The Hermit Of Sixty Ninth Street The Working Papers Of Norbert Kosky:

The Hermit of 69th Street Jerzy Kosinski, 1988 Explores the life of Norbert Kosky a fifty five year old Holocaust survivor immigrant to America and successful but tortured writer in search of spiritual order and freedom

The Holocaust in Central European Literatures and Cultures Reinhard Ibler, 2016-10-11 Relating the Holocaust to poetic and aesthetic phenomena has often been considered taboo as only authentic testimony documents or at least unliterary prosaic approaches were seen as appropriate However from the very beginning of Holocaust literature and culture there were tendencies towards literarization poetization and ornamentalization Nowadays aesthetic approaches also in provocative taboo breaking ways are more and more frequently encountered and seen as important ways to evoke the attention required to keep the cataclysm alive in popular memory The essays in this volume use examples predominantly from Polish Czech and German Holocaust literature and culture to discuss this controversial subject Topics include the poetry of concentration camp detainees lyrical poetry about the Holocaust poetic tendencies in narrative literature and drama ornamental prose about the Holocaust and the devices and functions of aestheticization in Holocaust literature and culture

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this

Being There in the Age of Trump Barbara Tapa Lupack, 2020-08-20 Jerzy Kosinski s *Being There* published in 1970 and adapted to film in 1979 was prescient in its vision of a simple man without discernible talent or political experience whose knowledge of the world comes almost exclusively from television Yet his very shallowness establishes him as a TV celebrity and propels him to the pinnacle of American government Both an incisive satire and a clarion call to resist the collectivizing force of the media that influences American life and shapes distorts and ultimately corrupts politics and culture *Being There* offered a trenchant comment on the nature of being in the modern world of power And it critiqued the tendency of Americans to seek mindless distraction rather than engagement and to find profundity in banal slogans and slick visuals Issued a half century ago Kosinski s warning not to let hollow imagery trump our good sense and become our new reality is even more urgent today The first book length examination of Kosinski in more than a decade *Being There in the Age of Trump* goes beyond conventional literary and film analysis to a larger interdisciplinary and cultural study of a work still timely and popular
