Alexander Adelaar, Nikolaus Himmelmann, 2005 An essential source of reference for this linguistic community as well as for linguists working on typology and syntax **A Dictionary of Austronesian Monosyllabic Roots (Submorphemes)** Robert Blust, 2022-06-06 This book documents an understudied phenomenon in Austronesian languages namely the existence of recurrent submorphemic sound meaning associations of the general form CVC It fills a critical gap in scholarship on these languages by bringing together a large body of data in one place and by discussing some of the theoretical issues that arise in analyzing this data Following an introduction which presents the topic it includes a critical review of the relevant literature over the past century and discussions of the following 1 problems in finding the root the needle in the haystack problem 2 root ambiguity 3 controls on chance as an interfering factor 4 unrecognized morphology as a possible factor in duplicating evidence 5 the shape structure of the root 6 referents of roots 7 the origin of roots 8 the problem of distinguishing false cognates produced by convergence in root bearing morphemes from legitimate comparisons resulting from divergent descent and 9 the problem of explaining how submorphemes are transmitted across generations of speakers independently of the morphemes that host them The remainder of the book consists of a list of sources for the 197 languages from which data is drawn followed by the roots with supporting evidence a short appendix and references *The Sulu Zone* Desiree A. Quintero, Wayland Quintero, Mayco A. Santaella, 2024-12-16 The Sulu Zone A Maritime Cultural Complex revisits enduring links for the conceptualisation of the Sulu Zone as a present day cultural complex Honouring Ric Trimillos a leading ethnomusicologist researching and supporting the study of music and dance in the southern Philippines since 1960 this volume explores heritage language social and political facets in the Southern Philippines east Malaysian state of Sabah east Kalimantan Central and North Sulawesi in Indonesia and the surrounding Sulu and Celebes seas This project ultimately seeks to contribute to society's understanding of the history contemporary cultures and rich traditions of communities within the Sulu Zone *Compound Intonation Units in Totoli* Christoph Bracks, 2024-02-14 This book is an investigation into aspects of prosody intonation and the prosody syntax interface in Totoli an endangered Austronesian language With a strongly data driven approach the study integrates a combination of experimental evidence from both production and perception with corpus based evidence through descriptive and inferential statistics The study takes the prime structuring unit of speech the Intonation Unit as its principal unit of investigation It presents a thorough description of the IU develops an intonational model of it and investigates the syntactic units it contains The author argues that the data is best analysed by assuming recursive embedding of Intonation Units into Compound Intonation Units This research

represents a significant advancement in our understanding of the nature of prosodic systems found in the languages of the region and in intonational systems in general It is one of the few investigations into the intonation of Austronesian languages and its analytical proposals are relevant both to prosodic theory and to phonological typology *Symmetrical Voice and Linking in Western Austronesian Languages* Sonja Riesberg, 2014-08-19 This book is an in depth study of the voice systems of Totoli Balinese Indonesian and Tagalog which shows that the symmetrical nature of these systems poses a problem to current linking theories It provides an analysis of symmetrical linking within two grammatical theories LFG RRG and develops a modified LFG linking mechanism that sheds light on the differences as well as the similarities of symmetrical and asymmetrical voice systems **The Oxford Guide to the Malayo-Polynesian Languages of Southeast Asia** Alexander Adelaar, Antoinette Schapper, 2024-06-27 This volume presents the most wide ranging treatment available today of the Malayo Polynesian languages of Southeast Asia and their outliers It offers a comprehensive account of the historical relations and typological diversity in the group including current debates in their prehistories and descriptive priorities for future study *Valency over Time* Silvia Luraghi, Elisa Roma, 2021-10-25 Valency patterns and valency orientation have been frequent topics of research under different perspectives often poorly connected Diachronic studies on these topics is even less systematic than synchronic ones The papers in this book bring together two strands of research on valency i e the description of valency patterns as worked out in the Leipzig Valency Classes Project ValPaL and the assessment of a language s basic valency and its possible orientation Notably the ValPaL does not provide diachronic information concerning the valency patterns investigated one of the aims of the book is to supplement the available data with data from historical stages of languages in order to make it profitably exploitable for diachronic research In addition new research on the diachrony of basic valency and valency alternations can deepen our understanding of mechanisms of language change and of the propensity of languages or language families to exploit different constructional patterns related to transitivity *Language* , 2003 Proceedings of the annual meeting of the Society in v 1 11 1925 34 After 1934 they appear in Its Bulletin **The Austronesian Languages** R.
