Bache,2024-12-01 A pioneering work in teaching and transpersonal psychology The Living Classroom explores the dynamics of collective consciousness in the classroom In this second edition Bache has in his own words come out of the psychedelic closet speaking candidly about the role that psychedelics played in the development of his integral holistic pedagogy Combining scientific research with personal accounts collected over thirty years Bache examines the subtle influences that radiate invisibly around teachers as they work unintended cognitive resonances that spring up between teachers and students in the classroom While these kinds of synchronistic connections are often overlooked by traditional academics Bache demonstrates that they occur too frequently and are too pointed to be dismissed as mere coincidence Drawing upon Rupert Sheldrake s theory of morphic fields Bache proposes that well taught courses generate learning fields around them forms of collective consciousness that can trigger new insights and startling personal transformations Moving beyond theory this book is rich with student stories and offers practical hands on strategies for teachers who want to begin working with these learning fields to take their teaching to a more conscious level *The Best Women's Monologues from New Plays*, 2020 Lawrence Harbison,2021-05-01 Renowned editor Lawrence Harbison brings together approximately one hundred never before published women s monologues for actors to use for auditions and in class all from recently produced plays The selections include monologues from plays by both well known playwrights such as Don Nigro Saviana Stanescu and Len Jenkin and future stars such as Lia Romeo Steven Hayet Lori Fischer Will Arbery and Carey Crim There are terrific comic and dramatic pieces and all represent the best of contemporary playwriting This collection is an invaluable resource for aspiring actors hoping to ace their auditions and impress directors and teachers with contemporary pieces *Microwave Cooking* Roper,1984 *Bridges of Faith* Monique Spalding,2005-02 Deaconess Monique L Spalding spiritual daughter and disciple of Dr Cho makes her literary d but with Bridges of Faith The long awaited testimonial is filled with Gods signs and wonders **Household Horror** Marc Olivier,2020-02-11 A scholar examines 14 everyday objects featured in horror films and how they manifest their power and speak to society s fears Take a tour of the house where a microwave killed a gremlin a typewriter made Jack a dull boy a sewing machine fashioned Carrie s prom dress and houseplants might kill you while you sleep In Household Horror Marc Olivier highlights the wonder fear and terrifying dimension of objects in horror cinema Inspired by object oriented ontology and the nonhuman turn in philosophy Olivier places objects in film on par with humans arguing for example that a sleeper sofa is as much the star of *Sisters* as Margot Kidder that *The Exorcist* is about a possessed bed and that *Rosemary s Baby* is a conflict between herbal shakes and prenatal vitamins Household Horror reinvigorates

horror film criticism by investigating the unfathomable being of objects as seemingly benign as remotes radiators refrigerators and dining tables Olivier questions what Hitchcock's Psycho tells us about shower curtains What can we learn from Freddie Krueger's greatest accomplice the mattress Room by room Olivier considers the dark side of fourteen household objects to demonstrate how the objects in these films manifest their own power and connect with specific cultural fears and concerns Provides a lively and highly original contribution to horror studies As a work on cinema it introduces the reader to films that may be less well known to casual fans and scholars more conspicuously it returns to horror staples gleefully reanimating works that one might otherwise assume had been critically done to death Psycho The Exorcist The Shining Allan Cameron University of Auckland
