Soviet Perceptions Of The United States:

Soviet Perceptions of the United States Morton Schwartz, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 **Soviet Perceptions of the United States** Morton Schwartz, CALIFORNIA UNIV RIVERSIDE., 1975 *Soviet Perceptions Of The Oil Factor In U.s. Foreign Policy* Herbert L. Sawyer, 2019-06-21 America's energy position and that of the West in general is vulnerable The major source of that vulnerability is the potential that oil supplies from the Gulf¹ could be interrupted for an extended period The fact that during the first quarter of 1983 U S crude oil imports dropped to 2.8 million barrels a day mbd from 4 mbd during the same quarter in 1982 a very substantial decrease of thirty percent from what was already a relatively low level is less comforting than it appears In spite of this decrease in demand U S reserve stocks could be eliminated by an increased demand for oil stemming from a vigorous economic recovery in the the West If in the context of such a recovery the members of the Organization of Petroleum Exporting Countries OPEC could overcome their current disagreements and introduce some discipline regarding production levels they might be able to reestablish a tight supply situation in the world oil market Moreover even if such developments do not take place there is always the chance of a major upheaval in the Middle East Gulf region given the volatility of the area that could be disruptive enough to cause a substantial reduction in oil supplies In this context it must be recognized that America's energy vulnerability is inseparable from that of the West in general because of the fungibility of oil **Soviet Perceptions of U.S. Foreign Policy** John Lenczowski, 1982

Perceptions and Behavior in Soviet Foreign Policy Richard K. Herrmann, 2010-11-23 This book discerns Soviet leaders' views of the United States and sees them in relation to foreign policy statements and actions Hermann first examines the subtle problem of analyzing perceptions and interpreting motives from the words and deeds of national leaders He then turns to cases measuring the dominant U S hypotheses about the USSR against Soviet behavior in Central Europe the Middle East Africa and Asia as well as Soviet participation in the arms race Finally he weighs his conclusions against a thematic study of speeches and publications by members of the Politburo **The Image of the U.S. in Soviet Publications** Alfred B. Evans, 1976 **The Soviet View of U.S. Strategic Doctrine** Jonathan Samuel Lockwood, 1983-01-01 Soviet perceptions of American strategic doctrine have influenced then use of military power in foreign policy An understanding of how those perceptions are being derived at and of their specific contents is therefore essential to any reflection on direction that American defense policy should take Particularly in the field of arms control and disarmament Soviet perceptions carry severe implications for U S proposals as well as general behavior Lockwood bases his examination on Soviet sources such as newspapers periodicals radio broadcasts and books He establishes that Soviet analysts tend to project their own notions of

clear strategy onto U S doctrine and intentions Starting from the premise that the Soviets mean what they say Lockwood is able to give a historical account of Soviet perceptions starting from massive retaliation up to and including Presidential Directive 59 In his final chapter the author gives possible policy strategies to successfully counteract the Soviet military policy *Study of Soviet perceptions* University of Pittsburgh. SOVIET ACTIVE MEASURES HEARINGS BEFORE THE PERMANENT SELECT COMMITTEE ON INTELLIGENCE HOUSE OF REPRESENTATIVES NINETY-SEVENTH CONGRESS SECOND SESSION, 1982

Russian View of U.S. Strategy Jonathan Samuel Lockwood, Kathleen O'Brien Lockwood, 1993

Soviet perceptions of U S strategy remained remarkably consistent from the post Stalin period through the collapse of communism in Eastern Europe and the Soviet Union itself The consistency of the Soviet tendency to engage in the mirror image fallacy in their analyses of U S doctrine and strategic intentions has profound implications for the future relationship of the U S and the now independent republics This authoritative volume analyzes the Soviet Russian perspectives of U S strategic evolution from the declaration of the massive retaliation doctrine of 1954 through the Soviet collapse of 1991 The Soviets considered the growth of their strategic nuclear arsenal as the main factor giving them political leverage over U S foreign policy and predicted that a defense policy based on strategic defense would be the most effective deterrent from a Soviet perspective Now the Russian military and political leadership places a high value on strategic nuclear forces in terms of political leverage and prestige Building upon a wide variety of international sources the Lockwoods offer a penetrating assessment of how the present Russian perspective will affect political relationships not only with the U S and the West but also among the independent republics This factor will become ever more critical as they vie for decentralized versus unified control of what was the Soviet nuclear arsenal under the shadow of the collapsing economies The authors also introduce a new theory concerning the future impact of ballistic missile defense on operational warfare in light of the U S experience in Operation Desert Storm The Russian View of U S Strategy provides a comprehensive historical context and an up to date appraisal of an uncertain and potentially volatile development in U S Russian relations It will be of interest to historians policymakers and military analysts
