The Foreign Policy Of Selfinterest A Moral Ideal For America

Michael J. Perry

The Foreign Policy Of Selfinterest A Moral Ideal For America:

The Foreign Policy of Self-interest Peter Schwartz, 2004 Why is America Pursuing a Foreign Policy of Speak Softly and Carry a Big Carrot America's foreign policy Mr Schwartz argues is driven by the view that the pursuit of self interest is morally tainted that is that if we wish to do what is right we must sacrifice our interests for the sake of other nations This is why we are so appeasingly apologetic when it comes to asserting our right to live free from the threat of force It is why we are so hesitant in implementing our moral obligation to eliminate all such threats by military means It is why we are failing in our war against terrorism In this uncompromising manifesto the author calls for a radically different foreign policy one based entirely on self interest Repudiating any dichotomy between the moral and the practical he advocates a policy under which a nation's interests are measured by only one standard the individual liberty of its citizens The architects of such a foreign policy would reject any duty to sacrifice the wealth and the lives of Americans to the needs of other countries They would disclaim any obligation to seek international approval before deciding to use force to safeguard America Instead they would intransigently uphold our self interest not as a matter of amoral expediency as advocated by the impractical pragmatists and their school of realpolitik but rather as a moral principle a principle that is in keeping with America's founding values

NeoConservatism C. Bradley Thompson, 2015-11-17 An obituary so soon Surely the reports of neoconservatism's death are greatly exaggerated C Bradley Thompson has written with Yaron Brook the most comprehensive and original analysis of neoconservatism yet published and in the process has dealt it a mortal blow Neoconservatism An Obituary for an Idea reveals publicly for the first time what the neocons call their philosophy of governance their plan for governing America This book explicates the deepest philosophic principles of neoconservatism traces the intellectual relationship between the political philosopher Leo Strauss and contemporary neoconservative political actors and provides a trenchant critique of neoconservatism from the perspective of America's founding principles The theme of this timely book neoconservatism as a species of anti Americanism will shake up the intellectual salons of both the Left and Right What makes this book so compelling is that Thompson actually lived for many years in the Straussian neoconservative intellectual world Neoconservatism therefore fits into the breaking ranks tradition of scholarly criticism and breaks the mold when it comes to informed incisive nonpartisan critique of neoconservative thought and action [Winning the Unwinnable War](#) Elan Journo, 2009-09-29 Eight years after 9 11 and in the shadow of two protracted U S military campaigns in the Middle East the enemy is not only undefeated but emboldened and resurgent What went wrong and what should we do going forward Winning the Unwinnable War shows how our own policy ideas led to 9 11 and then crippled our response in the Middle East and it makes the case for an unsettling conclusion By subordinating military victory to perverse allegedly moral constraints Washington's policy has undermined our national security Owing to the significant influence of Just War Theory and neoconservatism the Bush administration consciously put the imperative of shielding civilians and bringing them elections

above the goal of eliminating real threats to our security Consequently this policy left our enemies stronger and America weaker than before The dominant alternative to Bush esque idealism in foreign policy so called realism has made a strong comeback under the tenure of Barack Obama But this nonjudgmental supposedly practical approach is precisely what helped unleash the enemy prior to 9 11 The message of the essays in this thematic collection is that only by radically re thinking our foreign policy in the Middle East can we achieve victory over the enemy that attacked us on 9 11 We need a new moral foundation for our Mideast policy That new starting point for U S policy is the moral ideal championed by the philosopher Ayn Rand rational self interest Implementing this approach entails objectively defining our national interest as protecting the lives and freedoms of Americans and then taking principled action to safeguard them The book lays out the necessary steps for achieving victory and for securing America s long range interests in the volatile Middle East *Parameters* ,2004

Ayn Rand Chris Matthew Sciabarra,2013-10-15 Author of The Fountainhead and Atlas Shrugged Ayn Rand 1905 1982 is one of the most widely read philosophers of the twentieth century Yet despite the sale of over thirty million copies of her works there have been few serious scholarly examinations of her thought Ayn Rand The Russian Radical provides a comprehensive analysis of the intellectual roots and philosophy of this controversial thinker It has been nearly twenty years since the original publication of Chris Sciabarra s Ayn Rand The Russian Radical Those years have witnessed an explosive increase in Rand sightings across the social landscape in books on philosophy politics and culture in film and literature and in contemporary American politics from the rise of the Tea Party to recent presidential campaigns During this time Sciabarra continued to work toward the reclamation of the dialectical method in the service of a radical libertarian politics culminating in his book Total Freedom Toward a Dialectical Libertarianism Penn State 2000 In this new edition of Ayn Rand Chris Sciabarra adds two chapters that present in depth analysis of the most complete transcripts to date documenting Rand s education at Petrograd State University A new preface places the book in the context of Sciabarra s own research and the recent expansion of interest in Rand s philosophy Finally this edition includes a postscript that answers a recent critic of Sciabarra s historical work on Rand Shoshana Milgram Rand s biographer has tried to cast doubt on Rand s own recollections of having studied with the famous Russian philosopher N O Lossky Sciabarra shows that Milgram s analysis fails to cast doubt on Rand s recollections or on Sciabarra s historical thesis Objectively Speaking Marlene Podritske,Peter Schwartz,2009-01-01 Objectively Speaking Ayn Rand Interviewed provides sharp insights on a vast range of cultural issues that are totally unique and original yet instantly recognizable as Ayn Rand The collection is philosophical and intellectual yet accessible to the general public *Capitalist Solutions* Andrew Bernstein,2017-09-08 The US is facing enormous challenges as it enters the second decade of the twenty first century Some of these major issues are environmentalism and its claim of global warming the danger from terrorism generated by Islamic fundamentalism and affordable quality health care Additionally education in America remains an unresolved dilemma contributing to America s

