Plekhanow, 1965 Isaiah Berlin and the Enlightenment Laurence Brockliss, Ritchie Robertson, 2016-10-13

Isaiah Berlin 1909-97 was recognized as Britain's most distinguished historian of ideas. Many of his essays discussed thinkers of what this book calls the long Enlightenment from Vico in the eighteenth century to Marx and Mill in the nineteenth with Machiavelli as a precursor. Yet he is particularly associated with the concept of the Counter Enlightenment comprising those thinkers Herder, Hamann and even Kant who in Berlin's view reacted against the Enlightenment's naive rationalism, scientism and progressivism, its assumption that human beings were basically homogeneous and could be rendered happy by the remorseless application of scientific reason. Berlin's Counter Enlightenment has received critical attention but no one has yet analysed the understanding of the Enlightenment on which it rests. Isaiah Berlin and the Enlightenment explores the development of Berlin's conception of the Enlightenment, noting its curious narrowness, its ambivalence and its indebtedness to a specific German intellectual tradition. Contributors to the book examine his comments on individual writers, showing how they were inflected by his questionable assumptions and arguing that some of the writers he assigned to the Counter Enlightenment have closer affinities to the Enlightenment than he recognized. By locating Berlin in the history of Enlightenment studies, this book also makes a contribution to defining the historical place of his work and to evaluating his intellectual legacy.

In Defence of Materialism Georgii Valentinovich Plekhanov, 1947 **Islam and Dissent in Postrevolutionary Iran** Behrooz Ghamari-Tabrizi, 2008-04-08. The Iranian revolution of 1979 overhauled not only the foundations of Iranian society, religion and politics but also our understanding of the role of religion in modern government. Here Behrooz Ghamari-Tabrizi takes us on an enlightening journey showing that the revolution unintentionally opened up the public sphere to competing interpretations of Islam. Far from being the exclusive preserve of high-ranking seminarians as before, in contemporary Iran lay theologians, intellectuals, lawyers and social activists are active and influential interlocutors in debates on the meaning of

Islam A key figure is philosopher Abdolkarim Soroush a leading force behind Iran's pro democracy movement and vocal critic of the state Through a close reading of Soroush's writings and by tracing the links between Muslim intellectual critique and the realpolitik of postrevolutionary power struggles Ghamari Tabrizi offers nothing less than a pathbreaking reassessment of the Iranian revolution With powerful insights Islam and Dissent is essential for an understanding of the Muslim world today as of the new relationships between religion politics and democracy visible across the globe Islam and politics a very important topic especially re Iran Soroush is a key figure in Iran and in Middle East generally This title is recommended by star academics in the field of Islam and politics
