Richard English

The Gun In Politics An Analysis Of Irish Political Conflict 19161986:

The Gun in Politics J. Bowyer Bell, 2017-07-12 Irish history sounds a long litany of grievance and vengeance lost battles escaped earls and institutionalized injustice The gun certainly in this century has played a prominent part In *The Gun in Politics* J Bowyer Bell presents the story of one Ireland the Ireland of the Troubles and about an approach to understanding political violence In particular he examines the Irish Republic Army the longest enduring unsuccessful revolutionary organization He describes the covert world of gunmen and the great game they play in the street His is a lively telling account of sophisticated weapons transfer of the impact of civil war on society and of appropriate democratic responses to terrorism Bell's association with active Republicans his endless tea seminars at the United Irishman drinks at Hennessy's and constant conversation throughout Ireland on political matters over a period of twenty years has provided the author with unique background for this guide to a fascinating though brutal undercurrent of Irish history *A New History of Ireland Volume VII* J. R. Hill, Theodore William Moody, Francis X. Martin, Francis John Byrne, 2010-08-26 Volume VII covers a period of major significance in Ireland's history the division of Ireland and the eventual establishment of the Irish Republic

Militant Nationalism Cynthia L. Irvin, A comparative analysis of two militant nationalist groups Why do some militant nationalists turn to electoral politics while others resist and even seek to destroy that arena Cynthia L Irvin examines two cases of electoral interventions by nationalist organizations engaged in violent political competition in Northern Ireland and in the Basque provinces of Spain Based on her findings she offers insights into the circumstances that lead such groups to abandon violence in favor of institutional political struggle Using fieldwork done in Northern Ireland and the Basque Country Irvin develops a model linking the internal dynamics of Sinn Fein and Herri Batasuna the electoral arm of the militant Basque separatists to changes in their external environments In this unusual comparative analysis she draws on interviews with more than 100 Sinn Fein and Herri Batasuna activists and on a unique survey of 140 Herri Batasuna activists This approach moves Irvin's work beyond previous analyses which have relied on either descriptive and historical accounts or formal models of insurgent violence This detailed account has broad implications for the study of social movements and ethnic identity providing a valuable new perspective into the strategic interactions and often conflict ridden relationship between social movements and political parties ISBN 0 8166 3114 X Cloth 00 00 49 95xx ISBN 0 8166 3115 8 Paper 00 00 19 95x 304 Pages 26 Tables 5 7 8 x 9 May Social Movements Protest and Contention Series volume 9 Translation inquiries University of Minnesota Press *The Political Lives of James K. McGuire* Daniel Schultz, 2019-08-07 James K McGuire is often overlooked as a key figure of Irish nationalist politics yet the issue defined his life for over three decades As the title implies he had multiple careers each overlapping the others **Governments-in-Exile in Contemporary World Politics** Yossi Shain, 2024-11-01 Exiled governments play a crucial role in long standing national conflicts around the world They have an enormous impact on transnational politics and the world order First published in 1991 *Governments in Exile in*

Contemporary World Politics examines the odd but pivotal place that governments in exile have in international politics. In a variety of case studies and theoretical essays by eminent scholars, this volume deals with many volatile and news-making national situations in Palestine, Afghanistan, Iran, southwest Africa, Cambodia, Armenia, Ireland, among others, that span a range of geopolitical regions. It addresses diverse issues that are central to political science, such as the limits of sovereignty, the role of host states, the elusive nature of representation in the absence of effective control over a home territory, international legitimation and recognition, governments in exile as political tools in the hands of their foreign patrons, and the actual and symbolic importance of governments in exile in the preservation of diasporic nations and cultures. The book fills a unique place in the literature on international politics by covering and comparing a truly international range of cases of governments in exile.

Armed Struggle Richard English, 2008-09-04. A timely work of major historical importance examining the whole spectrum of events from the 1916 Easter Rising to the current and ongoing peace process, fully updated with a new afterword for the paperback edition. An essential book, closely reasoned, formidably intelligent, and utterly compelling, required reading across the political spectrum. Important and riveting. Roy Foster, *The Times*. An outstanding new book on the IRA, a calm, rational, but in the end devastating deconstruction of the IRA. Henry McDonald, *Observer*. Superb, the first full history of the IRA and the best overall account of the organization. English writes to the highest scholarly standards. Moreover, he writes with the common reader in mind; he has crafted a fine balance of detail and analysis, and his prose is clear, fresh, and jargon-free. Sets a new standard for debate on republicanism. Peter Hart, *Irish Times*. The one book I recommend for anyone trying to understand the craziness and complexity of the Northern Ireland tragedy. Frank McCourt, author of *Angela's Ashes*.

