The Hebrew Impact On Western Civilization:

The Hebrew Impact on Western Civilization Dagobert D. Runes, 2015-05-26 An eye opening classic volume on the enduring cultural impact of the Jewish people This authoritative work considers the creative and cultural influence of the Jews throughout our time At more than 800 pages D D Runes has compiled a mid twentieth century account of the various contributions in many spheres in which the Jews have had an impact on western civilization Eminent scholars consider the ways in which the Jews contributed toward the making of modern society and helped in raising human standards and values Richard Van Dyck in *The Jewish Influence on Journalism* observes that the preponderance of Jewish newspapermen disproves the commonly held belief that Jewish journalism is necessarily subversive William B Ziff s *The Jew as Soldier Strategist and Military Adviser* delineates the successes of Jewish military forces throughout history Dr Abraham I Katsh discusses *The Hebraic Foundations of American Democracy* noting the influence of Hebrew Scriptures on standards of conduct in western civilization Curtis Lubinski s *The Jew in Drama Theatre and Film* traces the success of Jewish performers and dramatists The essays compiled in this volume are a fascinating and expansive look at the far reaching impact Jews have had on Western life

Runes, 2013-10 This is a new release of the original 1951 edition *The Hebrew Impact on Western Civilization* Dagobert David Runes, 1951 *The Hebrew Impact on Western Civilization. Edited by D. D. Runes. [Essays by Various Authors.]* Dagobert David RUNES, 1951 **The Jewish World In Modern Times** Abraham J Edelheit, Hershel Edelheit, 2019-09-10 The momentous events of modern Jewish history have led to a proliferation of books and articles on Jewish life over the last 350 years Placing modern Jewish history into both universal and local contexts this selected annotated bibliography organizes and categorizes the best of this vast array of written material The authors have included all English language books of major importance on world Jewry and on individual Jewish communities plus books most readily available to researchers and readers and a select number of pamphlets and articles The resulting bibliography is also a guide to recent Jewish historiography and research methods **Moses, Muhammad and Nature's God in Early American Religious-Legal History, 1640-1830** R. Charles Weller, 2024-09-23 This is the first comparative study of Mosaic and Islamic law in American history to be published Constructing a complex picture in trans Atlantic trans European and world historical perspectives this book elucidates the intersections that lie beneath and behind the rise of the debates in the 1990s and 2000s over the promotion of the Ten Commandments and Mosaic Law as alleged sources of American Constitutional law and symbols of American national identity These debates have taken shape in close connection with resurgent anti Semitism anti Sharia protests and anti Sharia legislation throughout the United States and other Western societies **The Jewish Mind** Raphael Patai, 1996 A landmark exploration of Jewish history and culture First published in 1977 *The Jewish Mind* provides a penetrating insight into the complex collective reality of the Jewish people Raphael Patai examines how six great historical encounters spanning three millennia between the Jews

and other cultures led to both change and continuity in Jewish communities throughout the global diaspora A timeless analysis by a prominent scholar Patai a noted cultural anthropologist and historian drew on a lifetime of research and personal experience to explore the contemporary Jewish mind in its many manifestations including an exploration of the notion of Jews as a race an investigation into Jewish intelligence and talents as discussion of Jewish self hate and a profile of Jewish personality and character An insightful new foreword by Ari L Goldman Bestselling author and journalist Ari L Goldman places the book in the context of recent turbulent events especially in the Middle East and confirms Patai's conclusion that Judaism remains enormous value to humankind Goldman calls the book a brilliant and absorbing survey of everything poured into the Jewish mind over the millennia The Jewish Mind is a towering work of scholarship that remains relevant to anyone trying to understand Jewish culture and society around the world today Book jacket

Jacob Rader Marcus, 2018-02-05 The third volume covers the period from 1860 to 1920 beginning with the Jews slavery and the Civil War and concluding with the rise of Reform Judaism as well as the increasing spirit of secularization that characterized emancipated prosperous liberal Jewry before it was confronted by a rising tide of American anti-Semitism in the 1920s A History of the Middle East

Langman, 1999-08 While people are learning about the identities and accomplishments of various racial and ethnic minorities Jewish identity and accomplishments are ignored Programs educate and sensitize people to racism sexism and homophobia but antisemitism is overlooked The purpose of this book is to get Jews and Jewish issues included within the multicultural curriculum The author begins by presenting information about Judaism and Jewish cultures The racial ethnic and religious differences among Jews are presented in order to inform readers about the extent of diversity within the Jewish community Judaism as a religion is presented in terms of its basic values and the impact that these values and the practices that follow from them have had on Western civilization This material is important because it dispels misconceptions that many people have regarding Judaism