lack of economic competitiveness Andrew Bernstein argues that the US government is pushing the nation toward socialism in its attempt to resolve America's problems The government's increasing control of the banking industry its massive bailouts of auto makers and its proposal of emissions legislation are also examples of the expansion of government's power Bernstein argues that whatever the intentions of the government or its illusions about the workability of its proposals morally upright and practical solutions can only come from moving to the opposite end of the political economic spectrum the establishment of laissez faire capitalism In *Atlas Shrugged* and in her non-fiction works Ayn Rand developed a systematic body of thought a comprehensive philosophy she dubbed Objectivism This philosophy has been neglected by most professional intellectuals but it is now beginning to be seriously studied in academic philosophy departments Objectivism provides the moral and philosophic validation of the political economic principles of individual rights and free markets Analysis of today's gravest social and political issues within this philosophic framework as undertaken by Bernstein in this volume constitutes a unique way of identifying rational solutions to these pressing issues

United States - Africa Security Relations Kelechi A.

Kalu, George Klay Kieh, 2013-11-07 United States Africa relations have experienced four major cycles The first cycle was during the Cold War 1960-1990 During this period the U S developed a one-sided relationship with various African states in which the latter served as foot soldiers for the U S in its competition with the Soviet Union for global domination Among other things the various client African states provided the U S with access to airfields deep water ports and sites for the establishment of various intelligence gathering facilities In addition the U S used various groups like UNITA led by Jonas Savimbi in Angola to undermine and fight pro-Soviet regimes on the continent The second cycle of the relationship covered the period 1991-1998 During this time the U S scaled down its security activities in Africa The major reason was that with the end of the Cold War Africa with few exceptions like Egypt was no longer a major front for the promotion of U S Security interests The third cycle commenced in 1998 and ended in 2001 This period was characterized by the U S search for an approach to frame its security relations with Africa In this vein the U S undertook various military security initiatives The fourth cycle began after the 9-11 terrorist attacks against the American homeland Since then the U S has expanded the scope of its security relations with Africa as reflected in the establishment of various initiatives and programs At the core is the prosecution of the American war on terror Against this backdrop this book examines some of the major dimensions of the U S security relations with Africa including American security interests on the continent the war on terror AFRICOM and military cooperation Using the book's integrative theoretical framework each of the chapters in the volume examines the various factors that shape the issue of focus

US Foreign Policy in Context Adam Quinn, 2009-12-04 This work blends strategic analysis of contemporary US foreign policy with long-term historical discussion producing an important argument relevant to the debates surrounding both the merits of contemporary US foreign policy and the long-term trends at work in American political culture Rather than a detailed historical study of the Bush administration itself the book seeks to locate Bush within

the historical context of the US foreign policy tradition It makes the case for nationally specific ideological factors as a driver of foreign policy and for importance of interaction between the domestic and the international in the emergence of national strategy The contemporary element focuses on critiquing the George W Bush administration s National Security Strategy perceived by many as a radical and unwelcome ideological departure from past policy and its broader foreign policy concentrating especially on its embrace of liberal universalism and rejection of realism This critique is supported by the cumulative argument based upon the historical cases seeking to explain American leaders persistent resistance to the prescriptions of realism Quinn argues for some causal connection between historically evolved ideological constructions and the character of the nation s more recent international strategy Providing a valuable addition to the field this book will be of great interest to scholars in American politics US foreign policy and US history

