ethnic studies but of Canadian history *Nazi Antisemitism and Jewish Legal Self-Defense* David Fraser, 2023-09-01 One of the first to provide a socio legal comparative history of under studied or ignored Jewish attempts in the 1930s Anglosphere to counter the rise in fascist and Nazi antisemitism this book examines the ways in which Jewish individuals and organized communal bodies in the mid to late 1930s sought to counter this increasing antisemitic violence physical and verbal by using the law against their fascist and Nazi attackers This is the first study to explore how Jews in these countries organized themselves brought their oppressors to court while seeking to convince their governments that an attack on Jews was a threat to the social order The book analyzes the networks of knowledge and the personal relationships between and among key actors and institutions of the Antisemitic International Nazi nationalists always participated in networks that transcended borders Case studies from Canada South Africa the United Kingdom and the United States illustrate the ways in which different mechanisms of Jewish resistance were deployed throughout the mid to late 1930s They embody significant concerns about the turn to law and the importance of litigation and legislation Grounded in original archival research on three continents the book examines the ways in which professional legal discourse about public order and democratic citizenship proffered by Jewish communities and individual Jews was countered by their Nazi opponents with legal and political arguments about truth persecution and Jewish perfidy The book will be of interest to students academics and researchers working in the areas of Legal History History Jewish Studies the study of Antisemitism and the History of the far right fascism and Nazism The Swastika and the Maple Leaf Lita-Rose Betcherman, 1975 The Routledge Introduction to Twentieth- and Twenty-First-Century Canadian Poetry Erin Wunker, 2022-11-21 When asked the question what is the power of poetry writer Ian Williams said poetry punctures the surface Williams statement that poetry matters and that it does something is at the heart of this book Building from this core idea that poetry perforates the everyday to give greater range to our lives and our thinking the practical and pedagogical aim of this book is twofold the first aim is to provide students with an introduction to the key cultural political and historical events that inform twentieth and twenty first century Canadian poetry and to familiarize those same readers with poetic movements trends and forms of the same time period This book addresses the aesthetic and social contexts of Canadian poetry written in the twentieth and twenty first centuries it models for its readers the critical and theoretical discourses needed to understand the contexts of literary production in Canada Put differently readers need a sense of the where and how of poetic production to help situate them in the what of poetry itself In addition to offering a historically contextualized overview of the significant movements developments and poets of this time period this book also familiarizes readers with key moments of reflection and rupture such as the effects of economic and ecological crisis global conflicts and debates around appropriation of culture This book is built on the premise that poetry in Canada does not happen outside of political social and cultural contexts Ernest Lapointe and Quebec's Influence on Canadian Foreign Policy John MacFarlane, 1999-01-01 The influence of Ernest Lapointe in 20th century Canadian political

