The Inky Digit of Defiance Tony Harrison,2017-05-02 In this richly varied selection of Tony Harrison s provocative prose of the last fifty years the great poet of page stage and screen presents a lifetime s thinking about art and politics creativity and mortality In so doing he takes us on an extraordinary journey through languages and across continents and millennia from his Nigerian Lysistrata to the British Raj of his version of Racine s Ph dre to post Communist Europe for the film Prometheus to a one off performance of The Kaisers of Carnuntum at the Roman amphitheatre in Austria on the Danube to the peace camp at Greenham Common and from a Leeds street bonfire celebrating the defeat of Japan by the new atomic bomb to wines made from the vines on volcanoes A collection of work filled with passion and humour that educates as it dazzles More than Yeats Eliot or Auden more than anyone writing in English this century and perhaps the two before that as well Harrison has demonstrated that verse drama remains a living artistic possibility Observer *Subject Index of the Modern Works Added to the British Museum Library* British Museum.
