Ways of Sensing David Howes, Constance Classen, 2013-10-30

*Ways of Sensing* is a stimulating exploration of the cultural, historical and political dimensions of the world of the senses. The book spans a wide range of settings and makes comparisons between different cultures and epochs revealing the power and diversity of sensory expressions across time and space. The chapters reflect on topics such as the tactile appeal of medieval art, the healing power of Navajo sand paintings, the aesthetic blight of the modern hospital, the role of the senses in the courtroom and the branding of sensations in the marketplace. Howes and Classen consider how political issues such as nationalism, gender equality and the treatment of minority groups are shaped by sensory practices and metaphors. They also reveal how the phenomenon of synaesthesia or mingling of the senses can be seen as not simply a neurological condition but a vital cultural mode of creating social and cosmic interconnections. Written by leading scholars in the field, *Ways of Sensing* provides readers with a valuable and engaging introduction to the life of the senses in society.

*The Art of Being Jewish in Modern Times* Barbara Kirshenblatt-Gimblett, Jonathan Karp, 2013-02-11

The wide ranging portrayal of modern Jewishness in artistic terms invites scrutiny into the relationship between creativity and the formation of Jewish identity and into the complex issue of what makes a work of art uniquely Jewish. Whether it is the provenance of the artist as in the case of popular Israeli singer Zehava Ben, the intention of the iconography as in Ben Shahn's antifascist paintings or the utopian ideals of the Jewish Palestine Pavilion at the 1939 New York World's Fair clearly no single formula for defining Jewish art in the diaspora will suffice. *The Art of Being Jewish in Modern Times* is the first work to analyze modern Jewry's engagement with the arts as a whole including music, theater, dance, film, museums, architecture, painting, sculpture and more. Working with a broad conception of what counts as art the book asks the following questions: What roles have commerce and politics played in shaping Jewish artistic agendas? Who determines the Jewishness of art and for what purposes? What role has aesthetics played in reshaping

religious traditions and rituals This richly illustrated volume illuminates how the arts have helped Jews confront the various challenges of modernity including cultural adaptation and self preservation economic diversification and ritual transformation There truly is an art to being Jewish in the modern world or alternatively an art to being modern in the Jewish world and this collection fully captures its range diversity and historical significance     *Hospitality Design* ,2006     **Design**
