Sizing Up The Soviet Army

Michael Rajnik

Sizing Up The Soviet Army:

Sizing Up the Soviet Army Jeffrey Record, 1975 Record har blandt andet på grundlag af russiske kilder studeret den russiske hær's størrelse og organisation og draget konklusioner med hensyn til Kremles hensigter. Alt peger på at russerne forbereder en kort intensiv konflikt karakteriseret ved deres egen massive offensiv til overrumpling af fjenden. **The Defense Policies of Nations** Douglas J. Murray, Paul R. Viotti, 1994. Now in its third edition. The Defense Policies of Nations has been thoroughly updated to take into account the dramatic developments of recent years: the dissolution of the Soviet Union, the resurgence of East Asian powers, the emergence of newly independent nations in Eastern Europe, the continuing instability of the Middle East, and the growing importance of third world nations in global security matters. For those dealing with national defense issues on a daily basis or even for those interested in the subject because of its current relevance, The Defense Policy of Nations is a must reading. Gen. Theodore J. Conway, Military Review, American Academy of Political and Social Science. *Defense Manpower Commission Staff Studies and Supporting Papers* United States. Defense Manpower Commission, 1976. *Defense Manpower Commission Staff Studies and Supporting Papers: The total force and its manpower requirements including overviews of each service* United States. Defense Manpower Commission, 1976. *National Security Issues*, 1986. *Military Review*, 1985. **The Tank Debate** John Stone, 2018-12-07. In The Tank Debate John Stone highlights the equivocal position that armour has traditionally occupied in Anglo American thought and explains why, despite frequent predictions to the contrary, the tank has remained an important instrument of war. This book provides a timely and provocative study of the tank's developmental history against the changing background of Anglo American military thought.

Routledge Library Editions: The Labour Movement Various, 2021-07-28. This set of 44 volumes, originally published between 1924 and 1995, amalgamates a wide breadth of research on the Labour Movement, including labour union history, the early stages and development of the Labour Party, and studies on the working classes. This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject, how it has evolved over time, and will be of particular interest to students of political history. Soviet Nuclear Weapons Policy William C. Green, 2019-07-11. This research guide is intended primarily for two groups of specialists. The first consists of Sovietologists interested in acquiring a more complete knowledge of Soviet strategic and military policy. The second includes strategic analysts interested in expanding their expertise to cover Soviet strategy and thinking. However, it was assembled so as to be useful as well for non-specialists interested in investigating Soviet nuclear weapons policy. **Neorealism Versus Strategic Culture** John Glenn, 2018-01-18. The debate between Neorealists and Strategic Culturalists centres on whether it is possible to explain predict state behaviour without taking into account the particular characteristics of the state, such as its historical experiences, geographical context, and cultural constitution. This informative debate is encapsulated in the first section of the book, which considers the theoretical issues raised by both Neorealism and Strategic Culture. These issues are then explored

in the second section by assessing their relevance to six country case studies Australia Germany India Japan Nigeria and Russia

Understanding Soviet Military Developments United States. Department of the Army. Office of the Assistant Chief of Staff for Intelligence,1977

National Security, Military Power & the Role of Force in International Relations United States. Department of the Army,1976

World Communism at the Crossroads S.S. Rosefielde,2013-03-09 The collection of essays presented in this volume grew out of a series of lectures given at the University of North Carolina during the academic year 1976 1977 The series was sponsored by the Soviet and East European Studies Program which I chaired at the time and the Curriculum of Peace War and Defense headed by James Leutze In the ensuing years almost all the manuscripts have been redrafted at frequent intervals to reflect the changing state of knowledge in each respective discipline The final version of the text that appears here is therefore the outcome of a long developmental process It is up to date and embodies our individual views on world communism at the present juncture Although the recent Soviet invasion of Afghanistan occurred shortly after this volume was completed that event has not impaired the book's timeliness The findings of Rosefielde Lee Valenta and Leutze all point toward a resurgence of Soviet expansionism and Parker explicitly predicted the Afghan invasion in the first draft of his essay June 1978 see p 32
