Suzy Magician:

Suzy Magician Alexander McCall Smith,1990 *You Don't Know Me, but My Name Is Yea* Carl Capatina,2011-08-17 All eyes were on Suzy She was wavering between making a dash to their safe room a cement bunker located behind a hidden door in their downstairs guest bathroom that she had insisted on constructing when they first moved in after all everyone knows that the suburbs are rife with crime with Guido clutched to her breast or trying to beat Guido to the front door so that she could be the first to see what I had in store for my next trick She leaned over and softly whispered in my ear Just so you know if you hurt him I personally will hunt you down There will be no police no FBI no lawyers no jury no arrest no appeal just me The Bible says that vengeance is mine sayeth the Lord I say that if it is good enough for God then it is good enough for me Psychosphere Brian Lumley,2001-10-17 After Richard Garrison lost his sight in a terrorist explosion he developed vast mental powers that more than compensated for his blindness He mastered the Psychomech machine then used it to conquer his enemies and restore his dead love to full and vibrant life Psychomech also revealed to Garrison the Psychosphere a startling reality where mental powers reigned supreme and could influence people and events on Earth Once he was nearly godlike or demonic if one dared become his enemy but now Garrison's mental abilities grow weaker with each use He tries desperately to conserve his energies but he has begun to have strange visions of a mind so different from his own as to be other than human and knows he must stay alert and strong Charon Gubwa has invaded the Psychosphere Twisted and evil sexually and mentally warped physically corrupt Gubwa's desires are simple More More drugs More sex More power More of the Earth under his dominion Richard Garrison must battle Gubwa in the Psychosphere and on Earth And he must win no matter the cost to himself or those he loves or all mankind will be lost At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied Promise Me Nancy G. Brinker,Joni Rodgers,2011-09-13 Suzy and Nancy Goodman were more than sisters They were best friends confidantes and partners in the grand adventure of life For three decades nothing could separate them Not college not marriage not miles Then Suzy got sick She was diagnosed with breast cancer in 1977 three agonizing years later at thirty six she died It wasn't supposed to be this way The Goodman girls were raised in postwar Peoria Illinois by parents who believed that small acts of charity could change the world Suzy was the big sister the homecoming queen with an infectious enthusiasm and a generous heart Nancy was the little sister the tomboy with an outsized sense of justice who wanted to right all wrongs The sisters shared makeup tips dating secrets plans for glamorous fantasy careers They spent one memorable summer in Europe discovering a big world far from Peoria They imagined a long life together one in which they'd grow old together surrounded by children and grandchildren Suzy's diagnosis shattered that dream In 1977 breast cancer was still shrouded in stigma and shame Nobody talked about early detection and mammograms Nobody could even say the words breast and cancer together in polite company let alone on television news broadcasts With Nancy at her side Suzy endured the many indignities of cancer treatment from the grim soul

killing waiting rooms to the mistakes of well meaning but misinformed doctors That s when Suzy began to ask Nancy to promise To promise to end the silence To promise to raise money for scientific research To promise to one day cure breast cancer for good Big shoot for the moon promises that Nancy never dreamed she could fulfill But she promised because this was her beloved sister I promise Suzy Even if it takes the rest of my life Suzy s death both shocking and senseless created a deep pain in Nancy that never fully went away But she soon found a useful outlet for her grief and outrage Armed only with a shoebox filled with the names of potential donors Nancy put her formidable fund raising talents to work and quickly discovered a groundswell of grassroots support She was aided in her mission by the loving tutelage of her husband restaurant magnate Norman Brinker whose dynamic approach to entrepreneurship became Nancy s model for running her foundation Her account of how she and Norman met fell in love and managed to achieve the elusive true marriage of equals is one of the great grown up love stories among recent memoirs Nancy s mission to change the way the world talked about and treated breast cancer took on added urgency when she was herself diagnosed with the disease in 1984 a terrifying chapter in her life that she had long feared Unlike her sister Nancy survived and went on to make Susan G Komen for the Cure into the most influential health charity in the country and arguably the world A pioneering force in cause related marketing SGK turned the pink ribbon into a symbol of hope everywhere Each year millions of people worldwide take part in SGK Race for the Cure events And thanks to the more than 1.5 billion spent by SGK for cutting edge research and community programs a breast cancer diagnosis today is no longer a death sentence In fact in the time since Suzy s death the five year survival rate for breast cancer has risen from 74 percent to 98 percent Promise Me is a deeply moving story of family and sisterhood the dramatic 30 000 foot view of the democratization of a disease and a soaring affirmative to the question Can one person truly make a difference

Imagic Moments Lee Schweninger, 2013-05-01 In Indigenous North American film Native Americans tell their own stories and thereby challenge a range of political and historical contradictions including egregious misrepresentations by Hollywood Although Indians in film have long been studied especially as characters in Hollywood westerns Indian film itself has received relatively little scholarly attention In Imagic Moments Lee Schweninger offers a much needed corrective examining films in which the major inspiration the source material and the acting are essentially Native Schweninger looks at a selection of mostly narrative fiction films from the United States and Canada and places them in historical and generic contexts Exploring films such as Powwow Highway Smoke Signals and Skins he argues that in and of themselves these films constitute and in fact emphatically demonstrate forms of resistance and stories of survival as they talk back to Hollywood Self representation itself can be seen as a valid form of resistance and as an aspect of a cinema of sovereignty in which the Indigenous peoples represented are the same people who engage in the filming and who control the camera Despite their low budgets and often nonprofessional acting Indigenous films succeed in being all the more engaging in their own right and are indicative of the complexity vibrancy and survival of myriad contemporary Native
