**Freedom Is, Freedom Ain't** Scott Saul,2003-11-24 In the long decade between the mid 1950s and the late 60s jazz was changing more than its sound The age of Max Roach s Freedom Now Suite John Coltrane s A Love Supreme and Charles Mingus s The Black Saint and the Sinner Lady was a time when jazz became both newly militant and newly seductive its example powerfully shaping the social dramas of the Civil Rights movement the Black Power movement and the counterculture Freedom Is Freedom Ain t is the first book to tell the broader story of this period in jazz and American history The story s central figures are jazz musicians like Coltrane and Mingus who rewrote the conventions governing improvisation and composition as they sought to infuse jazz with that gritty exuberance known as soul Scott Saul describes how these and other jazz musicians of the period engaged in a complex cultural balancing act utopian and skeptical race affirming and cosmopolitan they tried to create an art that would make

uplift into something forceful undeniable in its conviction and experimental in its search for new possibilities Freedom Is Freedom Ain't considers these musicians and their allies as a cultural front of the Civil Rights movement a constellation of artists and intellectuals whose ideas of freedom pushed against a Cold War consensus that stressed rational administration and collective security Capturing the social resonance of the music's marriage of discipline and play the book conveys the artistic and historical significance of the jazz culture at the start and the heart of the Sixties

A Pastoral Proposal for an Evangelical Theology of Freedom Albert J.D. Walsh, 2013-04-30 In concluding the series of lectures given while he made his first and only visit to the U S Dr Karl Barth expressed his hope to see a theology of freedom for humanity originating from the U S As a respectful response to the expressed hope of Karl Barth Albert Walsh presents this essay as a pastoral proposal on the subject of freedom from the point of view of the Judeo Christian tradition Walsh presents both biblical and theological foundations for a theology of freedom which he calls graced freedom contending that this is that transcendent freedom that God alone confers and sustains as a freedom for humanity

**The Concept of Freedom in the Writings of St. Francis de Sales** Eunan McDonnell, 2009 Through the examination of the concept of freedom in the writings of St Francis de Sales the author concludes that in contradistinction to a contemporary understanding of freedom perceived as self determination a Salesian understanding privileges freedom's relationship to the good This situates St Francis de Sales in the classical Thomistic tradition of freedom's necessary relationship to the good but involves a methodological shift as he employs the Renaissance starting point of the turn to the subject This study demonstrates how St Francis arrives inductively at what St Thomas demonstrated deductively namely the essential relationship of freedom to the good Along with this Thomistic influence the author analyses the Salesian indebtedness to Augustinian anthropology which explains the primacy St Francis

gives to the will and consequently to love Love understood as the heart's movement towards the good allows the Salesian approach to move beyond the confines of a traditional faculty psychology to embrace a more biblical understanding of the human person This examination of love's relationship to freedom reveals their teleological and archaeological natures coming back to our origins wherein we discover the source of our freedom bestowed on us as a gift from God [Retrieving Freedom](#)

