Identities and Social Change in Britain since 1940 Mike Savage, 2010-05-13 Identities and Social Change in Britain since 1940 examines how between 1940 and 1970 British society was marked by the imprint of the academic social sciences in profound ways which have an enduring legacy on how we see ourselves It focuses on how interview methods and sample surveys eclipsed literature and the community study as a means of understanding ordinary life The book shows that these methods were part of a wider remaking of British national identity in the aftermath of decolonisation in which measures of the rational managed nation eclipsed literary and romantic ones It also links the emergence of social science methods to the strengthening of technocratic and scientific identities amongst the educated middle classes and to the rise in masculine authority which challenged feminine expertise This book is the first to draw extensively on archived qualitative social science data from the 1930s to the 1960s which it uses to offer a unique personal and challenging account of post war social change in Britain It also uses this data to conduct a new kind of historical sociology of the social sciences one that emphasises the discontinuities in knowledge forms and which stresses how disciplines and institutions competed with each other for reputation Its emphasis on how social scientific forms of knowing eclipsed those from the arts and humanities during this period offers a radical re thinking of the role of expertise today which will provoke social scientists scholars in the humanities and the general reader alike

Dominance and Decline Elisabeth Gidengil, Andre Blais, Joanna Everitt, Patrick Fournier, Neil Nevitte, 2012-03-15 Coming out of the 2000 Canadian federal election the dominance of the Liberal Party seemed assured By 2011 the situation had completely reversed the Liberals suffered a crushing defeat failing even to become the official opposition and recording their lowest ever share of the vote Dominance and Decline provides a comprehensive comparative account of Canadian election outcomes from 2000 through to 2008 The book explores the meaning of those outcomes within the context of the larger changes that have marked Canada s party system since 1988 It also shows how these trends were consistent with the outcome of the 2011 federal election Throughout the book a variety of voting theories are revisited and reassessed in light of this analysis

Models of Local Governance W. Miller, M. Dickson, G. Stoker, 2000-10-11 From 1979 to 1997 Britain was a laboratory for experiments in local governance as the control and delivery of local services was switched from elected councils to appointed boards quangos private companies or self management This book is about four models of local governance the traditional localist model the New Right s individual model the New Left s mobilisation model and government s own centralist model It tests them against public opinion as expressed in 2203 interviews with ordinary citizens 788 with councillors and 902 with members of appointed boards
