Sutter Of California Bio John A Sutter:

Meet John Sutter Jane Katirgis, Chris Hayhurst, 2019-07-15 John Sutter's entrance into American history began because of a rocky situation. He fled Switzerland in search of riches, leaving behind his wife and young children because he owed people a great deal of money. After bartering his way from New York to the West Coast, Sutter started a settlement in California along the Sacramento River. The Gold Rush changed Sutter's life forever. Primary source documents and lively sidebars help tell this story of a man who made his mark on America. *Sutter of California* Julian Dana, 1936 Sutter emigrated from Switzerland to the United States. For a while he was a trader in Santa Fe, New Mexico. In 1839 he journeyed to Vancouver, British Columbia, took a ship to Hawaii, and eventually another ship to California. Seeking land away from close Mexican control, he settled by the Sacramento River and established a farm. In 1848 gold was discovered at a mill he was building. His fort became a destination for many of those seeking gold. Eventually the newcomers squatted on his land, and he lost much of it. He moved to Pennsylvania while putting in his claim to the U.S. Government for reimbursement. With an inventory of his purchase of Fort Ross and a list of his descendants. *John Sutter* Albert L. Hurtado, 2006 Re-examines the life of John Sutter in the context of America's rush for westward expansion in a fully documented account of the Swiss expatriate and would-be empire builder and his times. *John Sutter* Iris Wilson Engstrand, Kenneth N. Owens, 2004 A biography of the man associated with the gold rush in California, detailing his various business ventures and pioneering exploits in California.

John Sutter Chris Hayhurst, 2003-12-15 Surveys the life of Swiss-German immigrant John Sutter, on whose land gold was discovered in the mid-nineteenth century, spurring the California gold rush and westward expansion. **Fool's Gold** Richard H. Dillon, 1967 Dillon examines the paradoxical personality of John Sutter, the Father of California, and one of the most enigmatic figures in the history of the American West. **The Sutter Family and the Origins of Gold-Rush Sacramento** John Augustus Sutter, 2002 John A. Sutter (1803-1880) could have become one of the richest men in California when gold was found on his property. Instead, he lost his vast land holdings on the Sacramento and Feather Rivers and eventually left California penniless. Sutter always claimed to be the victim of charlatans, but he bore considerable responsibility for his downfall. He had amassed huge debts before the gold discovery and added even more afterward. In the rough dealings of frontier capitalism in the gold rush, California, Sutter was easy prey. Soon after the gold discovery, Sutter's eldest son, John Jr. (1826-1897), arrived but soon moved south to Mexico, hoping to obtain compensation for the land that he and his father had lost. John Jr. returned to California in 1855 to give his lawyer a thorough statement cataloging how both Sutters were swindled. This extensive document describes the dirty deals of the first great gold rush in the western United States. Sutter's statement has not been available for sixty years. Editor Allan R. Ottley reproduced and annotated this statement, providing a full biographical context and offering an appendix, bibliography, and index. Albert L. Hurtado's introduction updates the book originally published in 1942. *John A. Sutter, a California Pioneer* Mayo Elizabeth Wheeler, John Augustus Sutter, 1924

contributors reveal the major transformations to the natural and built environment that have shaped Sacramento and its suburbs residents politics and economics throughout its history The site that would become Sacramento was settled in 1839 when Johann Augustus Sutter attempted to convert his Mexican land grant into New Helvetia or New Switzerland It was at Sutter s sawmill fifty miles to the east that gold was first discovered leading to the California Gold Rush of 1849 Nearly overnight Sacramento became a boomtown and cityhood followed in 1850 Ideally situated at the confluence of the American and Sacramento Rivers the city was connected by waterway to San Francisco and the surrounding region Combined with the area s warm and sunny climate the rivers provided the necessary water supply for agriculture to flourish The devastation wrought by floods and cholera however took a huge toll on early populations and led to the construction of an extensive levee system that raised the downtown street level to combat flooding Great fortune came when local entrepreneurs built the Central Pacific Railroad and in 1869 it connected with the Union Pacific Railroad to form the first transcontinental passage Sacramento soon became an industrial hub and major food processing center By 1879 it was named the state capital and seat of government In the twentieth century the Sacramento area benefitted from the federal government s major investment in the construction and operation of three military bases and other regional public works projects Rapid suburbanization followed along with the building of highways bridges schools parks hydroelectric dams and the Rancho Seco nuclear power plant which activists would later shut down Today several tribal gaming resorts attract patrons to the area while Old Sacramento revitalizes the original downtown as it celebrates Sacramento s pioneering past This environmental history of Sacramento provides a compelling case study of urban and suburban development in California and the American West As the contributors show Sacramento has seen its landscape both ravaged and reborn As blighted areas rail yards and riverfronts have been reclaimed and parks and green spaces created and expanded Sacramento s identity continues to evolve As it moves beyond its Gold Rush Transcontinental Railroad and government town heritage Sacramento remains a city and region deeply rooted in its natural environment
