The Fracture Of Faith Recovering Belief Of The Gospel In A Postmodern World:

The Fracture of Faith Douglas Vickers, 2000 The church is capitulating to a business organizational ethos and to entanglements with cultural and political movements By surrendering its grasp of the biblical evangel it has left the people without clear directives for life and belief When God Converts a Sinner Douglas Vickers, 2008-08-01 In an age of theological innovation and doctrinal discount the heritage of evangelical Reformed theology is in increasing danger of betrayal Old established understandings of the faith once delivered to the saints are under attack disturbing the peace of the church tarnishing its witness and challenging its purity Against the pressures of newer fashions in thought Douglas Vickers here returns to the seventeenth century confessions of faith and illustrates from successive chapters common to three of those confessions the ways in which and the reasons why traditional beliefs and doctrinal constructions are to be preserved Among questions examined with biblically informed insight are the relation between eternity and time and its significance for the gospel of redemption the meaning and function of saving faith the accomplishment of redemption by the incarnate Christ the significance of his heavenly high priestly office the high doctrine of the Christian believer's union with Christ and the implications these doctrinal realities hold for the Christian life In a discussion of contemporary theologies When God Converts a Sinner examines such innovations as the New Perspective on Paul Federal Vision theology Shepherdism and other attempts to effect a paradigm shift in historically received theology *The Immediacy of God* Douglas Vickers, 2009-05-13 The confessing church in our time treats lightly the doctrinal deposit of its theological inheritance The clamor of competition for the reconstruction of belief systems has too often neglected older and more secure moorings In a postmodern age that countenances individual belief idiosyncrasies and accords them sanctity the answer to the ordinary man's question What is the gospel is often clouded and confused Against doctrinal uncertainties and insecurities *The Immediacy of God* brings back into prominence a number of foundational issues related to the doctrines of God and salvation of theology and soteriology In doing so it anchors its thought structure in the basic apologetic presupposition that God is and in the fundamental hermeneutical principle of divine covenantal purpose The originality of Vickers' argument lies in its proposal of new perspectives on its chosen subject range and as it becomes necessary for the elucidation of biblical belief its critical response to proposals for new theological paradigms The organizing core of the book's argument is its proposition regarding the immediacy of God in his being his knowledge his will and his actions That core proposition spills its influence to aspects of human salvation On such levels questions are raised that strike to the heart of the meaning of the divinely instituted redemptive process Divine actions within that process are understood to be immediate rather than mediate Redemptive actions of God are immediate in the sense that no mediating causes exist between those actions and their effects and outcomes in the human condition *The Cross* Douglas Vickers, 2010-04-02 A question has challenged the human conscience for two thousand years How are we to explain the presence of Jesus Christ in this world Or who indeed was Jesus

Christ A man like the rest of men Or was he a divine Person Why was it that well practiced soldiers who failed to fulfill their commission to arrest him said Never man spoke like this man The early church confirmed the apostles declaration that Jesus Christ was the eternal Son of God and that he came into the world to fulfill a messianic redemptive assignment Christ Jesus the apostle to the Gentiles explained came into the world to save sinners In The Cross Its Meaning and Message in a Postmodern World Douglas Vickers sees the cross as the watershed of history The divine objectives that the cross addressed bear vitally on the human condition vitiated as that is by the entailment of sin In an age in which postmodernist claims have rejected absolute criteria of truth and validity the Christ of the cross provides the only refuge for those burdened by the search for meaning The Cross explores the way of reconciliation between God and man It affirms the apostolic claim that In Christ are hid all the treasures of wisdom and knowledge *Healing a Broken World* Cynthia D. Moe-Lobeda, 2002-08-08

Moe Lobeda shows how the advent of globalization places a new horizon on the spiritual quest for religious experience *Healing a Broken World* places spirituality and contemplative experience in relation to today s most pressing problems

Ancient-Future Faith Robert E. Webber, 1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re present the historic faith In his provocative new work *Ancient Future Faith* Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of *Ancient Future Faith* is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the churchs effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the books educational value Amazon [Practicing](#)

[Discernment with Youth](#) David F. White, 2018-09-13 Throughout history youth have been at the center of their communities energy and creativity including their efforts to seek faith and justice However today s adolescents have been relegated as passive learners and consumers lacking full adult power for longer than any age cohort in history This book traces the modern domestication of adolescence from its ancient roots through several key moments of its descent into passivity Empowering youth as agents of Christian faith in the world is not only a social need but is theologically warranted The

church and the broken world need the gifts of youth This book elaborates four pedagogical movements listening understanding remembering dreaming and acting as key for noticing and nurturing the faith commitments of youth Too much of contemporary youth ministry represents an attempt to pump energy into our youth to get them excited about what we have to offer This approach attends to energies already present in the lived experiences and hidden commitments of youth and connects them to God s mission in the world

The Power of the Church Michael R. Wagenman,2020-11-20 It is fascinating that in all the media reports and discussions of the church s abuse of power in the early years of the twenty first century few if any seemed to notice that the accusation of the church s misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated Rather than an interest in the sociological aspect of this question this book examines the more ontological and normative aspects of it That is it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them As a cultural force and societal institution what does the church constructively bring to the human community

Undistorted God Ray Waddle,2014-08-19 Ray Waddle encourages us to find meaning inside sometimes despite the contentious times we live in He helps readers see through spiritual insecurity and distraction to see God in new places in the sky in writing in walking in music in memory in Gospel reading the bread and wine worship the very name Jesus and get beneath social habits or routine theological assumptions in order to find a fresh core of epiphany

