The Fulfilled Promise A Documentary Account Of Religious Persecution In Albania:

The Fulfilled Promise Gjon Sinishta,1976 *Enver Hoxha* Blendi Fevziu,2016-02-01 Stalinism that particularly brutal phase of the Communist experience came to an end in most of Europe with the death of Stalin in 1953 However in one country Albania Stalinism survived virtually unscathed until 1990 The regime that the Albanian dictator Enver Hoxha led from 1944 until his death in 1985 was incomparably severe Such was the reign of terror that no audible voice of opposition or dissent ever arose in the Balkan state and Albania became isolated from the rest of the world and utterly inward looking Three decades after his death the spectre of Hoxha still lingers over the country yet many people inside and outside Albania know little about the man who ruled the country with an iron fist for so many decades This book provides the first biography of Hoxha available in English Using unseen documents and first hand interviews journalist Blendi Fevziu pieces together the life of a tyrannical ruler in a biography which will be essential reading for anyone interested in Balkan history and communist studies **A Dictionary of Albanian Religion, Mythology, and Folk Culture** Robert Elsie,2001 In some senses Albania is a living museum of the past Originally a small herding community in the most inaccessible reaches of the Balkans the presence of Albanians in southeastern Europe has been documented for over a thousand years Albanian traditional folk culture which evolved over centuries of relative isolation is surprisingly rich Yet despite recent events this culture remains little known to the Western world Due to the lasting effects of a half century of Stalinist dictatorship very few individuals even in Albania know much about their own popular traditions The Dictionary of Albanian Religion Mythology and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs Alphabetical entries shed light on blood feuding figures of Albanian mythology religious beliefs communities and sects calendar feasts and rituals and popular superstitions as well as birth marriage and funeral customs and sexual mores This unique volume will stand as the standard reference work on the subject for years to come **Historical Dictionary of Albania** Robert Elsie,2010-03-19 Albania is not well known by outsiders it was deliberately closed to the outside world during the communist era Now it has thankfully become free again its borders are open and it can be visited and it is increasingly integrating with the rest of Europe and beyond Unfortunately Albania has had its share of problems in the post communist era it s a land of destitution and despair thanks in part to the Albanian mafia which has turned the country into one of blood feuds kalashnikovs and eternal crises Yet Albania is in essence a European nation like any other and will soon it is to be hoped advance and take its proper place in Europe and the world The second edition of the Historical Dictionary of Albania relates the history of this little known country through a detailed chronology an introduction a bibliography appendixes and over 700 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets Albania In Transition Elez Biberaj,2019-05-20 This book focuses on the trials and tribulations of Albania s efforts to create a democratic political order It assesses the degree and significance of changes

since the early 1990s providing a detailed account of the transition from Communist Party rule to multiparty competition

Human Rights in Albania United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Human Rights and International Organizations,1985 World Christianity and Marxism Denis Janz,1998 All the diverse philosophical and

political manifestations of Marxism were ultimately rooted in Marx's thought and supporters based their greater or lesser hostilities toward Christianity on their reading of his critique Janz follows this with an overview of Christian responses to Marx extending from the mid 19th century to the onset of the Cold War Broken Altars Thomas Albert Howard,2025-03-25

A sweeping history of the violence perpetrated by governments committed to extreme forms of secularism in the twentieth century A popular truism derived from the Enlightenment holds that violence is somehow inherent to religion to which political secularism offers a liberating solution But this assumption ignores a glaring modern reality that putatively progressive regimes committed to secularism have possessed just as much and often a vastly greater capacity for violence as those tied to a religious identity In *Broken Altars* Thomas Albert Howard presents a powerful account of the misery deaths and destruction visited on religious communities by secularist regimes in the twentieth century Presenting three principal forms of modern secularism that have arisen since the Enlightenment passive secularism combative secularism and eliminationist secularism Howard argues that the latter two have been especially violence prone Westerners do not fully grasp this however because they often mistake the first form passive secularism for secularism as a whole But a disconcertingly more complicated picture emerges with the adoption of a broader global vision Admitting different species of secularism greater historical perspective and case studies drawn from the former Soviet Union Turkey Mexico Spain Czechoslovakia Albania Mongolia and China among other countries Howard calls into question the conventional tale of modernity as the pacifying triumph of secularism over a benighted religious past *Nihil Obstat* Sabrina P. Ramet,1998

Politics religion and social change in the post communist world of Eastern Europe and Russia Recent Developments in U.S. Human Rights Policy United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Human Rights and International Organizations,1988 **Historical Dictionary of Albania (Historical Dictionaries of Europe)** Robert

Elsie,2004 The Historical Dictionary of Albania endeavors to provide a comprehensive overview not only of Albanian history but also of contemporary Albania as it enters the 21st century focusing as it does both on the past and on a modern European nation struggling to put its formidable Stalinist past behind it For half a century Albania was a planet of its own isolated from the rest of Mother Earth since the fall of the communist regime the Albanians have been striving not without difficulty to find their place among the nations of Europe This work offers the reader basic factual information on the country its historical development its current situation and the culture of its people through its 700 entries **Blind Trust** Vamik

Volkan,2014-07-01 Blind Trust is the culmination of more than three decades of profound immersion in the most pressing sociopolitical conflicts of our time by the psychoanalyst with probably the most direct experience with such issues of any in

the world Author Vamik Volkan applies his knowledge of depth psychology to the turbulent and destructive human experiences in the current cauldrons of the greatest unrest and disaster throughout Europe Asia and the Middle East Illuminating the etiologic bases of war revolution massacres and terror as these have disturbed the world from ancient times to modern civilization his voice speaks for the imperative of reason and the application of modern analytic knowledge for conflict resolution at the highest levels The subjects are large groups and their leaders windows into the lives of the Prophet Muhammad Stalin Milosevic Osama Bin Laden and David Koresh are interspersed with examinations of religion and fundamentalism and a sober study of suicide attackers Volkan s detailed and scholarly description of regressive movements in large group identities complemented by an equal attention to progressive and creative reparative forces represents a significant expansion of our understanding of group psychology *East Central Europe and Communism* Sabrina P. Ramet,2023-03-23 The communists of East Central Europe came to power promising to bring about genuine equality paying special attention to achieving gender equality to build up industry and create prosperous societies and to use music art and literature to promote socialist ideals Instead they never succeeded in filling more than a third of their legislatures with women and were unable to make significant headway against entrenched patriarchal views they considered it necessary with the sole exception of Albania to rely heavily on credits to build up their economies eventually driving them into bankruptcy and the effort to instrumentalize the arts ran aground in most of the region already by 1956 and in Yugoslavia by 1949 Communism was all about planning control and politicization Except for Yugoslavia after 1949 the communists sought to plan and control not only politics and the economy but also the media and information religious organizations culture and the promotion of women which they understood in the first place as involving putting women to work Inspired by the groundbreaking work of Robert K Merton on functionalist theory this book shows how communist policies were repeatedly undermined by unintended consequences and outright dysfunctions **Biographical Dictionary of Central and Eastern Europe in the Twentieth Century** Wojciech Roszkowski,Jan Kofman,2016-07-08 Drawing on newly accessible archives as well as memoirs and other sources this biographical dictionary documents the lives of some two thousand notable figures in twentieth century Central and Eastern Europe A unique compendium of information that is not currently available in any other single resource the dictionary provides concise profiles of the region s most important historical and cultural actors from Ivo Andric to King Zog Coverage includes Albania Belarus the Czech and Slovak Republics Hungary Estonia Latvia Lithuania Poland Romania and Moldova Ukraine and the countries that made up Yugoslavia **Censorship** Derek Jones,2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all