Alexis de Tocqueville and the Art of Democratic Statesmanship Brian Danoff, Louie Joseph Hebert, 2011-01-01 In 1835 Alexis de Tocqueville famously called for a new political science that could address the problems and possibilities of a world itself quite new For Tocqueville the democratic world needed not just a new political science but also new arts of statesmanship and leadership In this volume Brian Danoff and L Joseph Hebert Jr have brought together a diverse set of essays revealing that Tocqueville s understanding of democratic statesmanship remains highly relevant today The first chapter of the book is a new translation of Tocqueville s 1852 address to the Academy of Moral and Political Sciences in which Tocqueville offers a profound exploration of the relationship between theory and practice and between statesmanship and political philosophy Subsequent chapters explore the relationship between Tocqueville s ideas on statesmanship on the one hand and the ideas of Plato Aristotle Machiavelli Montesquieu the Puritans the Framers of the U S Constitution Oakeshott Willa Cather and the Second Vatican Council on the other Timely and provocative these essays show the relevance of Tocqueville s theory of statesmanship for thinking about such contemporary issues as the effects of NGOs on civic life the powers of the American presidency the place of the jury in a democratic polity the role of religion in public life the future of democracy in Europe and the proper balance between liberalism and realism in foreign policy

International Relations and the First Great Debate Brian Schmidt, 2013-08-15 This book provides an authoritative account of the controversy about the first great debate in the field of International Relations Of all the self images of International Relations none is as pervasive and enduring as the notion that a great debate pitting idealists against realists took place in the 1940s The story of the first great debate continues to structure the contemporary identity of International Relations yet in recent years revisionist historians have challenged the conventional wisdom that the field experienced such a debate Drawing on expert contributors working in Canada Europe the United Kingdom and the United States this book includes key participants in the historiographical controversy The book assembles the existing scholarship and provides a thorough analysis of the status of the first great debate in the history of International Relations It is an invaluable examination of the causes and future direction of idealist and realist arguments International Relations and

the First Great Debate will be of interest to students and scholars concerned with the foundations of International Relations

United States National Interests in a Changing World Donald E. Nuechterlein, 2021-09-15 Although the term national interest has long been used in reference to the foreign policy goals of nations there has been no generally agreed upon definition of the concept as a result Donald E Nuechterlein contends there has been a tendency for foreign policy to be determined by institutional prejudice and past policy rather than by a systematic assessment of national interests By what criterion does a President decide that a given interest is or is not vital that is whether he must contemplate defending it by force if other measures fail In this study Nuechterlein offers a new conceptual framework for the analysis of foreign policy decisions resting on more precise definitions and distinguishing among the degrees of interest that the United States perceives in the range of foreign policy issues it faces He also deals with the constitutional problem of checks and balances between the Presidency and Congress in setting the goals of foreign policy and the influence of private interest groups and the media on the definition of national interest Underlining the need for constant reassessment of priorities in a rapidly changing international environment Nuechterlein illustrates his analysis by drawing on the American experience in foreign affairs since World War II A case study of the American involvement in Southeast Asia describes how six presidents beginning with Franklin Roosevelt viewed United States interests there and the conclusions each drew in terms of policy tools to defend those interests in Vietnam Finally he assesses what the future vital interests of the United States are likely to be in light of the shifting balance of world power and the growing importance of international economics Strategic Review , 1992 dedicated to the advancement and understanding of those principles and practices military and political which serve the vital security interests of the United States

The Idea of Human Rights Michael J. Perry, 1998-01-08 Inspired by a 1988 trip to El Salvador Michael J Perry s new book is a personal and scholarly exploration of the idea of human rights Perry is one of our nation s leading authorities on the relation of morality including religious morality to politics and law He seeks in this book to disentangle the complex idea of human rights by way of four probing and interrelated essays The initial essay which is animated by Perry s skepticism about the capacity of any secular morality to offer a coherent account of the idea of human rights suggests that the first part of the idea of human rights the premise that every human being is sacred or inviolable is inescapably religious Responding to recent criticism of rights talk Perry explicates in his second essay the meaning and value of talk about human rights In his third essay Perry asks a fundamental question about human rights Are they universal In addressing this question he disaggregates and criticizes several different varieties of moral relativism and then considers the implications of these different relativist positions for claims about human rights Perry turns to another fundamental question about human rights in his final essay Are they absolute He concludes that even if no human rights understood as moral rights are absolute or unconditional some human rights understood as international legal rights are and indeed should be absolute In the introduction Perry writes Of all the influential indeed formative moral ideas to take center

