Midwifing--A Womanist Approach to Pastoral Counseling Myrna Thurmond-Malone, 2019-08-01 *Midwifing A Womanist Approach to Pastoral Counseling Investigating the Fractured Self* Slavery Violence and the Black Woman is an investigation of intergenerational trauma Exploring the impact of slavery violence racism sexism classism and other isms on the self of the Black woman This examination of the complexity of pain speaks to the multidimensional reality of some Black women and the necessity for a therapeutic technique that invites the fullness of the Black woman's historical narrative Dr Thurmond Malone's work exposes hidden pain in a safe and sacred space that speaks to the deep-rooted anguish experienced through generations of Black women and invites her readers to understand the necessity for a rebirthing to occur This work also empowers women of African descent to become unarmored through the naming claiming and reauthoring of their story and empowers therapists to become midwives adept at empathizing with the intense pain carried by some Black women Lastly the book provides clinicians with insight into how to become midwives capable of holding the accounts of Black women while illustrating the author's approach as a method of interdependence communal and cultural competency Taking an analytical look at the counselee's past then births hope for their future as a whole and transformative self
Let My People Live Kenneth N. Ngwa, 2022-04-12 *Let My People Live* reengages the narrative of Exodus through a critical life-affirming African hermeneutic that seeks to create and sustain a vision of not just the survival but the thriving of Black communities While the field of biblical studies has habitually divided objective interpretations from culturally informed ones Kenneth Ngwa argues that doing interpretive work through an

activist culturally grounded lens rightly recognizes how communities of readers actively shape the priorities of any biblical interpretation In the Africana context communities whose identities were made disposable by the forces of empire and colonialism both in Africa and in the African diaspora across the globe likewise suffered the stripping away of the right to interpretation of both sacred texts and of themselves Ngwa shows how an Africana approach to the biblical text can intervene in this narrative of breakage as a mode of resistance By emphasizing the irreducible life force and resources nurtured in the Africana community which have always preceded colonial oppression the Africana hermeneutic is able to stretch from the past into the future to sustain and support generations to come Ngwa reimagines the Exodus story through this framework elaborating the motifs of the narrative as they are shaped by Africana interpretative values and approaches that identify three animating threats in the story erasure undermining the community's very existence alienation separating from the space of home and from the ecosystem and singularity holding up the individual over the collective He argues that what he calls badass womanism an intergenerational and interregional life force and epistemology of the people embodied in the midwives Miriam the Egyptian princess and other female figures in the story have challenged these threats He shows how badass womanist triple consciousness creates and is informed by communal approaches to hermeneutics that emphasize survival over erasure integration over alienation and multiplicity over singularity This triple consciousness surfaces throughout the Exodus narrative and informs the narrative portraits of other characters including Moses and Yahweh As the Hebrew people navigate the exodus journey Ngwa investigates how these forces of oppression and resistance shift and take new shapes across the geographies of Egypt the wilderness and the mountain area preceding their passage into the promised land For Africana these geographies also represent colonial global and imperial sites where new subjectivities and epistemologies develop

Handbook of U.S. Theologies of Liberation Miguel A. De La Torre, 2004-11-01 The purpose of this handbook is to introduce the reader to Christian concepts from the perspective of U S marginalized communities It explores the interrelationship between religion community and culture in the social context of different marginalized groups specifically those rooted in the African American Amerindian Asian American feminist gay lesbian and Hispanic experiences and their impact on the development of U S theologies of liberation The handbook gives attention to the history nature sources and development of these theologies and the theologians who contributed to their formation Of particular interest is how *Handbook of U S Theologies of Liberation* clearly distinguishes both the differences and similarities between these U S theologies and their Latin American counterparts The handbook is divided into two sections Thematic Essays that provide a general overview of a specific theological theme from the perspectives of different marginalized groups and Contextual Essays that focus on the specific contributions of scholars from various racial ethnic and gender backgrounds

Black Theology and the Menace of Racial Apocalypse Cyril Orji,2025-04-30 Racism evolves Black theology must be adaptable For this reason Black Theology and the Menace of Racial Apocalypse argues that racism must take centre stage in

Black theology because racism is an existential dread that inevitably confronts the Black person in their existential situation This book unfolds in two interwoven steps First it delves into the complex history of Black theology examining its development across its first second and third waves This critical study expositis the discomfoting idea that something is missing and that this something makes Black theology seem a little deficient as noted in the pioneering works of James Baldwin and other contemporary thinkers challenging the hesitation to engage with ideas outside Black experience The second step draws from multidisciplinary sources including brain research on cognitive bias and psychological works on implicit bias and microaggressions Effectively utilizing the methodological work of Bernard Lonergan the book argues that incorporating white sources can enhance Black theology s articulation against racism In doing so the book demonstrates how this interpretative mechanism can help overcome societal ideological differences as well as help meaningfully address the ever evolving problem of racism for Christian theology

Challenging Contextuality ,2024-07-31 Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or mainstream e g the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e g forms of feminist or indigenous interpretation The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read Rather than a series of examples of contextual biblical interpretation this book is concerned with what it means to do contextual biblical interpretation how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry What contexts are engaged and elucidated when it comes to bible use What contexts are made visible and invisible How can different contexts be theorized and understood The volume argues that it is not context that matters rather contemporary contexts should be a challenge and a chance for biblical scholarship its present and its future

Protest & Praise Jon Michael Spencer,1989 Here is a skillful tracing of two tracks in the evolution of musical genres that have evolved from black religion Songs of protest developed from the spiritual through social gospel hymnody to culminate in songs of the civil rights movement and the blues Born in rebellion they envision the Kingdom of God Songs of praise by contrast express adoration Beginning with the ring shout Spencer follows the history of intoned declamation through the tongue song Holiness Pentecostal music and the chanted sermon of the black preacher Spencer s approach termed theomusicology unlocks the wealth of African American sacred music with a theological key The result is a fascinating account of a people s struggle with God in history

Theosemiotic Michael L. Raposa,2020-10-06 In Theosemiotic Michael Raposa uses Charles Peirce s semiotic theory to

rethink certain issues in contemporary philosophical theology and the philosophy of religion He first sketches a history that links Peirce's thought to that of earlier figures both within the tradition of American religious thought and beyond as well as to other classical pragmatists and to later thinkers and developments Drawing on Peirce's ideas Raposa develops a semiotic conception of persons selves emphasizing the role that acts of attention play in shaping human inferences and perception His central Peircean presuppositions are that all human experience takes the form of semiosis and that the universe is perfused with signs Religious meaning emerges out of a process of continually reading and re-reading certain signs Theology is explored here in its manifestations as inquiry therapy and praxis By drawing on both Peirce's logic of vagueness and his logic of relations Raposa makes sense out of how we talk about God as personal and also how we understand the character of genuine communities An investigation of what Peirce meant by musement illuminates the nature and purpose of prayer Theosemiotic is portrayed as a form of religious naturalism broadly conceived At the same time the potential links between any philosophical theology conceived as theosemiotic and liberation theology are exposed
