Sagetrieb ,1992 *The Many Faces of Coincidence*

Laurence Browne, 2017-11-10 Although much has been said and written about coincidences there is a marked absence when it comes to the development of a comprehensive model that incorporates the many different ways in which they can be understood and explained One reason for this omission is undoubtedly the sharp divide that exists between those who find coincidences meaningful and those who do not with the result that the conclusions of the many books and articles on the subject have tended to fall into distinct camps The Many Faces of Coincidence attempts to remedy this impasse by proposing an inclusive categorisation for coincidences of all shapes and sizes At the same time some of the implications arising from the various explanations are explored including the possibility of an underlying unity of mind and matter constituting the ground of being

A Directory of American Poets and Fiction Writers, 1991 *A Contemporary Reader for Creative Writing* Robert DeMaria, Ellen Hope Meyer, 1994 The purpose of this book is to provide readings for Creative Writing workshops The short stories poems and plays included have been chosen because they illustrate certain specific aspects of the writer's craft Preface page v *Patterns, Contexts, Time* Charles Bernstein, 1990 *Sulfur*, 1990 *Books in Print Supplement*, 1988 *AB Bookman's Weekly*, 1998

Queen of Terrors Robert Kelly, 1994 In his fourth collection Robert Kelly tracks the elusive subject of all narratives the self stripped bare even into ever more personal territories The stories all but one composed in the past few years share a common urge to break loose from the constraints of linear thought employing cubist technique in the construction of experience Gathered here are close to thirty works of varying style and length but whether blazing a single page or sensuously occupying a novella's space virtually every one tells of odd encounters with desire The longest story The Red King lies at the center of the book a telling complement at twenty five years remove to the novella Cities collected in A Transparent Tree Now a man of gentle omnipotence perhaps in the winter of life reinherits his own body A second long work In Irish America explores the immigrant experience of displacement in thirty two prose poems meant to be read or sung aloud a species of image filled music As usual this new collection will surprise even Kelly's most assiduous readers

The Best American Poetry, 1991 Mark Strand, David Lehman, 1991 A selection of 75 poems by new and established poets culled from the pages of nearly three dozen magazines published in the past year