history is one of the least understood Analysing 17 foreign policy decisions the author uncovers Lapointe's relationship with Mackenzie King and the voice of Quebec he represented **Holocaust Denial** Robert S. Wistrich,2012-10-01 Holocaust Denial The Politics of Perfidy provides a graphic and compelling global panorama of past and present variations on this toxic phenomenon The volume examines right and left wing French negationism post Communist Holocaust deniers in Eastern Europe the spread of denial to Australia Canada South Africa and even to Japan Leading scholarly experts also explore the close connection between Holocaust denial global conspiracy theories antisemitism and radical anti Zionism especially in Iran and the Arab world **Brothers Beyond the Sea** Jonathan F. Wagner,2010-10-30 During the years 1933 to 1939 a pro Nazi movement developed in Canada With the support of the German National Socialist Party Canadian pro Nazi institutions were formed clubs rallies schools and newspapers The movement ended in failure The author analyzes the reasons for the formation and decline of the National Socialist Party in Canada describing in the process the general characteristics of the German community in Canada the extent of Nazi activity in this country and the influence of the Canadian environment on the movement The book well researched and carefully documented is an original contribution to Canadian history of the 1930s *Social Discredit* Janine Stingel,2000-02-24 By examining Social Credit's anti Semitic propaganda and the reaction of the Canadian Jewish Congress Stingel details their mutual antagonism and explores why Congress was unable to stop Social Credit's blatant defamation She argues that Congress's ineffective response was part of a broader problem in which passivity and a belief in quiet diplomacy undermined many of its efforts to combat intolerance Stingel shows that both Social Credit and Congress changed considerably in the post war period as Social Credit abandoned its anti Semitic trappings and Congress gradually adopted an assertive and pugnacious public relations philosophy that made it a champion of human rights in Canada Social Discredit offers a fresh perspective on both the Social Credit movement and the Canadian Jewish Congress substantively revising Social Credit historiography and providing a valuable addition to Canadian Jewish studies Canada and the Birth of Israel David J. Bercuson,1985-12-15 Canadian Zionists of the 1930s were anxious to involve their government in the Palestine question The pressure they brought to bear was fuelled by a new urgency when British policy in Palestine denied entry to Jewish refugees from the Nazi terror Today there is a widely held impression that the Canadian government responded quickly and sympathetically to that pressure Jews and Arabs alike each for their own purposes have created the image of a Canada friendly to Zionism and of Canadian policy directed by such pro Zionists as Lester Pearson But as David Bercuson demonstrates the truth is far more complex In fact Zionist efforts to involve Canada in the Palestine question met with considerable resistance from Ottawa even when Canada was elected to membership on the United Nations Special Committee on Palestine in 1947 The partition of Palestine was eventually supported by Canada but begrudgingly Ottawa viewed partition as the least lousy solution to a problem that was acutely sensitive both diplomatically and politically Hardly the champions of Zionism that it has generally been considered Canada is revealed in Bercuson's study as having

established a middle east policy not on moral or ideological grounds but on the basis of the politicians view of its own national interests

One of the Boys Paul Jackson,2010-03-15 A new edition of a book that has changed the way we think about sexual conduct and combat

Making a Middle Class Paul Axelrod,1990-10-01 Using a rich array of archival and quantitative sources and oral testimony from ex students across Canada Axelrod explores the characteristics and significance of university life during a trying decade He describes who went to university what they were taught how they amused themselves how they responded to the pressing political issues of the day and what became of them after graduation Axelrod argues that these students shared the aspirations of middle class communities elsewhere Dreading the prospect of downward social mobility they craved the status a university degree and professional credentials might produce Accordingly they forged an associational life on campus that challenged the control of paternalistic authorities perpetuated the values of middle class culture and helped them cope with the stresses of the time Women composed almost one quarter of the student population and faced discrimination inside and outside the classroom How they coped with this how they adapted their own expectations and how they contributed to campus and community culture are extensively discussed Through the prism of the student experience Making a Middle Class furnishes fresh insights into the social history of higher education the history of youth the history of the middle class and the history of the Depression

Interdisciplinary Approaches to Canadian Society Association for Canadian Studies,1990 Far more than a bibliographic account of the major works in Canadian Studies Interdisciplinary Approaches to Canadian Society provides a broad examination of the state of this growing field of study Each chapter stresses the importance of the interdisciplinary and multidisciplinary approaches which have come to characterize Canadian Studies Also in an unprecedented collaborative effort almost all the chapters are jointly authored by anglophone and francophone scholars The works on Quebec and the francophone community respect the distinct nature of this facet of Canada As stated in the introduction this work is a primer in the field and a guide to further pursuits Its users will welcome it as a friendly introduction to an exciting country

A Nation of Immigrants Franca Iacovetta,Paula Draper,Robert Ventresca,1998-05-23 This collection brings together a wide array of writings on Canadian immigrant history including many highly regarded influential essays Though most of the chapters have been previously published the editors have also commissioned original contributions on understudied topics in the field The readings highlight the social history of immigrants their pre migration traditions as well as migration strategies and Canadian experiences their work and family worlds and their political cultural and community lives They explore the public display of ethno religious rituals race riots and union protests the quasi private worlds of all male boarding houses and of female domestics toiling in isolated workplaces and the intrusive power that government and even well intentioned social reformers have wielded over immigrants deemed dangerous or otherwise in need of supervision Organized partly chronologically and largely by theme the topical sections will offer students a glimpse into Canada s complex immigrant past In order to facilitate classroom discussion

each section contains an introduction that contextualizes the readings and raises some questions for debate A Nation of Immigrants will be useful both in specialized courses in Canadian immigration history and in courses on broader themes in Canadian history

