Surveying Fiberglass Sailboats Henry C. Mustin, 1994 Mustin's part by part look at hull deck rig and machinery is both a minicourse for transforming used boat shopping from a game of craps to a science and the first step in a holistic boat maintenance program His discussion of the significance of cracks found in aging hulls and decks is the most thorough in print He is not shy in assessing the lack of regulation of professional surveyors nor does he shrink from pointing a finger at shoddy building practices Having a used boat surveyed is a critical prelude to buying it Yet a professional survey is expensive several hundred dollars Surveying Fiberglass Sailboats will enable you to conduct your own surveys while narrowing the field then monitor a professional surveyor's performance when selecting your target boat

London Goes to Sea Peter J. Baumgartner, 2004 London Goes To Sea is Peter J Baumgartner's candid and captivating account of restoring an ageing fibreglass sailing boat over the course of four years and then introducing it to his native New England waters His precise records illustrate every trial and triumph of the restoration process and his careful attention to errors made along the way provides crucial insight for anyone considering a similar project His writing combines the best elements of a brisk entertaining narrative and a thoroughly practical handbook making for a truly unique story that embraces every experience of the coastal sailor His unflagging joy and enthusiasm for his old Cape Dory shine through on every page
