*Christianity and Rabbinic Judaism* Jonas E. Alexis,2011-12 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus s deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable

work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis     Neil Simon on Screen Peter Shelley,2015-02-19 Neil Simon is the most successful American playwright on Broadway and the winner of many awards including the Pulitzer Prize for Drama the Mark Twain Prize for Humor and a Kennedy Center Honor for Lifetime Achievement Many of his plays have been adapted into films and made for television movies and he has written original screenplays and television specials This book provides a catalogue of Simon s screen work with cast and crew information synopses release dates reviews awards and DVD availability Notes on each film cover his narrative subjects and themes as well as adaptation direction and performance     *The Film Researcher's Handbook* Jenny Morgan,2003-09-02 The Film Researcher s Handbook is a comprehensive reference guide to international film and video libraries archives and collections The Handbook will enable researchers to select footage sources by subject and location in North and South American Asia Australasia and Africa Features of the Handbook include A guide to the perils and pitfalls of footage research Information on fees rights copyright legislation and contracts A glossary of key terms in film research Over 200 sources listed alphabetically both by country and by subject Each entry gives details of opening hours contact information subjects and format of material held and research procedure     Writing, Directing, and Producing Documentary Films and Videos, Fourth Edition Alan Rosenthal,2007-06-26 Publisher description     **Multicultural Perspectives in Music Education** William M.
