The Flow Of Religious Instruction A Social Science Approach

Donald Ratcliff

The Flow Of Religious Instruction A Social Science Approach:

The Flow of Religious Instruction James Michael Lee, 1973 **A Primer In Integration: Synthesizing Theology and the Social Sciences for Christian Education** Harley Atkinson, 2018-10-02 This is a primer on doing integration in Christian education employing a complementary model "Education Has Nothing to Do with Theology" Edward J. Newell, 2006-08-01 Does education have any relation to theology How do the educator's worldview commitments speak to his or her practice of education James Michael Lee brought a definite answer to these questions a firm no to the relations question and an advocacy for empirical findings over and against any speculative or theoretical positions in reply to the commitments question Lee claimed to have a universal neutral metatheory for all religious education a theory that would apply to all religious educators in any and every religion But in proposing his theory he overlooked the way that empirical facts express worldviews This book is a detective story tracing commitments that lay underneath empirical neutrality In the process the reader will see avenues that unmistakably link education to theology Education turns out to be a thoroughly worldview conditioned process This new work is essential reading for professors and students in both religious and general education **On Holy Ground: The Theory and Practice of Religious Education** Liam Gearon, 2013-07-18 Religion has had notable and renewed prominence in contemporary public and political life Religious questions have also been freshly examined in philosophy and theology the natural sciences the social sciences psychology phenomenology politics and the arts These fields reflect complex multi disciplinary understandings of religion some hostile some accommodating For religious education this has all contributed to its own international renaissance Religious education in ensuring it is contemporary shares with these fields the same criticality the same distance between the study of religion and the religious life Yet what are the grounds of this modern religious education Through a systematic historical and contemporary cross disciplinary analysis answering this question is the ambitious task of the book Chapters include philosophy theology and religious education the natural sciences and religious education the social sciences and religious education psychology spirituality and religious education phenomenology and religious education the politics of religious education the aesthetics of religious education The central problem of all modern religious education remains this what are the grounds of religious education when religious education is no longer grounded in the religious life in the life of the holy Although this primarily appears to be an epistemological problem it soon becomes a moral and existential one The book will be of key interest to teachers theorists and researchers working in religious education Ordinary Theology Jeff Astley, 2017-07-05 Ordinary theology is Jeff Astley's phrase for the theology and theologising of Christians who have received little or no theological education of a scholarly academic or systematic kind Astley argues that an in depth study of ordinary theology which should involve both empirical research and theological reflection can help recover theology as a fundamental dimension of every Christian's vocation Ordinary Theology analyses the problems and possibilities of research and reflection in this area This book explores

the philosophical theological and educational dimensions of the concept of ordinary theology its significance for the work of the theologian as well as for those engaged in the ministry of the church and the criticisms that it faces Ordinary theology Astley writes is the church s front line Statistically speaking it is the theology of God s church **C. E. James Riley** Estep,2003 **Critical Perspectives on Christian Education** Jeff Astley,Leslie J. Francis,1994 Opportunities for Learning Maureen T. Hallinan,2025-06-15 Opportunities for Learning brings together the works of one of the most highly regarded past presidents of the American Sociological Association focusing on uncovering and addressing educational inequities in elementary and secondary schools Few sociologists of education can rival the depth and breadth of Maureen T Hallinan s contributions to the field This book compiles her writings some of which have never been published before to bring the full insight of both her sociological imagination and her theoretical and empirical research Through articles book chapters and invited lectures Hallinan explores the interplay among theory research and policy Other pieces focus on the importance of opportunities to learn peer friendships and ability grouping for instruction She writes in depth about various attempts of educational reform and the effects of Catholic schools Hallinan sought to address the enduring problems of sociological theorizing and research within education and her writings contribute important insights and provide foundations for the next generation of social scientists This collection demonstrates Hallinan s keen ability to communicate balanced inquiry by engaging multiple perspectives in her theoretical framework coupled with strong empirical testing of the relationships **God Our Teacher** Robert W. Pazmino,2016-08-05 Noted Christian education professor and theorist Robert W Pazmino shares the theological essentials to guide faithful educational thought and practices in the third millennium He explores a prepositional theology that deepens the relationships between God and us through our teaching and learning together with spiritual wisdom **Foundational Issues in Christian Education** Robert W. Pazmiño,2008-09-01 For almost twenty years Foundational Issues in Christian Education has been a key text for many Christian education courses Its perceptive analysis coupled with clear writing make it a resource without peer In the book Christian education expert Robert Pazmi o guides readers through a comprehensive discussion of the interdisciplinary foundations of Christian education calling all Christian educators to reevaluate the fundamentals of their discipline A careful exploration of foundations writes Pazmi o is essential before specifying principles and guidelines for practice This updated edition includes interaction with professional developments over the past ten years and appendixes that assess the impact of postmodernism as an educational philosophy In addition each chapter includes points to ponder for personal reflection or classroom use **Notre Dame Journal of Education** ,1974 *The Child* Richard A. Shweder,Thomas R. Bidell,Anne C. Dailey,Suzanne D. Dixon,Peggy J. Miller,John Modell,2009-09-15 The Child An Encyclopedic Companion offers both parents and professionals access to the best scholarship from all areas of child studies in a remarkable one volume reference Bringing together contemporary research on children and childhood from pediatrics child psychology childhood studies education sociology history law