D. C. Schindler,2022-10-15 Retrieving Freedom is a provocative big picture book taking a long view of the rise and fall of the classical understanding of freedom In response to the evident shortcomings of the notion of freedom that dominates contemporary discourse Retrieving Freedom seeks to return to the sources of the Western tradition to recover a more adequate understanding This book begins by setting forth the ancient Greek conception summarized from the conclusion of D C Schindler's previous tour de force of political and moral reasoning Freedom from Reality and the ancient Hebrew conception arguing that at the heart of the Christian vision of humanity is a novel synthesis of the apparently opposed views of the Greeks and Jews This synthesis is then taken as a measure that guides an in depth exploration of landmark figures framing the history of the Christian appropriation of the classical tradition Schindler conducts his investigation through five different historical periods focusing in each case on a polarity a pair of figures who represent the spectrum of views from that time Plotinus and Augustine from late antiquity Dionysius the Areopagite and Maximus the Confessor from the patristic period Anselm and Bernard from the early middle ages Bonaventure and Aquinas from the high middle ages and finally Godfrey of Fontaines and John Duns Scotus from the late middle ages In the end we rediscover dimensions of freedom that have gone missing in contemporary discourse and thereby identify tasks that remain to be accomplished Schindler's masterful study will interest philosophers political theorists and students and scholars of intellectual history especially those who seek an alternative to contemporary philosophical understandings of freedom **Healing Heart and Soul** Roger Cole,2013-01-01 Can you mend a broken heart and begin to love again Can you remain calm in an ever changing world Discover who you really are a peaceful soul and what your true purpose in life is We all experience grief loss or sadness at some time in our lives Through spiritual lessons meditations and affirmations Healing Heart and Soul teaches us how to mend a broken heart overcome our vulnerability to loss and experience deep and lasting love When we understand that the soul mind heart and intellect are intimately entwined we begin to heal ourselves and others Through divine love we develop our healing power and become living angels who extend this healing to the world DR ROGER COLE is an oncologist and palliative care physician and has been caring for the terminally ill for many years He has published articles on palliative care meditation for health professionals and the spiritual care of the dying He is also the author of the bestselling book MISSION OF LOVE **Freedom of the Soul** M. From Bondage To Life In The Temporal World      The Fear of Freedom Rowan A. Greer, 2010-11 By the fear of freedom Greer means the unconscious flight from the heavy burden of individual choice an open society lays upon its members The miraculous represents a heavenly power brought down to earth and tied to the life of the community Understanding how miracles were perceived in the late antiquity requires us to put aside the notion of a miracle as the violation of the natural order Miracles for the church fathers refers to anything that evokes wonder Rowan Greer is not concerned with conclusions about the truth or falsity of the miracles reported in the ancient sources He is concerned with how the miracle stories shaped the way people understood Christianity in the fourth and fifth centuries Once the Church gained the predominance in the Empire as part of the Constantinian revolution most Christians thought that a new Christian commonwealth was in the making The miracles associated with the cult of the saints the martyrs and their relics in the Christian Empire were part of this sacralization In the Roman imperial church we find a tension between the Christian message which revolved around virtue and the individual and corporate piety that focused upon the empowering of the people of God With Augustine we find Christian Platonism transformed into a new theology far more congruent with the corporate poetry that had by then developed An emphasis upon grace and upon God's sovereignty fits a preoccupation with miracles better than the old emphasis upon human freedom and virtue and sets the stages for the Western Middle Ages and the cult of the saints organized and made central to Christian piety From a study of Roman imperial Christianity before the collapse of the West we discover the tendency to substitute one kind of freedom for another Freedom as the capacity of human beings to choose the good does not of course disappear but on the whole it is made subordinate to notions of God's sovereign grace and even to an insistence upon the authority of the church      The Divided States of America Richard Land, 2011-01-11 Land looks at the separation of church and state what it is what it isn't and why it matters for the future of religion in America      The Philosophy of Freedom (the Philosophy of Spiritual Activity) Rudolf Steiner, 1999 This special reprint featuring the acclaimed translation by Michael Wilson is being made available again in response to public demand Are we free whether we know if or not Or is our sense of freedom merely an illusion Rudolf Steiner tackles this age old problem in a new way He shows that by taking account of our own activity of thinking we can know the reasons for our actions And if these reasons are taken from our world of ideals then our actions are free because we alone determine them But this freedom cannot be settled for us by philosophical argument It is not simply granted to us If we want to become free we have to strive through our own inner activity to overcome our unconscious urges and habits of thought In order to do this we must reach a point of view that recognizes no limits to knowledge sees through all illusions and opens the door to an experience of the reality of the spiritual world then we can achieve the highest level of evolution      **The Philosophy of Freedom** Rudolf Steiner, 1916      *Freedom in My Heart* Cynthia Jacobs Carter, 2008 This unparalleled companion volume uses the remarkable artifacts images and documents of the United States National Slavery Museum to trace the entire history of slavery in North America from the

societies of ancient Africa to the repercussions still faced by Americans today and to celebrate the perseverance and ultimate triumph of a people
