Soviet Politics Struggling With Change:

Soviet Politics Gordon B. Smith, 1992 **Soviet Politics in Perspective** Richard Sakwa, 1998 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader **Capitalism and Class Struggle in the USSR** Neil C.

Fernandez, 2018-12-14 First published in 1997 this was the first Autonomist Marxist book on the USSR The various theories of Soviet capitalism are considered more comprehensively than in any previous work and are shown to be inadequate insofar as they fail to demonstrate satisfactorily the predominance of the category of capital A powerful new theory is developed which does precisely this introducing the concepts of bureaucratic forms of both exchange value and money This constitutes an important contribution to the overall theoretical critique of capital Attention is then turned to the class struggle For the first time the various Marxist theories of the USSR are systematically considered in relation to what they say about the working class and its struggle **The Vexing Case of Igor Shafarevich, a Russian Political Thinker** Krista

Berglund, 2012-02-27 This is the first comprehensive study about the non mathematical writings and activities of the Russian algebraic geometer and number theorist Igor Shafarevich b 1923 In the 1970s Shafarevich was a prominent member of the dissidents human rights movement and a noted author of clandestine anti communist literature in the Soviet Union Shafarevich's public image suffered a terrible blow around 1989 when he was decried as a dangerous ideologue of anti Semitism due to his newly surfaced old manuscript Russophobia The scandal culminated when the President of the National Academy of Sciences of the United States suggested that Shafarevich an honorary member resign The present study establishes that the allegations about anti Semitism in Shafarevich's texts were unfounded and that Shafarevich's terrible reputation was cemented on a false basis **Democracy And Environmental Movements In Eastern Europe** Katy

Pickvance, 2019-03-13 *Democracy and Environmental Movements in Eastern Europe* A Comparative Study of Hungary and Russia is a systematic comparison of environmental activism and more broadly collective democratic action in two former

state socialist societies Based on extensive research Katy Pickvance offers us a study in contrasts Russia stands as an example of con

Designs for Democratic Stability Abdo I. Baaklini, Helen Desfosses, 2016-06-16 Since the 1980s and the collapse of communist military and race based regimes across the world the euphoria has given way to the question of how to enhance the viability of democratic constitutional government This text covers this issue Politics, Power and the Struggle for Democracy in South-East Europe Karen Dawisha, Bruce Parrott, 1997-06-13 Edited by two of the world's leading analysts of post communist politics this book brings together distinguished specialists on Bosnia Hercegovina Croatia Macedonia Slovenia Serbia Montenegro Albania Bulgaria and Romania The authors analyse the challenge of building democracy in the countries of the former Yugoslavia riven by conflict and in neighboring states They focus on oppositional activity political cultures that often favour strong presidentialism the role of nationalism and basic socioeconomic trends Karen Dawisha and Bruce Parrott provide theoretical and comparative chapters on post communist political development across the region This book will provide students and scholars with detailed analysis by leading authorities plus the latest research data on recent political and economic developments in each country

Founding Moments in Constitutionalism Richard Albert, Menaka Guruswamy, Nishchal Basnyat, 2019-10-17 Founding moments are landmark events that break ties with the ancien régime and lay the foundation for the establishment of a new constitutional order They are often radically disruptive episodes in the life of a state They reshape national law reset political relationships establish future power structures and influence happenings in neighbouring countries This edited collection brings together leading and emerging scholars to theorise the phenomenon of a founding moment What is a founding moment When does the founding process begin and when does it end Is a founding moment possible without yielding a new constitution Can a founding moment lead to a partial or incomplete transformation And should the state be guided by the intentions of those who orchestrated these momentous breaks from the past Drawing from constitutions around the world the authors ask these and other fundamental questions about making and remaking constitutions

The History of Russia from 1801 to the Present Rosina Beckman, 2018-07-15 In the slightly more than two centuries since the dawn of the nineteenth century Russia has undergone sweeping changes several times over Readers will learn about the tension between reform and autocracy that marked the nineteenth century World War I and the fall of the last tsar and the rise of the USSR They will examine the USSR's time as a twentieth century superpower the fall of communism and Russia's current power plays for global influence Sidebars provide extra information while historical photographs let readers see the figures and events that shaped Russian history with their own eyes

Six Years that Shook the World Rachel Walker, 1993 Focuses on the six years of perestroika in the Soviet Union and suggests that many of the problems confronting the new states were first created during this time The book tries to explore and explain some of these developments covering events up to August 1992

The Power of Ideology Alex Roberto Hybel, 2013-05-13 Since the Roman Empire leaders have used ideology to organize the masses and instil amongst them a common consciousness and

