Beyond The Crack In The Sidewalk Maryann Miller, 2021-12-19 The short stories in *Beyond The Crack In The Sidewalk* explore aspects of living, loving, and dying, the main elements that define our human existence. Included is also a lighter story, a mystery written in the vein of *The Twilight Zone*. The characters in these stories range in age from seventy-year-old Gloria who is about to find love again to five-year-old Bobby who has no concept of why his daddy is no longer there. Then there's sixteen-year-old Hannah, a runaway who finds love only to lose it. On a philosophical level, these stories reflect the world in which we live, bringing to light social issues such as homelessness, the human cost of war, sexual abuse, and when do we go too far in medical treatment.

Beyond Psychoanalytic Literary Criticism Benjamin H. Ogden, 2018-04-17 Through a series of radical and innovative chapters, *Beyond Psychoanalytic Literary Criticism: Between Literature and Mind* challenges the tradition of applied psychoanalysis that has long dominated psychoanalytic literary criticism. Benjamin H. Ogden, a literary scholar, proposes that a new form of analytic literary criticism take its place, one that begins from a place of respect for the mystery of literature and the complexity of its inner workings. In this book, through readings of authors such as J. M. Coetzee, Flannery O'Connor, and Vladimir Nabokov, the mysteries upon which literary works rely for their enduring power are enumerated and studied. Such mysteries are thereafter interwoven into a series of pioneering studies of how the conceptions of thinking, dreaming, and losing become meaningful within the unique aesthetic conditions of individual novels and poems. Each chapter is a provisional solution to the difficult bridging problems that arise when literary figures work in the psychoanalytic space and when psychoanalysts attempt to make use of literature for analytic purposes. At every turn, *Beyond Psychoanalytic Literary Criticism: Between Literature and Mind* acts as a living example of the territory it explores, the space between two disciplines wherein the writer brings into being a form of psychoanalytic literary criticism of his own, making. Forgoing traditional applied psychoanalysis and technical jargon, this highly accessible interdisciplinary work will appeal to psychoanalysts and psychoanalytic psychotherapists as well as literary critics and scholars.