Healing Mary Healy,2015-10-23 Lord I am not worthy to have you enter under my roof only say the word and my servant will be healed Matthew 8 8 When we or a family member or friend are faced with an injury or illness physical or emotional our thoughts turn to God in prayer for healing We want to believe as the Centurion did that God will grant healing but we wonder And if we as Catholics have doubts what does this mean to a hurting world also in need of healing In her new book Healing Bringing God s Gift of Mercy to the World Mary Healy answers to these questions and more Is Jesus still healing people today Are these healings real and do they last How do we know if God wants us to pray for healing Isn t God asking us to endure suffering and hardships instead of asking for healing How can we pray for healing Can my broken heart be healed as well as my body Through the study of Catholic tradition the lives of the saints and ordinary people you ll begin to understand how the message of inward healing is also a message that we as Catholics are empowered to take outward to the world

The Publishers Weekly ,2003 **Stumbling over the Cross** Joni S. Sancken,2016-04-21 It has never been easy to preach about the cross and resurrection of Jesus but difficulties today are

particularly challenging Hearers ask tough questions of the church and the Christian faith and they are not satisfied by formulaic answers People are often suspicious of doctrine and are attracted to a broad but vague or pluralistic spirituality rather than the classical claims of Christianity In this climate preachers often see preaching on the central events of the Christian story the crucifixion and resurrection as more of a problem than a possibility more of a burden than a joy They wonder not only how to preach the old old story of cross and resurrection but whether they should preach these themes at all This book addresses these concerns and shows preachers how to preach the cross and resurrection in fresh culturally relevant ways that deepen Christian discipleship Each chapter shows the relevance of preaching the cross for addressing a particular congregational concern What has ironically become a stumbling block in the pulpit the stone that preachers often reject preaching on the cross and resurrection of Jesus can serve as the cornerstone for building up the congregation for discipleship in our world

Resurrection Knowledge W. Stephen Gunter, 1999 In a day when so many people have lost confidence in the historical affirmations of ecumenical Christianity this book is written both for those in the seminary and the church Gunter believes the assumptions of modernism have eroded our ability to believe the gospel affirmation Christ is risen This book tells the story of how we forgot the gospel what attempts have been made in the twentieth century to recover the gospel and how we can recover the gospel for confident belief and proclamation

Unstoppable: Total Devotion to the Gospel Asiri Fernando, Gain encouragement from this study on the book of Philippians Asiri shares from his deep ministry experience as a youth worker in Sri Lanka and connects biblical insights with practical applications for Christians who are passionate about gospel work

Each short chapter comes with a summary of key thoughts for cultivating total devotion to the gospel for further reflection and discussion

Culture in a Post-Secular Context Alan Thomson, 2014-05-16 Is culture a theologically neutral concept The contemporary experts on culture anthropologists and sociologists argue that it is Theologians and missiologists would seem to agree given the extent of their reliance on anthropological and sociological definitions of culture Yet this appears a strange reliance given that presumed neutrality in the sciences is a consistently challenged assumption It is stranger still given that so much theological energy has been expended on understanding and defining the human person in specifically theological as opposed to anthropological terms when culture is in some sense the expression of this personhood in corporate and material forms This book argues that culture is not and has never been a theologically neutral concept rather it always expresses some theological posture and is therefore a term that naturally invites theological investigation Going about this task is difficult however in the face of a longterm reliance on the social sciences that seems to have starved the contemporary theological community of resources for defining culture Against this it is argued that rich subterranean veins for such a task do exist within the recent tradition most notably in the writings of John Milbank Karl Barth and Kwame Bediako

College: What's the Point? David B. Van Heemst, 2011-10 In the compelling book *College What s the Point Embracing the Mystery of the Kingdom in a Postmodern World* author David Van Heemst passionately and insightfully challenges Christian college students to abandon superficiality and apathy during their four years of college to instead go deep ask the hard questions and pursue a life of radical meaning *College What s the Point* addresses the significant issues facing college students today such as identity calling academic integrity relationships and healthy sexuality to guide the reader in a thought provoking journey of faith reflection and discovery *College What s the Point* frames these difficult issues confronting college students in the context of biblical justice and God s redemptive purpose for the world and speaks directly to the young adult desiring more than the status quo The author invites students to use their time in college to grapple with the tough questions to embrace the brokenness and to participate in ushering in the Kingdom of God Accessible and engaging *College What s the Point* enables the reader to approach their college education with a deeper understanding of the impact of these years upon their life their calling and the world

Religion Index One ,2005 The Seed of Abraham Michael M. C. Reardon, Pesach Wolicki, 2025-06-25 The inspiration for this volume emerged from years of friendship dialogue and collaboration between a Jewish rabbi and Christian professor Historically Jewish Christian relations has been a fraught sphere of inquiry Despite sharing a set of Scriptures the relationship between Christians and Jews has been marked by distrust misunderstandings and exaggerated theological differences which taken together appear to create an indissoluble wedge between the two faiths This volume brings the two faiths into fruitful and productive dialogue by unearthing recondite yet highly significant features shared between them Beyond being an academic exercise the aspiration undergirding this project is to bridge the gap between Jews and Christians and by doing so chart a path forward toward rapprochement reconciliation and Jewish Christian