stage in the twentieth century like democracy and socialism the idea of human rights which again in one form or another is an old idea is for many the most difficult It is the most difficult in the sense that it is for many the hardest of the great moral ideas to integrate the hardest to square with the reigning intellectual assumptions of the age especially what Bernard Williams has called Nietzsche's thought There is not only no God but no metaphysical order of any kind For those who accept Nietzsche's thought can the idea of human rights possibly be more than a kind of aesthetic preference In a culture in which it was widely believed that there is no God or metaphysical order of any kind on what basis if any could the idea of human rights long survive The Idea of Human Rights Four Inquiries will appeal to students of many disciplines including but not limited to law philosophy religion and politics *American Exceptionalism* Hilde Eliassen Restad, 2014-12-17 How does American exceptionalism shape American foreign policy Conventional wisdom states that American exceptionalism comes in two variations the exemplary version and the missionary version Being exceptional experts in U S foreign policy argue means that you either withdraw from the world like an isolated but inspiring city upon a hill or that you are called upon to actively lead the rest of the world to a better future In her book Hilde Eliassen Restad challenges this assumption arguing that U S history has displayed a remarkably constant foreign policy tradition which she labels unilateral internationalism The United States Restad argues has not vacillated between an exemplary and a missionary identity Instead the United States developed an exceptionalist identity that while idealizing the United States as an exemplary city upon a hill more often than not errs on the side of the missionary crusade in its foreign policy Utilizing the latest historiography in the study of U S foreign relations the book updates political science scholarship and sheds new light on the role American exceptionalism has played and continues to play in shaping America's role in the world This work will be of great interest to students and scholars of US foreign policy security studies and American politics **Congressional Record** United States. Congress, 1977 **Las lenguas de las Américas - the Languages of the Americas** Paul Danler, Jannis Harjus, 2022-05-10 Las lenguas de las Américas the Languages of the Americas takes the reader on a journey through twenty chapters addressing the languages of the Americas all the way from Canada and the USA to Argentina and Brazil The authors are international experts who have written mainly in Spanish and English but in a few cases also in French Portuguese and German The book deals with the languages of the descendants of the first Americans it gives an insight into the American varieties of English French Portuguese and Spanish it explores the outcome of the long lasting coexistence of various autochthonous and European languages it also looks into some very specific hybrid forms of locally or regionally unique varieties in the Americas focusing on creolization code switching and translanguaging resulting from language contact The languages and linguistic varieties dealt with in this book are numerous and so are the approaches and methods applied most are mainly synchronic but some are also diachronic All in all the book has managed to draw a succinct and representative portrait of the multifaceted linguistic landscapes of the Americas **American Democracy Promotion** Michael Cox, G. John Ikenberry, Takashi

Inoguchi,2000 Why does the United States promote democracy How successful has it been And why do critics often attack it for doing so These are at least three of the questions examined in this wide ranging discussion of American efforts to recast the international order in its own political image The answers provided by a distinguished group of analysts are as diverse as they are challenging to traditional ways of thinking about US democracy promotion in terms of either a misconstrued moralism or an ideological facade masking some deeper more sinister purpose As we enter into the Twenty First century with American hegemony intact it is vital to understand what drives the world s last remaining superpower And this original study helps us do precisely that by exploring in detail and depth one of the more contentious least analysed and most misunderstood aspects of American foreign policy **American History Goes to the Movies** W. Bryan Rommel

Ruiz,2011-01-26 Whether they prefer blockbusters historical dramas or documentaries people learn much of what they know about history from the movies In *American History Goes to the Movies* W Bryan Rommel Ruiz shows how popular representations of historic events shape the way audiences understand the history of the United States including American representations of race and gender and stories of immigration especially the familiar narrative of the American Dream Using films from many different genres *American History Goes to the Movies* draws together movies that depict the Civil War the Wild West the assassination of JFK and the events of 9 11 from *The Birth of a Nation* and *Gone with the Wind* to *The Exorcist* and *United 93* to show how viewers use movies to make sense of the past addressing not only how we render history for popular enjoyment but also how Hollywood s renderings of America influence the way Americans see themselves and how they make sense of the world *Thinking History, Fighting Evil* David Bruce MacDonald,2009-01-01 This accessible study critiques the rise of a new exceptionalism a victim centered nationalism promoted by American conservatives since the 1980s borrowing imagery and vocabulary from the civil rights era and political correctness movements of the left *Thinking History Fighting Evil* explores the instrumentalization of anti Americanism and anti Semitism in the service of U S foreign policy paying attention to how conservatives approach far enemies Islamism near enemies Europe and Latin America and the enemies within the domestic left

The Top Books of the Year The Foreign Policy Of Selfinterest A Moral Ideal For America The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. The Foreign Policy Of Selfinterest A Moral Ideal For America : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. The Foreign Policy Of Selfinterest A Moral Ideal For America : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

The Foreign Policy Of Selfinterest A Moral Ideal For America Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Foreign Policy Of Selfinterest A Moral Ideal For America free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Foreign Policy Of Selfinterest A Moral Ideal For America free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The Foreign Policy Of Selfinterest A Moral Ideal For America free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading The Foreign Policy Of Selfinterest A Moral Ideal For America. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The Foreign Policy Of Selfinterest A Moral Ideal For America any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The Foreign Policy Of Selfinterest A Moral Ideal For America Books

1. Where can I buy The Foreign Policy Of Selfinterest A Moral Ideal For America books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