equally to conquer assimilate or repel alternative ideologies Ideology has been used to help create safeguard expand or tear down political communities states empires and regional or world systems This book explores the multiple effects that competing ideologies have had on the world system for the past 1 700 years the author examines the nature and content of Christianity Islam Confucianism Protestantism secularism balance of power doctrine nationalism imperialism anti imperialist nationalism liberalism communism fascism Nazism ethno nationalism and transnational radical Islamism alongside the effects their originators sought to craft and the consequences they generated This book argues that for centuries world actors have aspired to propagate through the world arena a structure of meaning that reflected their own system of beliefs values and ideas this would effectively promote and protect their material interests and believing their system to be superior to all others they felt morally obliged to spread it Radical transnational Islamism Hybel argues is driven by the same set of goals This book will be of interest to students and scholars of international politics international relations theory history and political philosophy Made by the USA A. Hybel,2001-04-20 Made by the U S A The International System is a historical account embedded in a set of theoretical constructs of the two hundred year drive by the United States to first become a global power and second create an international security and economic system capable of protecting and promoting its strategic and economic interests **Changes in the European Security Environment** United States. Congress. Senate. Committee on Armed Services,1991 **End of Millennium** Manuel Castells,2010-03-29 END OF MILLENNIUM This final volume in Manuel Castells trilogy studies the key defining processes taking place in the last decade of the twentieth century as an expression of the crises resulting from the transition between the old industrial society and the emerging global network society Every now and then one reads a book of social science that is uplifting and mind expanding These books are ambitious and lustrous teaching us much about our world Such is this work from the brilliant sociologist Manuel Castells There is no other sociological work today that brings together in one panoramic expanse so many of the changes now occurring This is a story not simply of global economic change but of cultural upheavals It is a tale not simply of the decline of sovereign states but of the emergence of the new bases of power And it is a narrative not merely about computer technology or the media but of the very terms in which those agents work Anthony M Orum Contemporary Sociology A magnum opus if ever there was one In my view the finest piece of contemporary social analysis for at least a generation Frank Webster British Journal of Sociology A truly stunning achievement A scholar who with remarkable mastery has brought his experience over a lifetime to bear on astonishingly diversified data set pulling them together into a compelling account of the complex relationship between the progressive and the reactionary the globalizing and particularizing forces that are transforming our perplexing world Benjamin Barber The Los Angeles Times Sunday Book Reviews Russian Foreign Policy Since 1990 Peter Shearman,2018-02-12 A book which brings together leading experts on Russia s foreign relations providing the most comprehensive coverage of contemporary Russian foreign policy currently available in a single

volume Detailed case studies of relations with specific countries and regions are complemented by chapters that examine the process of decision making conflict between domestic institutional actors the role of groups such as the military and Russia s search for a new identity **Political Struggles and the Forging of Autonomous Government Agencies** Cristopher Ballinas Valdés,2011-06-30 Argues that autonomous agencies are not the result of a systematic design but are produced by the interactions of political and bureaucratic forces The case studies illustrate how political struggles between politicians and bureaucrats can create a muddle of agencies that lack coherence and are subject to conflicting levels of political control

In the Tracks of Tamerlane Daniel L. Burghart,Theresa Sabonis-Helf,2004 The Russian Revolution Russell Trenton,2015-07-15 This gripping historical narrative relates the circumstances that led to the end of the Romanov Dynasty and the Russian aristocracy the heartrending struggles of the peasants the violence and bloodshed of the revolution and the rise of the new social order and its far reaching consequences that continue to be felt in Russia today In addition to the causes of the Russian revolution and the events that led to civil war the narrative delves into the mindset of the Bolshevik leadership and recounts the profound transformation and industrialization of the economy in the Soviet era *The Strategic Defense Debate* Craig Snyder,2016-11-11 The goal of our strategic defense research program the vision and hope of the President is to stop Soviet missiles before they could destroy any targets be they in the United States or anywhere else The goal is noble and straightforward to destroy weapons that kill people Thus based on a realistic view of Soviet military planning the transition to strategic defense would not be destabilizing In fact any initial defensive capabilities would offer many benefits This objective is far more idealistic moral and practical than the position taken by those who still embrace the mutual assured destruction MAD theory that defenses must be totally abandoned Caspar Weinberger This is basically a research program and should remain so at least for the foreseeable future In a world that relies on an exquisite strategic balance to forestall the holocaust it would be the worst of blunders to jolt the tightrope when the safety net is tied at only one end James Schlesinger Neither Star Wars I or Star Wars II in whatever form one considers them is an effective response to the public s intuitive awareness of the unacceptable risk posed by our present nuclear strategy Robert McNamara The goal of our innovative science and technology program is to establish scientific feasibility and engineering validation of revolutionary concepts concepts with potential for full SDI technological development This forward looking office has a broad research charter which focuses on advanced directed energy concepts such as gamma ray lasers on novel sensing and data preprocessing techniques on advanced materials for space applications on innovations in spacepower and on emerging space science applications and ultra high speed supercomputing Interest in such exotic areas of science and technology clearly illustrates that SDI has greatly facilitated the mobilization of our nation s scientific community Lt Gen James Abrahamson Prominent world leaders and scientists came together in 1985 to discuss the technological feasibility and the political sensibility of Star Wars Their essays presented in *The Strategic Defense Debate* provide for the first time a comprehensive

look at this timely and controversial subject Craig Snyder's introduction and headnotes to the collection highlight the critical points of each essay as well as their conceptual significance to the overall topic Contributors include Caspar Weinberger James Schlesinger Lieutenant General James A Abrahamson Robert S McNamara Andrew Cockburn Richard Pipes Stephen F Cohen Adam Garfinkle Leon Wieseltier Michael Vlahos Franklin Long Francis Pym Major Simon P Worden Richard Garwin Robert S Cooper Colin S Gray Robert Bowman Alex Glikson and Warren Zimmerman Excerpts from President Reagan's speech Peace and National Security and Ambassador Paul H Nitze's speech On the Road to a More Stable Peace are also included The essays were originally presented at a conference sponsored by The World Affairs Council of Philadelphia in late 1985 The Strategic Defense Debate will be invaluable to students scholars and lay persons interested in politics history military strategy and Soviet relations

State-building in Russia Gordon B. Smith, 1999 The challenge of a new democracy the author argues is the creation of effective and authoritative political institutions Focusing on Yeltsin's Russia this book examines this question with reference to democratization national identity legal reform and other issues
