Habits of the Heart, With a New Preface

Robert N. Bellah, Richard Madsen, William M. Sullivan, Ann Swidler, Steven M. Tipton, 2007-09-17. First published in 1985. *Habits of the Heart* continues to be one of the most discussed interpretations of modern American society: a quest for a democratic community that draws on our diverse civic and religious traditions. In a new preface, the authors relate the arguments of the book both to the current realities of American society and to the growing debate about the country's future. With this new edition, one of the most influential books of recent times takes on a new immediacy.

The Calling of Joy!

Bruce Davis, 2006-02. *The Calling of Joy* is a calling to find the part of us that is more than what we do, how much we have, and what we think. It is a calling to our inner river, our passion, our well of being, our truth. Joy does not come by accident or coincidence. It does not come from hard work or simply good luck. Joy is remembering, trusting, being, rediscovering our inner resources. Joy is creativity, tears, and laughter. Joy is our guide through life's many choices. We can feel joy in our body. Joy is slowing down from the fearful energy of the daily world to life's beauty, innocence, the ocean of peace in this moment. It is joy that heals the separation from our mind and heart. And it is joy that heals the separation from our heart and our soul. Each of us is called to listen and honor our hearts, to nourish ourselves deeply, and unfold our true self into the world. Joy found in the midst of great difficulty is joy found forever. We have choices everyday to wrestle with the current plot of our lives or find the possible joy. There are many golden, silent moments each day which can be real food for a busy mind and hurting heart. Are we open to the moments of pure life that feed us, no matter how easy or difficult, light or challenging, our lives maybe.

The Anatomy of a Calling Lissa Rankin, 2015-12-29. In *The Anatomy of a Calling*, Lissa Rankin MD makes a simple yet revolutionary claim: We are all every single one of us heroes. We are all on what Joseph Campbell calls a hero's journey; we are all on a mission to step into our true nature and fulfill the assignment our souls were sent to Earth to fulfill. Navigating the hero's journey, Dr. Rankin argues, is one of the cornerstones of living a meaningful, authentic, healthy life. In clear, engaging prose, Dr. Rankin describes her entire spiritual journey for the first time, beginning with what she calls her perfect storm of events and recounts the many transformative experiences that led to a profound awakening of her soul. Through her father's death, her daughter's birth, career victories and failures, and an ongoing struggle to identify as both a doctor and a healer, Dr. Rankin discovers a powerful self-awareness. As she shares her story, she encourages you to find out where you are on your own journey and offers wisdom and inspiration in the form of Hero's Guideposts along the way. Dr. Rankin weaves in lessons

on trusting intuition surrendering to love and learning to see adversity as an opportunity for soul growth Much more than a memoir *The Anatomy of a Calling* guides you to make a powerful shift in consciousness and reach your highest destiny
