Teaching Black Boys in the Elementary Grades Alfred W. Tatum,2021 This book will help educators rethink their expectations of and practices for developing the literacy skills of Black boys in the elementary school classroom Tatum shows educators how to bring students literacy development into greater focus by creating an early intellectual infrastructure of advanced literacy knowledge and personal development He provides a strong conceptual frame with associated instructional and curricular practices designed to move Black boys from across the economic spectrum toward advanced literacy that aligns with the Black intellectual tradition Readers will learn how to use texts from a broad range of potential professions across academic disciplines to nurture social and scientific consciousness The text includes guidance for selecting texts reading supports prompts for analysis and examples of student work Teaching Black Boys in the Elementary Grades counters the current obsession with basic and proficient reading and argues for adopting an exponential growth model of literacy development Book Features A multidimensional model that supports reading and writing development Student writing artifacts that can be used as a model for teachers Sample lessons with texts for use across the academic disciplines A strong conceptual and curricular frame to support educators in their text selection

Inclusive Special Education Garry Hornby,2014-08-20 Much has been written about special education and about inclusive education but there have been few attempts to pull these two concepts and approaches together This book does just that sets special education within the context of inclusive education It posits that to include effectively all children with special educational needs in schools requires an integration of both concepts approaches and techniques It has never

been more timely to publish a book that helps professionals who work with schools such as psychologists special education professionals and counselors to identify effective practices for children with special needs and provide guidelines for implementing these in inclusive schools Resiliency Reconsidered Donna M. Davis, 2007-10-01 The goal of this book is to generate discussion not only about how we can create meaningful educational experiences for all learners but to challenge systems that necessitate a resilient nature Ultimately the authors promote the need for a foundation of socially just policies and practices in all educational settings and respond to the question How does a paradigm of resiliency translate into institutional change that benefits everyone *Forthcoming Books* Rose Arny, 1998-04 **Current Trends and Legal**
