Sironen, 1924      **Hunter, Trader, Trapper**, 1923      *Journal of Education*, 1899      **Adventures in Teacher Leadership** Rebecca Mieliwocki, Joseph Fatheree, 2019-04-15 Have you ever imagined yourself as a teacher leader but weren't quite sure whether you really had or could develop the necessary skills? Have you wondered what the first steps toward becoming a teacher leader might be, what kinds of approaches work best, and how you could overcome the inevitable challenges that come with leading your colleagues on a journey toward improvement as professionals? Authors Rebecca Mieliwocki, California and National Teacher of the Year for 2012, and Joseph Fatheree, Illinois Teacher of the Year for 2007, answer these questions and more in this engaging guide to becoming a successful teacher leader. Organized around five key tools: communication, collaboration, professional development, data, and advocacy, the book covers every aspect of what is involved in taking on leadership responsibilities. Firsthand accounts of the authors' experiences and those of more than a dozen other State Teachers of the Year describe the various pathways to leadership strategies for success and pitfalls to avoid. These teacher voices add powerful credibility to the research on teacher leadership and show how leaders can not only improve their schools and districts but also influence state and national policies and practices. Both informative and inspiring, *Adventures in Teacher Leadership* invites others to expand their professional reach, empower the profession of teaching, and ultimately make a big difference in the lives of students everywhere. This book is a copublication of ASCD and NNSTOY.

*Adventures in Graphica* Terry Thompson, 2023-10-10 Graphica is a medium of literature that integrates pictures and words and arranges them to tell a story or convey information, usually presented in a comic strip, periodical, or book form. AKA comics, it's no surprise comics have long been popular with kids and adults. Some of our greatest heroes were introduced to us in comic form. Drawing on his own success using graphica with elementary students, literacy coach Terry Thompson introduces reading teachers to this popular medium in *Adventures in Graphica: Using Comics and Graphic Novels to Teach Comprehension, Grades 2-6*. In his book, Thompson explains how graphica can be an engaging and motivating tool for reluctant readers who often shun traditional texts. He suggests sources of appropriate graphica for the classroom and demonstrates how to fit this medium into the literacy framework and correlates with best practices in comprehension, vocabulary, and fluency instruction. *Adventures in Graphica* contains numerous easy-to-replicate instructional strategies, including examples of how graphic texts can be used to create a bridge and students transfer abstract comprehension strategies learned through comics and graphic novels to traditional texts. It is an excellent roadmap for teachers looking to add graphica to their classrooms.
