Survey Of The Bible A Treasury Of Bible Information:

Survey of the Bible William Hendriksen, 1976-01-01 The aim of this book is to reach all classes of people who are interested in the Word of God There are those whose knowledge of scripture is exceedingly meager There are others who have a rather detailed knowledge of this or that story book or chapter of the Bible Yet they do not know the Bible as a whole they have never made a systematic study of the Holy Book A study of this nature is very necessary if one is to be able to interpret the Word in the proper manner for if it be true that the Bible is its own best interpreter then surely it must be known in its organic unity first of all Preface **Bible Survey** William Hendriksen, 1949 *Survey of the Bible* William Hendriksen, 1984 *End-Time Prophecy* Børge Beck, 2023-03-09 Along with a correct understanding of the Bible as the God breathed Word a correct interpretation is crucial Basically there are only two methods of interpretation 1 the non literal allegorical or spiritualizing method or 2 the literal so called grammatical historical method The latter if employed consistently gives the only correct understanding of what God originally intended to reveal about the salvation of mankind The first part of this book demonstrates the advantage of the literal interpretation over the allegorical or spiritualizing method which must be avoided at all costs unless the text demands a shift from a literal to a figurative interpretation of a word or phrase bearing in mind that figurative language still reveals literal truths The second part of the book applies the teaching of the first part to Biblical prophecy which must be interpreted in the exact same way as any other text in the Word of God If employed consistently the literal reading leads to Premillennialism Christ returns to earth before and in order to establish the Millennial Kingdom Pretribulationism the Church is raptured to heaven before the Tribulation and Dispensationalism God's dealings with man in seven consecutive dispensations or stewardships Besides 2 Thessalonians 2 3 is explained on the basis of the Greek text so as to be a conclusive defense of the pretribulational Rapture of the Church

An Introduction to the New Testament, Volume 1 D. Edmond Hiebert, 2002-09-30 Volume One The Gospels and Acts With typical thoroughness Dr Hiebert has produced this volume of his New Testament introductions Though not a commentary on the gospels and Acts the book presents their message along with a discussion of such questions as authorship composition and the Synoptic problem Practical suggestions on how to study these five books are included The bibliographies and annotated book lists are extremely helpful for pastors teachers and laymen Volume Two The Pauline Epistles This is a detailed introduction to all of Paul's writings epistles that without question are among the most precious treasures of the Christian church Dr Hiebert discusses the historical circumstances of their writing deals with ethical problems and provides helpful general information on the content and nature of the books themselves Discussed in general and separately these epistles are treated in chronological order with emphasis on their eschatology soteriology Christology or ecclesiology