The I.R.A. at War 1916-1923 Peter Hart, 2003-11-20. Between 1916 and 1923, Ireland experienced rebellion and mass mobilization, guerrilla and civil war, partition and ethnic conflict, and the transfer of power from British to Irish governments. The essays in *The I.R.A. at War* propose a new history of this Irish revolution, one that encompasses the whole of the island as well as Britain, all of the violence and its consequences, and the entire period from the Easter Rising to the end of the Civil War. When did the revolution start and when did it end? Why was it so violent, and why were some areas so much worse than others? Why did the I.R.A. mount a terror campaign in England and Scotland but refuse to assassinate British politicians? Where did it get its guns? Was it democratic? What kind of people became guerrillas? What kind of people did they kill? Were Protestants ethnically cleansed from southern Ireland? Did a pogrom take place against Belfast Catholics? These and other questions are addressed using extensive new data on those involved and their actions, including the first complete figures for victims of the revolution. These events have never been numbered among the world's great revolutions, but in fact Irish republicans were global pioneers. Long before Mao or Tito, Sinn Féin and the Irish Republican Army were the first to use a popular political front to build a parallel underground state, coupled with sophisticated guerrilla and international propaganda and fund-raising campaigns. Ireland's is also perhaps the best documented revolution in modern history, so that

almost any question can be answered from who joined the I R A to who ordered the assassination of Sir Henry Wilson The intimacy and precision with which we are able to reconstruct and analyse what happened make this a key site for understanding not just Irish but world history *Out of the Ashes* Robert White,2017-04-25 *Out of the Ashes* is the definitive history of the Provisional Irish Republican movement from its formation at the outset of the modern Troubles up to and after its official disarmament in 2005 Robert White a prolific observer of IRA and Sinn F in activities has amassed an incomparable body of interview material from leading members over a thirty year period In this defining study the interviewees provide extraordinary insights into the complex motivations that provoked their support for armed struggle their eventual reform and the mind set of today s dissidents who refuse to lay down their arms Those interviewed stem from every stage of the Provisionals history from founding figures such as Se n Mac Stiof in Ruair Br daigh and Joe Cahill to the new generation that replaced them Martin McGuinness Danny Morrison and Brendan Hughes among others *Out of the Ashes* is a pioneering history that breaks new ground in defining how the Provisionals operated caused worldwide condemnation and were transformed by constitutional politics From the 'Troubles' to Trumpism Stephen Watt,2024-09-10 In Shakespeare Our Contemporary 1964 Polish critic Jan Kott defines one purpose of scholarship in the humanities that summarises the chief aim of this project The writing of history and above all literary criticism can and must always be understood as an attempt to find in the past aspects of human experience that can shed light on the meaning of our own times That is precisely what *From the Troubles to Trumpism* Ireland and America 1960 2023 attempts to do Aided by the insights of Irish and Northern Irish playwrights poets and novelists this book uses America s historical relationship with Ireland and Northern Ireland as a means of understanding the rise of Trumpism and assessing its potential to incite a new American Troubles Three related aims are to demonstrate the interdependence of Ireland and the United States since the Famine in Ireland and the American Civil War in the nineteenth century to delineate the political and economic obstacles in the latter decades of the last century that prevented this relationship from evolving into a more consequential partnership and to identify the underappreciated leaders who played crucial roles in both the brokering of the Good Friday Agreement and the inception of a revised foreign policy

