# The Formation Of National Elites

**Nicolò Conti, Borbála Göncz, José Real-  
Dato**

## **The Formation Of National Elites:**

*The Formation of National Elites* Andreas Kappeler, Adanir Fikret, Alan O'Day, 1992 Following the French Revolution and the Napoleonic Wars the creation and consolidation of nation states became one of the overriding issues of European politics. It dominated the actions and aspirations of politicians and peoples throughout the 19th century and was a major cause of the increasingly disastrous conflicts towards the turn of the century culminating in the First and on a different scale the Second World War. At the same time as large states were coming into being some peoples and nations lost the degree of statehood they had enjoyed earlier in their history. Some groups and minorities were neglected in the process of national self affirmation. Some territories and fragmented sections became an issue of dispute and conflict between neighbouring countries and some minorities and immigrant communities became detached from their home territory.

**National Political Elites, European Integration and the Eurozone Crisis** Nicolò Conti, Borbála Göncz, José Real-Dato, 2018-06-18 The global financial economic and sovereign debt crisis since 2008 has led to increases in political disaffection among citizens, a loss of legitimacy of political institutions, the discredit of mainstream parties and the rise of extremist or anti system political alternatives. This comparative volume sheds greater light on this critical juncture in the recent history of the European Union (EU) by focusing on the evolution of attitudes of national political elites. It examines whether the crisis has affected the legitimacy of the EU integration project as perceived by national political elites and consequently if the elite consensus that constituted one of the most solid fundamentals supporting that project has been eroded. Analysing these changes across the different dimensions in which support for the EU is organized and its relationship with the evolution of support towards European integration among citizens in member states, the book addresses a basic question: How have these events affected the perceptions of the EU of national political elites? Ultimately it sheds light on the evolution of the relationship between the perception of the EU and the national contexts as well as the likely evolution of the project of European integration in the near future. This book will be of key interest to scholars and students of political elites, EU politics, European integration, political parties and more broadly to comparative politics, European studies and sociology.

**The Oxford Handbook of the History of Nationalism** John Breuilly, 2013-03-07 The Oxford Handbook of the History of Nationalism comprises thirty six essays by an international team of leading scholars providing a global coverage of the history of nationalism in its different aspects: ideas, sentiments and politics. Every chapter takes the form of an interpretative essay which by a combination of thematic focus, comparison and regional perspective enables the reader to understand nationalism as a distinct and global historical subject. The book covers the emergence of nationalist ideas, sentiments and cultural movements before the formation of a world of nation states as well as nationalist politics before and after the era of the nation state, with chapters covering Europe, the Middle East, North East Asia, South Asia, Southeast Asia, sub-Saharan Africa and the Americas. Essays on everyday national sentiment and race ideas in fascism are accompanied by chapters on nationalist movements opposed to existing nation states, nationalism and

international relations and the role of external intervention into nationalist disputes within states In addition the book looks at the major challenges to nationalism international socialism religion pan nationalism and globalization before a final section considering how historians have approached the subject of nationalism Taken separately the chapters in this Handbook will deepen understanding of nationalism in particular times and places taken together they will enable the reader to see nationalism as a distinct subject in modern world history Peasants, Politics, and the Formation of Mexico's National State

Peter F. Guardino, 1996 This is a study of the important but little understood role of peasants in the formation of the Mexican national state from the end of the colonial era to the beginning of La Reforma a moment in which liberalism became dominant in Mexican political culture The book shows how Mexico's national political system was formed through local struggles and alliances that deeply involved elements of Mexico's impoverished rural masses notably the peasants who took part in many of the local regional and national rebellions that characterized early nineteenth century politics These rebellions were not battles over whether or not there was to be a state they were contests over what the state was to be The author focuses on the region of Guerrero whose peasantry were deeply involved in the two most important broadly based revolts of the early nineteenth century the War of Independence of 1810-21 and the 1853-55 Revolution of Ayutla the rebellion that began La Reforma The book's central contention is that there are fundamental links between state formation elite politics popular protest and the construction of Mexico's modern political culture Various elite groups advanced different models of the state which in turn had different implications for and impacts on the lives of Mexico's lower classes Contesting elites formed alliance with segments of Mexico's peasantry as well as the urban poor and these alliances were crucial in determining national political outcomes Thus the participation of wide sectors of the population in politics for varying reasons and the subsequent learning of tactics and elaborations of discourse left an enduring mark on Mexico's political system and culture *National and Transnational Elite Influences on Education* Romuald Normand, Leif Moos, Luís Miguel

