**Cabin Boys, Milkmaids, and Rough Seas** Jessica M. Floyd, 2024-08-30 During his correspondence with erotic folklore collector Gershon Legman famed chantey singer and collector Stan Hugill 1906-1992 shared unexpurgated versions of the songs in his repertoire These bawdy songs were meant to be a part of Legman's larger project concerning erotic folksong Upon Legman's death in 1999 the unfinished and unpublished manuscript sank into obscurity and was believed by many to be permanently lost Thankfully this holy grail of

chanterey texts had been safe in the private collection of Legman's widow Judith Legman all along Cabin Boys Milkmaids and Rough Seas Identity in the Unexpurgated Repertoire of Stan Hugill is the first critical investigation of this repository reproduced here for the first time Training an interdisciplinary lens on twenty four unexpurgated texts author Jessica M Floyd interrogates the articulation of gender sexuality and identity as it is expressed in these cultural artifacts of the sea Opening with both a critical explication of the chanterey genre as well as situating Hugill's repertoire in the canon of folksong the book introduces readers to the critical realities that attend this rich cultural tradition Analytical chapters demonstrate the kaleidoscopic representation of gender and sexuality in this finite repertoire Each inquiry is connected and overlapping demonstrating an ebb and flow not unlike the waters on which the songs were sung Words of warning heteronormative economies and queer undercurrents each collide to present an image of sailing life that is nuanced and complicated provocative and evocative transgressive and sometimes radical The volume allows scholars to place a finger on the pulse of maritime life feeling and experiencing one voice among the din of working class song traditions

### **The Memoir and the Memoirist**

Thomas Larson, 2007-05-15 The memoir is the most popular and expressive literary form of our time Writers embrace the memoir and readers devour it propelling many memoirs by relative unknowns to the top of the best seller list

Writing programs challenge authors to disclose themselves in personal narrative. Memoir and personal narrative urge writers to face the intimacies of the self and ask what is true. In *The Memoir and the Memoirist*, critic and memoirist Thomas Larson explores the craft and purpose of writing this new form. Larson guides the reader from the autobiography and the personal essay to the memoir, a genre focused on a particularly emotional relationship in the author's past: an intimate story concerned more with who is remembering and why than with what is remembered. *The Memoir and the Memoirist* touches on the nuances of memory, of finding and telling the truth, and of disclosing one's deepest self. It explores the craft and purpose of personal narrative by looking in detail at more than a dozen examples by writers such as Mary Karr, Frank McCourt, Dave Eggers, Elizabeth Wurtzel, Mark Doty, Nuala O Faolain, Rick Bragg, and Joseph Lelyveld to show what they reveal about themselves. Larson also opens up his own writing and that of his students to demonstrate the hidden mechanics of the writing process. For both the interested reader of memoir and the writer wrestling with the craft, *The Memoir and the Memoirist* provides guidance and insight into the many facets of this provocative and popular art form.

*The Rhetoric of Emotions* Robert Perinbanayagam, 2017-07-05 Kenneth Burke, founder of the critical method of dramatism, believed that motives and attitudes are constantly generated by individuals as they encounter social situations and material objects in the course of their everyday lives. In *The Rhetoric of Emotions*, Robert Perinbanayagam proposes that by analysing individuals' experiences, especially through their interaction with creative outlets, we can come to a deeper understanding of how the human mind systematically approaches the emotive process. The author maintains that individuals use spoken language and all other forms of symbolism, including art and literature, to elicit social cooperation and emotional understanding both in regard to the world around them and within themselves. Rhetoric and culture are mechanisms for managing values, behaviour, and emotions. In order to ground this philosophical viewpoint, Perinbanayagam strategically discusses famous novels and paintings to show how individuals construct emotional responses to the rhetorical objects at their disposal. In addition to the ideas of Burke and George Herbert Mead, the ideas of Max Weber, Georg Simmel, Charles Sanders Peirce, Edmund Husserl, Alfred Schutz, and Erving Goffman are also reflected in this provocative analysis.

**Sex, Society, and the Making of Pornography** Jeffrey Escoffier, 2021-02-12 Hardcore pornographic films combine fantasy and real sex to create a unique genre of entertainment. Pornographic films are also historical documents that give us access to the sexual behavior and eroticism of different historical periods. This book shows how the making of pornographic films is a social process that draws on the fantasies, sexual scripts, and sexual identities of performers, writers, directors, and editors to produce sexually exciting videos and movies. Yet hardcore pornographic films have also created a body of knowledge that constitutes in this digital age an enormous archive of sexual fantasies that serve as both a form of sex education and self-help guides. *Sex, Society, and the Making of Pornography* focuses on sex and what can be learned about it from pornographic representations.

Marzano,2016-03-14 Not long ago doctors started a fieldwork in the area of sexology and there are very few of them who adventure themselves in this field and write about what they know Among them only a smaller number choose the delicate subject that Doctor Celso Marzano has chosen Only after years of clinical work and with confidence on his work and on himself is that he chose to write about this human behavior matter It s already been written that we Brazilians because of the importance that we give to this subject are sodomites If we are or not there is no doubt we are The question isn t even if we are more or less than other people The question is that in order to be a sodomite we need to act wisely And in this book we have an analysis a guide not with recipes and hygiene advices but with a new light upon the secrets of the myth that surrounds anal sex Being impartial when it comes to delicate issues can challenge creativity and maturity And reading this book the reader will observe that the author owns both characteristics And that s rare among the elite that we have described at the beginning of this preface Taking responsible information free of prejudice to those who are interested in the subject is not an easy task People who are dedicated to sexology know how intensely this matter moves in society Some religions used anal sex practice as an example of typical sinful human behavior Feminists dressed it as the ultimate proof of the desire that sexists have for humiliating women This book studies the subject through the eyes of a constructive and guided sexology not losing sight that the future will give this practice the destiny that the past wasn t bold enough to foresee In spite of this future we have here a study that deserves to be read and analyzed as a new challenge to conquer over prejudices and make people aware of the motivations and consequences of sodomy Md Eliezer Berenst     **The Solitary**

**Vice** Mikita Brottman,2008-02-12 Mikita Brottman wonders just why is reading so great It s a solitary practice one that takes away from time that could be spent developing important social networking skills Reading s not required for health happiness or a loving family And if reading is so important why are catchy slogans like Reading Changes Lives and Champions Read needed to hammer the point home Fearlessly tackling the notion that nonreaders are doomed to lives of

despair and mental decay Brottman makes the case that the value of reading lies not in its ability to ward off Alzheimer's or that it's a pleasant hobby Rather she argues that like that other well known solitary vice masturbation reading is ultimately not an act of pleasure but a tool for self exploration one that allows people to see the world through the eyes of others and lets them travel deep into the darkness of the human condition
