toward divorce and bankruptcy while Lola Lee's mother suffers a nervous breakdown that turns her into a different person. Shamed and enraged by his father's fate, Lee grows up wondering what society owes a person who has failed materially but preserved his humanity. Other men got rewarded for their cold heartedness and often for their dishonesty while he, Monroe Siegel, who had never hurt anyone, had to groan and stumble through life. Did not kindness deserve an income? As a teen, Lee tries to make a different life for himself. He goes to a private college in the Midwest, is forced to leave due to his father's bankruptcy, and returns to New Jersey to work a series of menial jobs. He enrolls at a state college and then drops out to seek a better existence abroad, only to return to the United States in debt and in despair. Suddenly, a promising new life opens to him. At a price, *The Draw* touches on fundamental questions: How do we balance our obligations to ourselves with our obligations to others? What do we owe society when its rules have a legal basis but not a moral one? Written with startling candor and psychological acuity, Lee Siegel's *The Draw* is for anyone who has ever struggled with money or who has tried to break through the barriers of family and class. [Life At The Limit](#) Sid Watkins, 2013-03-07 It's pretty rare to come across a motor racing book that tempts you to read the thing in one sitting, but Prof Watkins has produced a gem; he is a superb raconteur, not afraid to speak his mind yet peppering the gravity with occasionally side-splitting humour. No true motorsport fan should be without this book. Autosport Grand Prix racing has undergone sweeping changes in the last thirty years. Many of these involve safety and medical rescue. The man behind them, a champion in the racing world although he has never won a race, is the eminent neurosurgeon Sid Watkins. *Life at the Limit* is his remarkable story. It spans the most exciting years in Grand Prix racing and includes intimate portraits of motorsport's greatest names, from Jackie Stewart and Niki Lauda to Alain Prost and Damon Hill. Sid Watkins has also witnessed at first hand some of the most severe and spectacular racing accidents. His account of these is made all the more poignant by the fact that some of the men he has rescued, sometimes at the point of death, have been personal friends. From Monza in 1978 where Ronnie Petersen suffered a fatal accident to Imola in May 1994 where Ayrton Senna met his untimely death, the high and low points of Grand Prix racing are vividly described. For all fans of Formula One, this is the inside story of the world's most dangerous sport. **Highway Safety Literature**, 1970