Carvalho, 2025-06-28 This collection focuses on transformations in the governance of education paying attention to the transnationalisation of educational policies and the emergence of new actors in education It focuses on the knowledge and instruments of government that shape education systems at different scales of governance The book is a contribution to this field of research focusing on the new roles and responsibilities of elites inside and outside the education state It offers in depth case studies based on an international comparison examining the dynamics at work in the production and circulation of knowledge the interplay of interests and power and the ability of elites to define and lead public action programmes The research and reflections presented in this book will help students researchers practitioners and policy makers to better understand the transformations in decision making at a time of globalisation and nationalism in education **New**

**Directions in Elite Studies** Olav Korsnes, Johan Heilbron, Johs. Hjelldrekk, Felix Bühlmann, Mike Savage, 2017-12-06 Since the financial crisis the issue of the one percent has become the centre of intense public debate unavoidable even for

members of the elite themselves Moreover inquiring into elites has taken centre stage once again in both journalistic investigations and academic research New Directions in Elite Studies attempts to move the social scientific study of elites beyond economic analysis which has greatly improved our knowledge of inequality but is restricted to income and wealth In contrast this book mobilizes a broad scope of research methods to uncover the social composition of the power elite the field of power It reconstructs processes through which people gain access to positions in this particular social space examines the various forms of capital they mobilize in the process economic but also cultural and social capital and probes changes over time and variations across national contexts Bringing together the most advanced research into elites by a European and multidisciplinary group of scholars this book presents an agenda for the future study of elites It will appeal to all those interested in the study of elites inequality class power and gender inequality

**The Baltic States Under Stalinist Rule** Olaf Mertelsmann, 2016-03-07 Proceedings from a workshop held at the University of Tartu Estonia in 2008

**The Formation of National Elites** Andreas Kappeler, Adanir Fikret, 1992

*Classes and Elites in Democracy and Democratization* Eva Etzioni Halevy, 2020-03-25 This collection of readings has been compiled on the assumption that for an adequate explanation of the success and failure the strengths and weaknesses of democracy it is necessary to resort to both class and elite theories and to strive for the future development of the extant beginnings of a synthesis between them For this purpose it presents the most central and intellectually outstanding readings that illustrate the manner in which the two theories have analyzed democracy as well as democratization in various parts of the world

[The XXth Century Political History of Russia: lecture materials](#) Bordyugov G., Devyatov S., Kotelenets E., 2016-02-08 The XXth Century Political History of Russia presents lecture materials for academics working with undergraduate graduate and postgraduate students as well as researchers of Russian history The chapters are an unusual insight into the Russian past which makes the readers think analyze and also reconsider some events of the Russian history It is an exciting blend of stories of the past and future trends allowing to make forecasts and predictions

**The Affirmative Action Empire** Terry Martin, 2001-02-15 The Soviet Union was the first of Europe's multiethnic states to confront the rising tide of nationalism by systematically promoting the national consciousness of its ethnic minorities and establishing for them many of the institutional forms characteristic of the modern nation state In the 1920s the Bolshevik government seeking to defuse nationalist sentiment created tens of thousands of national territories It trained new national leaders established national languages and financed the production of national language cultural products This was a massive and fascinating historical experiment in governing a multiethnic state Terry Martin provides a comprehensive survey and interpretation based on newly available archival sources of the Soviet management of the nationalities question He traces the conflicts and tensions created by the geographic definition of national territories the establishment of dozens of official national languages and the world's first mass affirmative action programs Martin examines the contradictions inherent in the Soviet nationality policy which sought simultaneously to foster

the growth of national consciousness among its minority populations while dictating the exact content of their cultures to sponsor national liberation movements in neighboring countries while eliminating all foreign influence on the Soviet Union's many diaspora nationalities Martin explores the political logic of Stalin's policies as he responded to a perceived threat to Soviet unity in the 1930s by re-establishing the Russians as the state's leading nationality and deporting numerous enemy nations

A State of Nations Ronald Grigor Suny, Terry Martin, 2001-11-29 This collected volume edited by Ron Suny and Terry Martin shows how the Soviet state managed to create a multiethnic empire in its early years from the end of the Russian Revolution to the end of World War II Bringing together the newest research on a wide geographic range from Russia to Central Asia this volume is essential reading for students and scholars of Soviet history and politics **Elite**

