Ainsley Baldwin, John O'Flynn, 2008-07-04 The history of Gaelic games in Canada before the founding of the Gaelic Athletic Association in Ireland in 1884 and in the years since proves a determination by Irish immigrants who have arrived in numerous provinces of Canada Through their dedication the flag of Irish sports has flown strong and will continue to fly in the years to come The sporting traditions include the oldest European field game of hurling a masterful art and the fastest game in the world in which players use an ash wood stick and a hard ball Many argue with some conviction and no small amount of fact to support their case that Canada's national sport ice hockey has its origins in hurling The word puck is derived from the Irish word poc which is the action of striking the ball with a hurley In 1845 the civic fathers of Quebec City banned the playing of hurling in their narrow streets while in St John's Newfoundland hurling was being played as early as 1788 at the Barrens of the city The ladies version of hurling Camogie has had its presence on occasion in some Canadian communities The skilful play of Gaelic Football which has dominated the sporting scene across the country in many Canadian cities continues to be the greatest strength in modern times Along with two other Irish sports of handball and rounders many wonderful memories for the Canadian Irish community are celebrated in this book that captures an exciting facet of Irish culture

the lost opportunities for reform of the 1960s and early 70s Membership of the EU had a diminished impact due to short term and sectionally motivated political thinking and an antiquated government structure Professor Keogh looks at how the despair of the 1950s revisited the country in the 1980s as almost an entire generation felt compelled to emigrate very often as undocumented workers in the United States Professor Keogh also argues that the violence in Northern Ireland from the late 1960s was an Anglo Irish failure which was turned around only when Britain acknowledged the role of the Irish government in its resolution He extends his analysis of the twentieth century to include a wide ranging survey of the most contentious events financial corruption child sexual abuse scandals in the Catholic Church between 1994 and 2005 Twentieth Century Ireland Table of Contents A War without Victors Cumann na nGaedheal and the Conservative Revolution De Valera and Fianna Fáil in Power 1932 1939 In the Time of War Neutral Ireland 1939 1945 Seán MacBride and the Rise of Clann na Poblachta The Inter Party Government 1948 1951 The Politics of Drift 1951 1959 Seán Lemass and the Rising Tide of the 1960s The Shifting Balance of Power Jack Lynch and Liam Cosgrave 1966 1977 Charles Haughey and the Poverty of Populism Ireland in the New Century **Public Relations, Society and the Generative Power of History** Ian

**Methodology in Sports History** Wray Vamplew, Dave Day, 2018-12-07 The process of converting the past into history involves engagement with a multitude of different sources and methods and sports historians inevitably participate in the same debates over approaches and methodologies as their counterparts in other historical disciplines At its heart history remains a genre of empirical knowledge that is based upon the remains of the past and without suitable evidence there can be no sports history A burgeoning range of sources has stimulated new ways of thinking and a significant expansion in the sports historian's evidentiary base as textual sources have been supplemented by photos films and cartoons uniforms architecture maps and landscapes and material culture more generally This book deals with some of these innovations It is divided into two sections the first offering chapter length studies of particular methodologies and the second brief responses from experts in their fields to the question what can sports historians learn from other disciplines