Richard Devane SJ Martin Walsh,2019-07-17 A controversial figure in his time and perhaps even more so today Richard Devane SJ 1876 1951 was a thorn in the side of the governments of W T Cosgrave and Eamon de Valera He is remembered equally as a defender of the conscience of the new Irish republic and as a sometimes over zealous gatekeeper of Irish culture and morals In *Richard Devane SJ Social Commentator and Advocate* Martin Walsh takes on the task of placing Devane in context not only the context of his time that of the birth of the Irish Republic but of our time a time of widespread change in Irish culture that can make the Ireland of Devane s day look like another island For better or worse Walsh argues Devane s fierce commitment to nurturing a new Ireland made him a major force in creating the country we know today If we want to understand the Ireland that passed referenda on gay marriage and abortion in 2015 and 2018 respectively we need to

understand and not forget or dismiss the world the Irish people were responding to Devane's world and Devane's Ireland An advocate of censorship a committed anti communist founder of the Irish Film Institute and sparring partner of Brian O Nolan Flann O'Brien Myles na gCopaleen in Richard Devane SJ Social Commentator and Advocate Martin Walsh brings this controversial figure to life ensuring he will be the subject of discussion in Irish circles for years to come Waves of Global Terrorism David C. Rapoport, 2022-05-31 Terrorism is a persistent form of political violence but it appears intermittently afflicting certain places in certain eras while others remain unscathed Since the late nineteenth century it has risen and fallen in recurrent generation long spasms in which hundreds of short lived groups wreak havoc Why have past outbreaks of terror tended to come in waves and how does this pattern shed light on future threats David C Rapoport a preeminent scholar of political violence identifies and analyzes four distinct waves of global terrorism He examines the dynamics of each wave contrasting their tactics targets and goals and placing them in the context of the much longer history of terrorism Global terror emerged in the 1880s after technological changes transformed communication and transportation and dynamite enabled individuals or small groups to carry out bombings Emanating from Russia a first wave of anarchists assassinated prominent figures in what they called propaganda of the deed This was followed by a second wave of anticolonial terrorism that arose in the British Empire in the 1920s Beginning in the 1960s a third wave of New Left movements took hostages and hijacked airplanes Most recently religious movements mostly but not entirely in the Islamic world have constituted a fourth wave pioneering self martyrdom or suicide bombing Rapoport also considers whether a fifth wave of anti immigrant or white supremacist terror is emerging today Recasting the complex history of modern political violence Waves of Global Terrorism makes a major contribution to our understanding of the roots of contemporary terrorism

Argentina's Lost Patrol María José Moyano, 1995-01-01 An excellent analysis of Argentine guerrilla movements in the 1960s 70s based on a wide range of printed sources and extensive interviews with members of the groups Rather than describing all the activities of the various groups this study attempts to explain the rationale for their behavior Handbook of Latin American Studies v 58 Queering Conflict Marian Duggan, 2016-05-23 Queering Conflict offers a unique culturally specific analysis into the ways in which homophobia in Northern Ireland has been informed and sustained during the latter half of the twentieth century This book takes the failure of the British Government to extend the 1967 Sexual Offences Act to Northern Ireland as its central point to demonstrate the subtle but important differences governing attitudes towards homosexuality in Northern Ireland Both homophobia and hate crimes are shown to be situated within the framework of Northern Ireland's socio political history as well as part of an overall culture of violence which existed as a result of the Troubles Duggan shows how the influence of moral and religious conservatism born out of sectarian divisions led to homophobia becoming an integral part of community cohesion and identity formation Decades of political instability led to the marginalization of rights for lesbians and gay men but the peace process has led to the development of a discourse of

equality which is slowly allowing sexual minorities to situate themselves within the new Northern Ireland *Ernie O'Malley : IRA Intellectual* Richard English, 1998-03-26 Ernie O Malley 1897 1957 was one of the most talented and colourful of modern Irish republicans An important IRA leader in the 1916 1923 Irish Revolution this bookish gunman subsequently became a distinguished intellectual and the author of two classic autobiographical accounts of the revolutionary period *On Another Man's Wound* and *The Singing Flame* His post revolutionary life took on a bohemian flavour Travelling extensively in Europe and America he mixed with a wide range of artistic and literary figures and devoted himself to a variety of writing projects In his IRA career he mixed with revolutionaries such as Michael Collins and Eamon de Valera in his post IRA years his friends included Samuel Beckett Louis MacNeice John Wayne and John Ford This important new thematic biography draws on previously unseen archival sources and introduces O Malley to both scholarly and general readers O Malley's post revolutionary life was as turbulent as his IRA years and illuminates many persistent themes of Irish history ranging from the origins and culture of militant republicanism and the complexities of Anglo Irish relations to the development of intellectual and artistic life in twentieth century Ireland This exciting new biography will be essential reading for anyone seeking to understand the background to modern Irish politics and the past and present role of the IRA *Making Sense of Proxy Wars*

