Three Hundred Years of Decadence Robert Azzarello, 2019-04-09 New Orleans's reputation as a decadent city stems in part from its environmental precariousness its Francophilia its Afro Caribbean connections its Catholicism and its litany of alleged vices encompassing prostitution miscegenation homosexuality and any number of the seven deadly sins An evocative work of cultural criticism Robert Azzarello's *Three Hundred Years of Decadence* argues that decadence can convey a more nuanced meaning than simple decay or decline conceived in physical social or moral terms Instead within New Orleans literature decadence possesses a complex even paradoxical relationship with concepts like beauty and health progress and technological advance Azzarello presents the concept of decadence along with its perception and the uneasy social relations that result as a suggestive avenue for decoding the long shifting story of New Orleans and its position in the transatlantic world By analyzing literary works that span from the late seventeenth century to contemporary speculations about the city's future Azzarello uncovers how decadence often names a transfiguration of values in which ideas about supposed good and bad cannot maintain their stability and end up morphing into one another These evolving representations of a decadent New Orleans which Azzarello traces with attention to both details of local history and insights from critical theory reveal the extent to which the city functions as a contact zone for peoples and cultures from Europe Africa and the Americas Drawing on a deep and understudied archive of New Orleans literature Azzarello considers texts from multiple genres fiction poetry drama song and travel writing including many written in languages other than English His analysis includes such works of transcription and translation as George Washington Cable's *Creole Slave Songs* and Mary Haas's *Tunica Texts* which he places in dialogue with canonical and recent works about the city as well as with neglected texts like Ludwig von Reizenstein's German language serial *The Mysteries of New Orleans* and Charles Chesnutt's novel *Paul Marchand F M C* With its careful analysis and focused scope *Three Hundred Years of Decadence* uncovers the immense significance historically politically and aesthetically that literary imaginings of a decadent New Orleans hold for understanding the city's position as a multicultural transatlantic contact zone

The Berkeley Literary Women's Revolution Marsha Hudson, Bridget Connelly, Doris Earnshaw, 2005 Even during the late 1960s academia remained largely the province of men That began to change at the University of California at Berkeley in 1969 when Marsha Hudson posted notices across campus proposing a feminist literary salon The purpose was to discuss women's literature a few female writers received passing notice in the classroom but the multitude was either ignored or forgotten The informal gatherings continued for years growing into an activist movement that established the first Women's Studies major at Berkeley helped produce the first major anthologies of women's poetry and fought for equality and recognition in every corner of the education system They risked their academic futures in the process but the efforts of those women and others helped change the face and shape of higher learning forever These 16

essays were written by members of Marsha's Salon and its successors the Comparative Literature Women's Caucus a group of female graduate students at UC Berkeley organized in 1969 by Marsha Hudson The group met for years and helped lead the charge to bring sexual equality to all facets of education These annotated essays recount the atmosphere of the time that made change necessary the upheaval brought about by the feminist revolution in education the direction that the movement took and the current state of feminist learning in academia An appendix features period letters and documents from group members regarding the need for changes at Berkeley as well as statistical information about women's studies and related subjects

The Eco-poetry Anthology Ann Fisher-Wirth, Laura-Gray Street, 2013-02-12 Definitive and daring *The Eco-poetry Anthology* is the authoritative collection of contemporary American poetry about nature and the environment in all its glory and challenge From praise to lament the work covers the range of human response to an increasingly complex and often disturbing natural world and inquires of our human place in a vastness beyond the human To establish the antecedents of today's writing *The Eco-poetry Anthology* presents a historical section that includes poetry written from roughly the mid nineteenth to the mid twentieth century Iconic American poets like Walt Whitman and Emily Dickinson are followed by more modern poets like Wallace Stevens William Carlos Williams Ezra Pound and even more recent foundational work by poets like Theodore Roethke Elizabeth Bishop Robert Hayden and Muriel Rukeyser With subtle discernment the editors portray our country's rich heritage and dramatic range of writing about the natural world around us

In *Aggregate of Disturbances* Michele Glazer confronts the slipperiness of language and perception as she probes natural processes the lives of insects the uncertainty of love and the deaths of human beings Nature's beauty interests Glazer less than the fact that it is chaotic amoral redundant charming and indifferent to human concern qualities that are in these poems turned into another kind of beauty The stalk was knocked flat the allium's great lavender sphere kissed the dirt in the aftermath the pendulous blossomed tip bobbed like a wand madly attempting to enchant enchant enchant I wanted to believe that it happened to amuse me These taut lyrical poems negotiate between desire for something irrefutable and an uneasy bedrock of paradox In the interstices *Aggregate of Disturbances* breaks open language and experience to offer a glimpse of the eye on the other side
