occupied a more socially powerful space than traditionally believed Rather than focusing exclusively on the women of noble or wealthy merchant families Chojnacka explores the lives of women unmarried married or widowed who worked for a living and helped keep the city running through their labor services and products Among Chojnacka's surprising findings is the degree to which these working women exercised control over their own lives Many headed households and even owned their own homes when necessary they also took in and supported other women of their families Some were self employed while others had jobs outside the home They often moved freely about the city to conduct business and they took legal action in the courts on their own behalf On a daily basis Venetian women worked traveled and contested obstacles in ways that made the city their own

Women's Life-writing Linda S. Coleman, 1997 The essays in this collection offer readers vivid and varied evidence of the female response to recurring attempts by culture to artificially limit identity along the gendered lines of private and public experience Calling on voices both familiar and little known British and American black and white young and old poor and rich heterosexual and lesbian the essayists explore how women within unique personal and historical conditions used life writing as a means of both self understanding and connection to a community of sympathetic others real or imagined The life writings within this anthology span the modern history of the genre itself with writers drawn from as early as the seventeenth century and as late as the 1990s
