Science and the Myth of Progress Merhdad Zarandi, 2003-07-30 A collection of essays by scholars philosophers and scientists offering penetrating answers to some of the most important questions of the day *The Betrayal of Tradition* Harry Oldmeadow, 2005 This collection of essays by eminent traditionalists and contemporary thinkers throws into sharp relief many of the urgent problems of today *Rethinking Ibn 'Arabi* Gregory A. Lipton, 2018-04-02 Exploring how the medieval mystic Ibn Arabi has been read as an inclusive universalist through the interpretative field of Perennial Philosophy this book shows how his metaphysics is inseparably intertwined with Islamic supersessionism Ibn Arabi's universalist reception is thus traced to lineages of Eurocentrism revealing how Perennialism is itself exclusionary *Echoes of Perennial Wisdom* Frithjof Schuon, 2012-02-01 This revised collection of brief and inspiring passages on the spiritual life was selected from Schuon's unpublished letters and papers as well as from his books They discuss our relationship with God the importance of prayer the meaning of virtue the significance of beauty in our lives as well as other spiritual themes This edition has been re translated and expanded to include 19 additional pages of moving excerpts **Journeys East** Harry Oldmeadow, 2004-04-28 This is the first book to treat the impact of religious philosophical and psychological traditions of the

East on Western intellectuals artists travellers and spiritual seekers in the twentieth century Addressed to both general readers and scholars of religion it is especially valuable for its penetrating and inter religious analysis of two of the most compelling themes now facing the world the emergence of cross cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West The West has long romanticized the mysterious East but it has also judged its traditions as uncivilized Our notions about Eastern spirituality have been formed by a succession of travellers scientists artists intellectuals poets philosophers and missionaries as well as by Eastern travellers who have spent time in the West This book helps us to recognize the influence of Eastern ideas upon modern Western thought by tracing the history of engagements between East and West up until the present day It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West s current intellectual and spiritual state Songs Without Names Frithjof Schuon,2006-11-13 A four volume collection of spiritual poetry by Frithjof Schuon who wrote approximately 3 500 poems in his mother tongue German These poems express the experience of the sacred through the medium of poetry **Gnosis** Frithjof Schuon,2006-06-22 This new edition of Frithjof Schuon s classic work Gnosis Divine Wisdom is a fully revised translation of the most recent French edition and has an extensive Appendix containing previously unpublished letters and other private writings **American Gurus** Arthur Versluis,2014-04-01 By the early twenty first century a phenomenon that once was inconceivable had become nearly commonplace in American society the public spiritual teacher who neither belongs to nor is authorized by a major religious tradition From the Oprah Winfrey endorsed Eckhart Tolle to figures like Gangaji and Adhyashanti there are now countless spiritual teachers who claim and teach variants of instant or immediate enlightenment American Gurus tells the story of how this phenomenon emerged Through an examination of the broader literary and religious context of the subject Arthur Versluis shows that a characteristic feature of the Western esoteric tradition is the claim that every person can achieve spontaneous direct unmediated spiritual insight This claim was articulated with special clarity by the New England Transcendentalists Bronson Alcott and Ralph Waldo Emerson Versluis explores Transcendentalism Walt Whitman the Beat movement Timothy Leary and the New Age movement to shed light on the emergence of the contemporary American guru This insightful study is the first to show how Asian religions and Western mysticism converged to produce the phenomenon of spontaneously enlightened American gurus **The Fullness of God** James S. Cutsinger,2004-03-01 For the first time this book collects from Schoun s vast corpus his writings on Christianity including selections from his personal correspondence and other previously unpublished materials **Logic and Transcendence** Frithjof Schuon,2009-08-16 In this new edition of his most important philosophical work Frithjof Schuon confronts the pitfalls of rationalism and relativism within modern philosophy This new edition comprises a fully revised translation from the French original and contains an extensive Appendix with previously unpublished letters and other

private writings *The Play of Masks* Frithjof Schuon, 2024-09-01 This late work of Frithjof Schuon represents a general survey of his metaphysical perspective which is that of the Sophia perennis or perennial wisdom found at the heart of the world's religions. This new edition of *The Play of Masks* features a fully revised translation from the French original as well as over 50 pages of new material including previously unpublished selections from the author's letters and other private writings. Also included is an editor's preface, extensive editor's notes, a glossary of foreign terms and phrases, an index, and biographical notes. Composed of short independent treatises, this book presents readers with fundamental keys for understanding the nature of God, the world, and the human situation. Throughout his writings, Schuon emphasizes the centrality of three elements: Truth, Way, and Virtue. The Truth is what we must know, the Way is what we must do, and Virtue is what we must love, become, and be.

In the Face of the Absolute Frithjof Schuon, 2015-01-30 Religion scholar Huston Smith called Frithjof Schuon the most important religious thinker of the 20th century. In this revised edition of his classic work, perennialist author Frithjof Schuon addresses diverse aspects of the religious phenomenon with his characteristic authority. In the book's first section, Schuon provides striking insights into age-old religious and philosophical controversies such as the problem of evil, predestination, and free will, and the meaning of eternity in the realms of heaven and hell. In the second section, Schuon masterfully harmonizes the divergent theological claims of the three main branches of Christianity: Orthodoxy, Catholicism, and Protestantism, in the light of universal metaphysical truth. The final section contains several chapters relating to Islamic esoterism and concludes with a remarkable chapter on the spiritual substance of the Prophet of Islam. This fully revised edition contains 60 pages of completely new material, including a new translation from the original French that corrects errors and omissions in the previous edition, as well as a new Appendix of previously unpublished letters and other writings. Also featured are a new Editor's Preface and extensive Editor's Notes by Harry Oldmeadow, which have been included to help explain and annotate various key terms, references, and historical figures mentioned in the text. A helpful Glossary of foreign terms and an Index have also been added.

The Eye of the Heart Frithjof Schuon, 2021-09-07 This new edition of *The Eye of the Heart*, one of perennialist author Frithjof Schuon's earliest works, features a fully revised translation from the French original, as well as over 50 pages of new material, including previously unpublished selections from the author's letters and other private writings. Also featured is a foreword by renowned religion scholar Huston Smith, an editor's preface, extensive editor's notes, a glossary of foreign terms and phrases, an index, and biographical notes. Schuon's perspective is that of the Sophia perennis or perennial wisdom, which is capable of discerning the spiritual intentions behind religious doctrines, forms, and practices. The essays collected here cover a wide range of subjects, including the fundamental principles of spiritual symbolism, the enigmatic nature of evil, questions on the afterlife, and many invaluable insights concerning the integration of everyday activities into the spiritual life. Schuon also evokes the sacredness of creation and the message of beauty, which, when seen with the eye of the heart, leads back to God.
