The Fruit Of Lips Pittsburgh Theological Monograph Series:

The Fruit of Lips Eugen Rosenstock-Huessy, 1978-01-01 Rosenstock grew up in a Europe alive with the quest for the historical Jesus as exemplified in Albert Schweitzer's own life on the one hand and the demolition of the historical Jesus by Ernest Renan. Both men represented the triumph of Gnosis: the mind as the creator of real fact, the triumph of re-creating history as it might have been, and believing that it was that way. The nineteenth-century preoccupation with biography cut Jesus off from his past; for biography ends with the death of the individual. Christian tradition had always been concerned with thanatography. The empty tomb and the events which followed seal antiquity for as the Word became flesh, Jesus became the center in the history of Speech. Thus we must make the fruit of biographical Christianity of the last century into a seed for our understanding of Speech. Indeed, the passionate message of *Fruit of Lips* exemplifies as it does Rosenstock's Speech Philosophy: it is permeated by the Logos. Our author sees in human language divinely given and its grammatical categories a primordial fundament to all subsequent philosophical and scientific efforts to categorize reality. The moods of grammar he correlates with the interlocking modes of the Four Gospels. Together they embody the grammar of the cross; the four cannot be separated from one another. *Liberation Theology and the Message of Salvation* Eugen Rosenstock-Huessy, 1978

Pittsburgh Theological Monograph Series General Editor Dikran Y. Hadidian **Uncommon Friendships** William Young, 2010-01-01 *Uncommon Friendship* explores the often overlooked dynamic of interreligious friendships, considering their significance for how we think about contemporary religious thought. By exploring the dynamics of three relationships between important religious thinkers—Franz Rosenzweig and Eugen Rosenstock-Huessy, Emmanuel Levinas and Maurice Blanchot, and Julia Kristeva and Catherine Clement—this study demonstrates the ways such friendships enable innovation and transformation within religious traditions. For each pair of thinkers, the sustained engagement and disagreement between them becomes central to their religious and philosophical development, helping them to respond effectively and creatively to issues and problems facing their communities and societies. Through a rereading of their work, Young shows how such friendships can help us rethink religion, aesthetics, education, and politics, as well as friendship itself. An utterly remarkable treatise on the interreligious friendships that joined three pairs of the great thinkers of twentieth-century Europe, I know of nothing quite like this. It is rigorous scholarship that has the sharp edge of cultural criticism and yet the inspiring effect of a philosophic and spiritual poem. Its lesson is indeed uncommon: that critical reason is strengthened by love; that love is deepened by undomesticated difference; and that in a quiet way the name of God may have a lot to do with all of the above. Peter Ochs, Edgar Bronfman, Professor of Modern Judaic Studies, University of Virginia. An elegantly written and intellectually engaging study. William Young's *Uncommon Friendships* offers a refreshing portrayal of the praxis of friendship and its ability to operate as a key element in the development of ideas generally and in efforts towards interreligious dialogue in particular. Young's lucid descriptions of the long-term intellectual engagements between Rosenstock, Rosenzweig, Levinas, Blanchot,

Kristeva Clement highlight the embodied creative and often unsettling affects of friendship upon the evolution of an intellectual work Young s book deepens our understanding of the social character of knowledge and challenges readers to consider the value of a praxis of friendship as a check upon solipsism and the drive for truth and as a tool for cultivating patient listening and an openness regarding the contingency of our beliefs Randi Rashkover George Mason University
