security But has home ownership truly empowered women or were the reports merely celebratory rhetoric that disguised more disquieting trends To get at the reality behind the rhetoric Sex and the Revitalized City explores the phenomenon from the perspective of planners developers and women condo owners to reveal that women s relationship with the city is being remade in the image of fast capital and consumer citizenship As filtered through condominium ownership neoliberal ideologies are not freeing women from constraints they are reinforcing patriarchal norms This fresh look at urban revitalization exposes the notion of women s emancipation through condominium ownership as a marketing ploy rather than a major shift in gender relations