Delayed Impact Franklin Bialystok, 2000 In Delayed Impact Franklin Bialystok explores the evolution of the legacy of the Holocaust in the collective memory of the post war Canadian Jewish community He seeks to understand why the Holocaust's effect was relatively muted up to 1960 moved to the forefront with the rise of antisemitism in the 1960s and became a prominent concern and marker for Jewish ethnic identity after 1973 Bialystok begins by examining the years immediately following World War II showing that Canadian Jews were not psychologically equipped to comprehend the enormity of the Holocaust Unable to grasp the extent of the atrocities that had occurred in a world that was not theirs Canadian Jews were not prepared to empathize with the survivors and a chasm between the groups developed and widened in the next two decades He shows how the efflorescence of marginal but vicious antisemitism in Canada in the 1960s in combination with more potent antisemitic outrages internationally and the threat to Israel's existence led to an interest in the Holocaust He demonstrates that with the politicisation of the survivors and the maturation of the post war generation of Canadian Jews in the 1980s the memory of the Holocaust became a pillar of ethnic identity Combining previously unexamined documents and interviews with leaders in the Jewish community in Canada Bialystok shows how the collective memory of an epoch making event changed in reaction to historical circumstances His work enhances our understanding of immigrant adaptation and ethnic identification in a multi cultural society in the context of the post war economic and social changes in the Canadian landscape and sheds new light on the history of Canadian Jewry opening a new perspective on the effects of the Holocaust on a community in transition Franklin Bialystok is a part time lecturer in the Department of History at the University of Toronto and the University of Waterloo He has published numerous articles on the Holocaust in various journals and edited collections

Like Everyone Else but Different Morton Weinfeld, 2018-03-21 Liberal democratic societies with diverse populations generally offer minorities two usually contradictory objectives the first is equal integration and participation the second is an opportunity within limits to retain their culture Yet Canadian Jews are successfully integrated into all domains of Canadian life while at the same time they also seem able to retain their distinct identities by blending traditional religious values and rituals with contemporary cultural options Like Everyone Else but Different illustrates how Canadian Jews have created a space within Canada's multicultural environment that paradoxically overcomes the potential dangers of assimilation and diversity At the same time this comprehensive and data driven study documents and interprets new trends and challenges including rising rates of intermarriage newer progressive religious options finding equal space for women and LGBTQ Jews tensions between non Orthodox and Orthodox Jews and new forms of real and perceived anti-Semitism often related to Israel or Zionism on campus and elsewhere The striking feature of the Canadian Jewish community is its diversity While this diversity can lead to cases of internal conflict it also offers opportunities for

adaptation and survival Seventeen years after its first publication this new edition of Like Everyone Else but Different provides definitive updates that blend research studies survey and census data newspaper accounts and articles and the author s personal observations and experiences to provide an informative provocative and fascinating account of Jewish life and multiculturalism in contemporary Canada

The Riot at Christie Pits Cyril Levitt, William Shaffir, 2019-01-24 Ethnic tensions had been rising in Toronto throughout the hot summer of 1933 Hitler had recently come to power in Germany and some residents of the eastern beaches neighbourhood had formed Swastika Clubs to protect their community from undesirable elements On August 16 at Toronto s Christie Pits a baseball game between two local teams one made up of Jewish players ignited the simmering resentments Some troublemakers unfurled a huge swastika flag shouting Heil Hitler Retaliation from Jewish spectators and players was swift and reinforcements for both sides poured into the park The result never experienced in Toronto before or since was a four hour race riot The riot at Christie Pits remains a disturbing even legendary part of the city s history Authors Cyril Levitt and William Shaffir carefully sifting fact from fiction provide a compelling perspective on how ordinary Canadians reacted to the intensifying antisemitism in Europe