**Foundations of Liberal Democracy** John Higley, Michael Burton, 2006-07-27 This compelling and convincing study represents the culmination of the authors' several decades of research on the pivotal role played by elites in the success or failure of political regimes Revising the classical theory of elites and politics John Higley and Michael Burton distinguish basic types of elites and associated political regimes They canvas political change during the modern historical and contemporary periods to identify circumstances and ways in which the sine qua non of liberal democracy a consensually united elite has formed and persisted The book considers an impressive body of cases examining how consensually united elites have fostered forty-five liberal democracies and how disunited or ideologically united elites have thus far prevented liberal democracy in more than one hundred other countries The authors argue that obstacles to the emergence of elites propitious for liberal democracy are more formidable than democratization enthusiasts recognize They assess prospects for the transformation of disunited and ideologically united elites where they now exist ask whether current challenges to Western liberal democracies will undermine their consensually united elites and explore what the rise of the distinctive elite clustered around George W Bush may portend for America's liberal democracy The authors' powerful and important argument reframes our thinking about liberal democracy and questions optimistic assumptions about the prospects for its spread in the twenty-first century

Elites and Classes in the Transformation of State Socialism David Lane, 2017-09-08 The year 2011 marks the twentieth anniversary of the end of the Soviet Union This may be an appropriate time to evaluate the adoption by previously state socialist societies of other economic and political models The transition has sometimes been described in positive terms as a movement to free societies with open markets and democratic elections Others have argued that the transition has created weak poverty-stricken states with undeveloped civil societies ruled by unresponsive political elites Which is the more accurate assessment David Lane examines a few of the theoretical approaches that help explain the trajectory of change from socialism to capitalism He focuses on two main approaches in this volume elite theories and social class Theories dwelling on the role of elites regard the transformation from socialism to capitalism as a type of system transfer in which elites craft democratic and market institutions into the space left by state socialism Lane contrasts this

interpretation with class based theories which consider transformation in terms of revolution and explain why such theories have not been considered the best way of framing the transition in the post socialist states While recognizing that elites can play important roles and have the capacity to transform societies Lane contends that elite theories alone are inadequate to explain a system change that brings free markets In contrast he proposes a class approach in which two groups characterize state socialism an administrative class and an acquisition class

### **Reexamining the National-Philological Legacy**

Vladimir Biti,2014-01-02 Has thinking working and teaching in terms of national literatures become obsolete in today s globalized world of hyphenated languages literatures and cultures Since the rise of modern European national philologies coincided with the emergence of modern European nation states does the dissolution of the latter in the European supranational unity imply the suspension of the former Or we must on the contrary consider the fact that today s Europe is not only postnational but in its re nationalized East Central European part post multinational as well i e emerging out of the breakdown of the postimperial state formations such as the Soviet Union Czechoslovakia and Yugoslavia

### **Elite**

**Configurations at the Apex of Power** Mattei Dogan,2002-12-01 This book prepared under the auspices of the IPSA Research Committee on Political Elites focuses on the interpenetration between various types of elites politicians owners of capital corporate managers higher state administrators directors of public enterprises controllers of media military officers and the civic cultural establishment The contributions to this book reveal contrasting patterns of recruitment and selection in terms of career paths visibility influence and power of different elite circles This diversity of national elite configurations challenges the C Wright Mills theory of an integrated power elite which appears from a comparative perspective to be peculiar to the United States during the early post war period Key concepts are discussed and empirically tested ruling class political class elite circulation versus elite reproduction elite interpenetration elite interlocks elite cohesion elite osmosis functional elite roles formal and informal networks elite cousinhood separation versus overlapping between wealth and power and between power and social capital The book covers a great variety of countries post industrial democracies France Britain Germany Canada new democracies East Central Europe Mexico and modernizing regimes Southeast Asia Tropical Africa presented by an international selection of distinguished contributors Andras Bozoki Roderic Camp William Case Jean Pascal Daloz Mattei Dogan Dennis Kavanagh Michael Ornstein David Richards Erwin Scheuch and John Scott

### **The Formation Of National Elites Introduction**

The Formation Of National Elites Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Formation Of National Elites Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Formation Of National Elites : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Formation Of National Elites : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Formation Of National Elites Offers a diverse range of free eBooks across various genres. The Formation Of National Elites Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Formation Of National Elites Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Formation Of National Elites, especially related to The Formation Of National Elites, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Formation Of National Elites, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Formation Of National Elites books or magazines might include. Look for these in online stores or libraries. Remember that while The Formation Of National Elites, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Formation Of National Elites eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Formation Of National Elites full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Formation Of National Elites eBooks, including some popular titles.

## FAQs About The Formation Of National Elites Books

**What is a The Formation Of National Elites PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Formation Of National Elites PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Formation Of National Elites PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Formation Of National Elites PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Formation Of National Elites PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
