Challenges for America in the

Middle East Richard W. Mansbach, Kirsten L. Taylor, 2016-03-31 Challenges for America in the Middle East offers a comprehensive and contemporary analysis of the foreign policy challenges the United States faces in the Middle East. It takes a close look at the critical policy dilemmas posed by radical Islam, the Arab Spring, the Shia Crescent, and Israel-Palestine relations. Authors Richard W. Mansbach and Kirsten L. Taylor examine the issues from a historical perspective and in the context of the current state of affairs and analyze options for future action. Throughout the text, they emphasize the interplay of foreign and domestic issues in the United States and overseas and show how that interplay shapes American policy towards the region.

The Quest for Hegemony in the Arab World Podesh, 2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study. Focussing on the struggle over Middle Eastern defense between 1945-58 and culminating in the conflict over the Baghdad Pact 1955-58, it sheds new light on Arab politics during the period under review. This research concentrates predominantly on the regional actors. The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara, Cairo, Baghdad, Damascus, Amman, and other Arab capitals affected decision makers in Western capitals. The Quest for Hegemony in the Arab World is based on newly released British, American, and Israeli documents as well as on all available Arab sources. The study's value rests upon its discussion of the Baghdad Pact, a significant event which was hitherto neglected yet marked a watershed in modern Arab history. This study's approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined.

Strategy and Politics in the Middle East, 1954-1960 Michael Cohen, 2004-10-21 Cohen reveals the extent to which the UK clung on to great power pretensions in the Middle East 1954-60 and used bluff to give the impression that it disposed of greater military resources than was the case.
