The Source John Clayton,2010-06-15 What is the origin of the world and of life itself Did a series of accidents and evolution bring about the world as we know it Or is there a design and purpose behind it all And if there is a design is there an ultimate designer A number of years ago John Clayton a second generation atheist and respected scientist and teacher set out to disprove the Bible from a scientific point of view Instead his six year study brought him to a profound faith in the God of the Bible Now in this highly informative and easy to understand book John Clayton and Nils Jansma a geotechnical engineer and geologist present convincing evidence that the Bible and the facts of science agree As the public moves away from a belief in God as Creator of our heaven and earth it becomes imperative that all believers be well informed on this vital subject This book will become a resource you will use again and again *What in the World Is God Up To?* Michael M. Christensen,2022-05-24 Have you ever wondered what the God of the Bible is up to Have you asked what he is trying to accomplish considering the state of our world and your own life Is he paying attention while nations war against nation when innocents die at the hands of terrorists when crime cripples families when individuals can t seem to get their lives together Is he at fault Are we How does he plan to make right everything that has gone wrong And we know this world has gone wrong Does he really love us If he does how has he shown it Is this world all there is or should I hope for something more something better and eternal If you ve had questions like these then this book is for you Read on for a discussion of God s working through creation turning away sin reconciliation and restoration heaven and see what you might have missed see what God is really up to **Books in Print Supplement** ,2002 **American Book Publishing Record** ,2001 *Forthcoming Books* Rose Army,2001 **The Source** John N.
