The Transparent Eye* Eugene Chen Eoyang, 1993-02-01 In this remarkably stimulating and erudite series of essays Eugene Chen Eoyang explores many of the underlying paradigms and presumptions in world literature highlighting issues of cultural interchange and cultural hegemony Translation is seen in this perspective as a central rather than a peripheral factor in

understanding the meanings of literary works Taking concrete examples from Chinese literature Eoyang illuminates not only the semantic collisions that underlie the complexities of translation but also the cultural identities reflected in language and values The title alludes to a passage from Emerson reminding us that the object on view is not only the vision we see but is also the organ through which that vision is apprehended The confrontation with a radical other which is for many Westerners what Chinese literature represents is thus both a discovery and a self discovery Part of the book's originality is that it identifies a new audience one that is incipiently bicultural or knowledgeable about what has been called East as well as what has been called West Readers with an interest in the theory and practice of translation will find this an inspiring and indispensable work one that prepares the way for a comparative poetics that recognizes the intense subjectivities in every culture and at the same time establishes a basis for a comparison that tries to transcend even as it acknowledges provincialities

*Funnybooks* is the story of the most popular American comic books of the 1940s and 1950s those published under the Dell label For a time Dell Comics Are Good Comics was more than a slogan it was a simple statement of fact Many of the stories written and drawn by people like Carl Barks Donald Duck Uncle Scrooge John Stanley Little Lulu and Walt Kelly Pogo repay reading and rereading by educated adults even today decades after they were published as disposable entertainment for children Such triumphs were improbable to say the least because midcentury comics were so widely dismissed as trash by angry parents indignant librarians and even many of the people who published them It was all but miraculous that a few great cartoonists were able to look past that nearly universal scorn and grasp the artistic potential of their medium With clarity and enthusiasm Barrier explains what made the best stories in the Dell comic books so special He deftly turns a complex and detailed history into an expressive narrative sure to appeal to an audience beyond scholars and historians