Michael A. Innes, 2012-05-01 Public debate over surrogate forces and proxy warfare has been largely dormant since the end of the Cold War The conventional wisdom has been that with the end of the U S Soviet rivalry state sources of support for proxy guerrilla insurgent and terrorist organizations dried up forcing them to look to criminal activity to survive and precipitating the growth of dangerously independent and well resourced militants mercenaries and warlords But in the few years since 2001 a wide range of issues raised to prominence by wars in Iraq Afghanistan and elsewhere suggest that armed proxies and the forces that drive and shape their use are part of a larger dynamic From the legacies of the wars in the Balkans Afghanistan and Kashmir to the growth of privatized security and military companies and to increased reliance on intermediaries of all kinds these surrogate forces bear further study *Making Sense of Proxy Wars* is the first book to seriously challenge Cold War assumptions about terrorism and proxy warfare offering an alternative view of armed surrogates whether they are private armies indigenous militias or unwilling victims as complex selfinterested actors on the international stage

Lebanon Adrift Samir Khalaf, 2012-05-28 Lebanon today is at a fateful crossroads in its eventful socio cultural and political history Imperiled by unsettling transformations from postwar reconstruction and rehabilitation to the forces of postmodernity and globalism it remains adrift In this landmark study Samir Khalaf explores how ordinary citizens burdened by the consequences of an ugly and unfinished war persisting regional rivalries mounting economic deprivation and diminishing prospects for well being find meaning and coherence in a society that has not only lost its moorings and direction but also its sense of control Khalaf argues that a mood of lethargy and indifference prevails with a growing tendency for the Lebanese to seek refuge in religiosity communalism and cloistered spatial identities or temporary relief in the allure of mass

consumerism Special Sorrows Matthew Frye Jacobson, 2002-05-21 *Special Sorrows* carefully delineates the centrality of Jewish Polish and Irish supporters in the United States to national liberation movements abroad and details how such movements shaped immigrant life in the United States **Aptitude for Destruction, Volume 2** Brian A. Jackson, John C. Baker, Peter Chalk, Kim Cragin, John V. Parachini, 2005-05-05 Better ways are needed to understand how terrorist groups increase their effectiveness and become more dangerous Learning is the link between what a group wants to do and its ability to actually do it therefore a better understanding of group learning might contribute to the design of better measures for combating terrorism This study analyzes current understanding of group learning and the factors that influence it It presents detailed case studies of learning in five terrorist organizations and develops a methodology for ascertaining what and why groups have learned providing insights into their learning processes **Performing Memory** Luisa Passerini, Dieter Reinisch, 2023-06-09 Through a post 1968 perspective on the past 50 years *Performing Memory* brings together case studies on new developments in the relationship between politics and visual representation including the histories of dance theatre political performance and cinema and investigates how they relate to the interlinked concepts of visuality corporeality and mobility Using a collective transdisciplinary attitude from within historical disciplines and looking across to artistic fields this volume demonstrates that memory is not merely a recollection of experience but an interactive process in which the body mobile and constrained is both a point of departure and reference **Armed Political Organizations** Benedetta Berti, 2013-08-01 How do armed groups operate simultaneously as violent actors with bullets and political candidates with ballots Many armed political movements such as Hezbollah Hamas and the Irish Republican Army IRA have their roots in insurrection and rebellion In *Armed Political Organizations* Benedetta Berti seeks to understand when and why violent actors in a political organization choose to vote rather than bomb their way to legitimacy Berti argues that the classic theory of the democratization process which sees violence and elections at opposite ends of the political spectrum is too simplistic and wholly inadequate for understanding the negotiation and disarmament work that is necessary for peaceful resolution of armed conflicts and movement toward electoral options In this comparative study she develops an alternative cyclical model that clarifies why armed groups create a political wing and compete in elections and how this organizational choice impacts subsequent decisions to relinquish armed struggle In her conclusion Berti draws out what the implications are for a government's ability to engage armed political groups to improve the chances of political integration Berti's innovative framework and careful choice of case studies presented in a jargon free accessible style will make this book attractive to not only scholars and students of democratization processes but also policymakers interested in conflict resolution and peacekeeping efforts

Reviewing **The Gun In Politics An Analysis Of Irish Political Conflict 19161986**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