anthropology and other related areas The Child contains more than 500 articles all written by experts in their fields and overseen by a panel of distinguished editors led by anthropologist Richard A Shweder Each entry provides a concise and accessible synopsis of the topic at hand For example the entry Adoption begins with a general definition followed by a detailed look at adoption in different cultures and at different times a summary of the associated mental and developmental issues that can arise and an overview of applicable legal and public policy While presenting certain universal facts about children s development from birth through adolescence the entries also address the many worlds of childhood both within the United States and around the globe They consider the ways that in which race ethnicity gender socioeconomic status and cultural traditions of child rearing can affect children s experiences of physical and mental health education and family Alongside the topical entries The Child includes more than forty Imagining Each Other essays which focus on the particular experiences of children in different cultures In Work before Play for Yucatec Maya Children for example readers learn of the work responsibilities of some modern day Mexican children while in A Hindu Brahman Boy Is Born Again they witness a coming of age ritual in contemporary India Compiled by some of the most distinguished child development researchers in the world The Child will broaden the current scope of knowledge on children and childhood It is an unparalleled resource for parents social workers researchers educators and others who work with children

Religion, Spirituality and Identity

Kirsi Tirri,2006 Selected papers presented at the 8th Nordic Conference on Religious Education in Helsinki Finland in June 2005

Harper's Encyclopedia of Religious Education Iris V. Cully,Kendig Brubaker Cully,1990 one volume reference to faith development classroom management teaching methods the Bible and curriculum contemporary social issues home and family and much more Jacket Handbook of Preschool Religious Education Donald Ratcliff,2008-06-01 Handbook of Preschool Religious Education is an exhaustive and comprehensive treatment of the entire field of early childhood religious education This encyclopedic volume is an indispensable guide and resource for all those involved in the religious education of young children

Christian Education and the Search for Meaning James C. Wilhoit,1991-05-01 James Wilhoit explores how Christian education can go beyond mere activity to instill a solid perspective and make sense of a perplexing world He envisions the ideal model of Christian education and integrates the discipline with the social sciences In the final chapter Wilhoit presents an evangelical theory of biblical instruction

The Shape of Religious Instruction James Michael Lee,1971 THE SHAPE OF RELIGIOUS INSTRUCTION the book which launched a sweeping revolution in religious education Must reading for every Catholic and Protestant religious educator James Michael Lee s monumental trilogy on religious instruction accomplishes what never before has been attempted in Catholic or Protestant circles namely the development of a broad comprehensive and systematic theory of religious instruction By establishing a systematic theory Lee s trilogy makes it possible for the first time to develop truly effective and integrative religion teaching practices and religion curricula The trilogy embraces the social science approach to religious education The social science approach is not a pedagogical

technique or a passing fad it is an organic scaffolding or superstructure which forms the basic elements for all tried and true education Volume I of the trilogy *The Shape of Religious Instruction* presents the rationale for the existence of religious instruction as a field in its own right a field drawing upon but not a branch of other disciplines or areas such as theology psychology or sociology The concepts and suggestions set forth in the trilogy apply with the same basic force to persons of all ages children adolescents and adults These concepts and suggestions also apply to religious instruction no matter where it is done in a classroom in a home in a family situation in a camp in a liturgy or on the athletic field Ecumenical in tone reference and intent Lee s trilogy is exerting significant impact on Catholic and Protestant religious educators alike Handbook of Children's Religious Education Donald Ratcliff,2008-05-22 *Handbook of Children s Religious Education* is a thorough and comprehensive treatment of the religious education of children ages six to twelve It covers virtually all the basic information that childhood educators need to know in order to be effective teachers and communicators *Rural Life and Rural Church* Leslie J. Francis,Mandy Robbins,2014-10-20 The essays brought together here present a broad assessment of the serious issues facing rural life and the rural church today The authors are drawn from the Anglican Baptist Methodist and Pentecostal Churches The essays explore a wide range of biblical theological sociological and historical concerns and topics Throughout the book is informed by a spirit of listening to church goers clergy church leaders and local communities *Rural Life and Rural Church* provides an invaluable resource for clergy and lay Christians involved in rural ministry initial and continuing ministerial education and Christian men and women living in the countryside **A Study of High Learners in Adult Religious Education** George Brown (Jr),1989
