Surviving Sexual Abuse:

The Courage to Heal Ellen Bass, Laura Davis, 1988 *The Courage to Heal* is an inspiring comprehensive guide that offers hope and encouragement to every woman who was sexually abused as a child and those who care about her. Although the effects of child sexual abuse are long term and severe, healing is possible. The authors weave personal experience with professional knowledge to show the reader how she can come to terms with her past while moving powerfully into the future. They provide clear explanations, practical suggestions, a map of the healing journey, and many moving first person examples of the recovery process drawn from their interviews with hundreds of survivors. Definitive in scope, *The Courage to Heal* speaks directly to the survivor in a warm and personal way. *TAKING STOCK* outlines the effects of child sexual abuse and the ways women cope over time. *THE HEALING PROCESS* explores each stage from the decision to heal and remembering through breaking silence, knowing it wasn't your fault, nurturing the inner child, and grief and anger to resolution and moving on. *CHANGING PATTERNS* offers in depth guidance for shifting self-defeating patterns in specific areas of one's present life, including self-esteem, feelings, intimacy, sexuality, and dealing with families. *SUPPORTERS OF SURVIVORS* provides insight and strategies for partners of survivors, family members, and counselors. *COURAGEOUS WOMEN* profiles survivors who share the challenges and triumphs of their own healing journeys. *HONORING THE TRUTH* a substantial new Afterword that refutes the false memory argument and presents a thorough and enlightening response to the backlash. *RESOURCE GUIDE* fully updated for this edition informs readers about therapy, healing activities, recommended reading, support groups, self-help programs, and services and organizations.

Healing Together Anne Miller, 2019-10-15 Sex is such an intimate topic, historically wrapped in shame, and when someone shares they were sexually abused, we may not know how to respond. With recent MeToo and ChurchToo movements, we are learning just how many men, women, boys, and girls have suffered sexual abuse at the hands of a trusted person, often family members or leaders in the church. Sexual abuse is rampant in modern society, and now, sometimes many years later, sexual abuse survivors are sharing their stories. Anne Marie Miller is a survivor of childhood clergy sexual abuse and has shared her journey toward healing with audiences all over the world. After speaking with thousands of survivors and their loved ones, she saw the need for a fundamental and practical guide for helping supporters of sexual abuse survivors understand the basics of abuse, trauma, healing, and hope. Drawing from her own experience as a survivor and evidence-based research, Anne addresses these questions and more in *Healing Together*. What is sexual abuse? How can I help survivors? Who are predators, and how do they groom victims? How does trauma affect survivors? What happens when someone doesn't remember the details of their abuse? How does abuse wound the physical, emotional, and spiritual health of people who have been abused? When and how should
