Soviet Foreign Policy Erik P. Hoffmann, Robbin Frederick Laird, Frederic J. Fleron,

Soviet Politics Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwas successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev s attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice

system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader Post-communist Studies And Political Science Jr.

Fleron,Erik P Hoffmann,2019-08-15 Serious stock taking is in progress now among practitioners of what has been called Sovietology meaning studies of the Union of Soviet Socialist Republics The reason is that the field for the most part had not been expecting what happened in 1991 The USSR collapsed and went out of existence as a unified state system governing a sixth of the world's territory having allowed its East European empire to free itself from Soviet dominance somewhat earlier It might be said in defense of Sovietology that by the beginning of the 1980s it understood that economic and political crises were brewing in the Soviet Union and its outer empire But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self destructive potentialities inherent in it As the editors of this valuable volume write in the Introduction Sovietology was not prepared for perestroika and postcommunism **Russia's Foreign Policy**

Andrei P. Tsygankov,2006-05-25 Exploring Soviet Russian international relations this book compares foreign policy formation under Gorbachev Yeltsin and Putin Showing how Moscow's policies have shifted with each leader's vision of Russia's national interests it also evaluates the successes and failures of Russia's foreign policies **The Soviets, Germany, And The New Europe** Robbin F Laird,2019-07-19 This book assesses the evolution of the Soviet approach toward European security policy since the mid 1980s as seen from the prism of assessments of and policy toward the Federal Republic of Germany examining basic Soviet analyses of West Germany in the period prior to unification A History Of Russia Volume 2 Walter G.

Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **Russian Studies, Political Science, and the Philosophy of Technology** Guoli Liu,Joanna

Drzewieniecki,2022-04-18 This volume presents state of the art creative scholarship in political science and area studies with an emphasis on Russia The contributors all well known in their specialties share the conviction that advancement in the social sciences can only be achieved through plural methodological approaches and interaction with various disciplines Their work in this collection provides critical analyses of key issues in Russian and post Soviet studies It explores the most fruitful ways of studying Russia with particular emphasis on the federal system politics in the era of Putin challenges of Russian foreign policy and Russian attitudes toward democracy The vagaries of democracy are also explored in articles on Georgia

and Turkey Additionally this book examines the philosophy of technology with an emphasis on critical theory eco domination and engineering ethics

The Defense Policies of Nations Douglas J. Murray, Paul R. Viotti, 1994 Now in its third edition The Defense Policies of Nations has been thoroughly updated to take into account the dramatic developments of recent years the dissolution of the Soviet Union the resurgence of East Asian powers the emergence of newly independent nations in Eastern Europe the continuing instability of the Middle East and the growing importance of third world nations in global security matters For those dealing with national defense issues on a daily basis or even for those interested in the subject because of its current relevance The Defense Policy of Nations is must reading Gen Theodore J Conway Military Review American Academy of Political and Social Science

The End of the Cold War? Alexander von Plato, 2016-01-26 This carefully researched history draws on archival sources as well as a wealth of new interviews with on the ground activists political actors international figures and others to move beyond the narratives both the German and American varieties that have dominated the historical memory of German reunification

Russia and Germany Reborn Angela E. Stent, 2000-03-13 The relationship between Russia and Germany has been pivotal in some of the most fateful events of the twentieth century the two World Wars the Cold War and the emergence of a new Europe from the ashes of communism This is the first book to examine the recent evolution of that tense and often violent relationship from both the Russian and German perspectives Angela Stent combines interviews with key international figures including Mikhail Gorbachev with insights gleaned from newly declassified archives in East Germany and her own profound understanding of Russian German relations She presents a remarkable review of the events and trends of the past three decades the onset of détente the unification of Germany the collapse of the Soviet Union and the rise of an uncertain new European order Stent reveals the chaos and ambivalence behind the Soviet negotiating strategy that led against Gorbachev's wishes to that old Soviet nightmare a united Germany in NATO She shows how German strength and Russian weakness have governed the delicate dance of power between recently unified Germany and newly democratized Russia Finally she lays out several scenarios for the future of Russian German relations some optimistic and others darkened by the threat of a new authoritarianism Russia and Germany Reborn is crucial reading for anyone interested in a relationship that changed the course of the twentieth century and that will have a powerful impact on the next

Russian Foreign Policy and International Relations Theory Christer Pursiainen, 2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature

Beyond Soviet Studies Daniel Orlovsky, 1995-02 Daniel Orlovsky brings together a group of leading scholars attempt a systematic assessment of the state of studies of the former Soviet Union after its collapse The authors re-examine the transition from communism and review the study of post Soviet society national identity and nationalism politics and political

institutions economics foreign policy and culture They offer constructive criticisms of the field and set out research questions for an uncertain future

Chinese Foreign Policy in Transition Guoli Liu, 2004-01-01 Since the establishment of the People's Republic of China in 1949 and particularly after the opening brought about by economic reforms roughly thirty years thereafter China has become an influential player in regional and global affairs Increasingly both American and European policymakers examine Chinese foreign policy as a flexible pragmatic and significant element in world affairs This has accelerated in the middle of the new first decade of this century as business firms and political officials have developed interests in the sources processes and significance of China's reemergence as a global force This volume examines how in conjunction with rapid economic growth and profound social transformation China's foreign policy is experiencing significant transition The purpose of this truly deep and probing collection is to deepen Western understanding of the sources substance and significance of Chinese foreign policy with a focus on the post Cold War environment Contributors include academic specialists area researchers and distinguished journalists all with firsthand experience in the field of China studies The volume is divided into four parts 1 theory and culture 2 perspective and identity 3 bilateral relationships and 4 retrospective and prospective essays on Chinese policy concerns The volume is sensitive to changes in national leadership and Communist Party structure as well as continuity and change in foreign policy As Lowell Dittmer of the University of California notes in his Foreword precisely because it is so difficult to do well the analysis of foreign policy is often conducted rather tritely Thus it is a real pleasure to find assembled here a treasure trove of some of the finest work by some of the field's most penetrating minds This is fortunate for at the core of this volume is one of the biggest and most portentous questions to confront the world at the outset of the twenty first century That question is in the decades to come what role will China play in the world As the homeland of about a fifth of mankind this question is almost guaranteed relevance whatever the fate of China's domestic economy Guoli Liu is associate professor of political science and international relations at the College of Charleston in South Carolina Chinese Foreign Policy in Transition is an extremely useful collection of articles by leading China scholars

Lucian W Pye Foreign Affairs

When the Soviet Union Entered World Politics Jon Jacobson, 2023-11-15 The dissolution of the Soviet Union has aroused much interest in the USSR's role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet foreign relations during the period from the end of the Civil War to the beginning of the first Five Year Plan focusing on the problems confronting the Bolsheviks as they sought to promote national security and economic development He demonstrates the central importance of foreign relations to the political imagination of Soviet leaders both in their plans for industrialization and in the struggle for supremacy among Lenin's successors Jacobson adopts a post Cold War interpretative stance incorporating glasnost and perestroika era revelations He also considers Soviet relations with both Europe and Asia from a global perspective integrating the two modes of early Soviet foreign relations revolution and diplomacy into a coherent

discussion Most significantly he synthesizes the wealth of information that became available to scholars since the 1960s The result is a stimulating work of international history that interfaces with the sophisticated existing body of scholarship on early Soviet history The dissolution of the Soviet Union has aroused much interest in the USSR's role in world politics during its 74 year history and in how the international relations of the twentieth century were shaped by the Soviet Union Jon Jacobson examines Soviet for

Soviet Foreign Policy Classic And Contemporary Issues Book Review: Unveiling the Magic of Language
